## **Submission Specialist** Ada Scott

Instead of Prince Charming, I got Him.

### **Skylar**

I promised I'd save myself for my wedding night.

Of course, I didn't know it was going to be a fake marriage to a heavyweight MMA fighter. I couldn't have known how good it would feel to be pinned under all those muscles and tattoos, squirming, panting, and even whimpering in ecstasy.

None of us knew how deeply he was involved with the mafia.

When he disrespects them, they think they can use me to punish him.

They're wrong.

He's a tank in human form.

And he's coming for me.

### **Austin**

Men tap out inside the ring, women surrender themselves outside of it. That's always been my specialty.

I chose Skylar because she was so innocent. A good girl like her would help sell my reformed image to the public. To corrupt her and leave her ruined for all other men would be my hottest conquest yet.

But I found more in Skylar than that. Who'd have thought that the first woman I wanted to lay more than once would be my wife?

Now they think they can take away what is mine?

Even if I have to kill every last member of the Bertolini Crime Family...

I'm coming for her.

4.5 Stars Hot n Sexy

Again. loved that this was a fast paced read filled with insta-love and insta-love along with some very naughty and delicious explosive sex!!!!

I have come to love this fabulous group, Jace and Kendall and Austin and Skylar!

---

### **Armenia says**

MMA, Mafia, Violent and Brutal 4.5 stars

At 19, Skylar Cross is working harder than ever to make a life for herself. Her Uncle Malcolm got her a job helping him out at No Holds Barred Fighting Championship to escape a hellish life with her abusive father while she trains to become a sports therapist. Only now, her uncle has gone missing, she's hoping no one notices as she continues working at NHBFC. A request for help from a higher level sports team throws her in the path of Austin 'The Killer' Aquila, a rising star in MMA Cage Fighting, and just gazing at Austin's massive muscles has her panties melting. She's all wide-eyed innocence and girl-next-door sweetness, and Austin can't resist the hot challenge of sexually ruining her for other men.

Austin Aquila is one bad, cocky, m@therf\*cker. An exceptionally skilled fighter whose specialty is submission in the ring, he expects a shot at the title. Only, the organization's new Character Development team in the Media Relations division wants him to do a heel-face turn. That is, turn his character from raw and aggressive to Austin 'Mr. Nice Guy' Aquila with all the traits of a gentleman. All this media hype also includes him getting married. With Skylar's good girl image, Austin wants her to help boost his character build-up. Skylar never thought to find husband material in Austin, but he shows her every bit of possession and commitment. And he's one foul-mouthed, dirty talker that spews all sorts of filthy, sexy promises to Skylar's inner bad girl. That was way hot! There's plenty of smokin' sex and it oozes right off the pages. Austin's had a bad time growing up and he shares this secret with Skylar. We'll find later towards the end what kind of connection he has with Jace Barlow, the hero in the first book, Still A Bad Boy.

There's ton of mafia badness in this story that gives it a gritty, dark and brutal feel to it. Austin's coach has dealt with the mob and, in turn, has involved Austin in fixing fights. Lots of twists and turns, and my attention was glued from the beginning to end. Beware, lots of F bombs, and raw language, but it's spot on for MMA fighting and mafia stuff. My only complaints was that the ending was abrupt, and a certain 19 year old's age was mentioned 4 times in the story, her hoochah was referred to as "teen petal". Okay, I cringed at that. Ms. Abbot, though, did a fantastic job blending well-developed characters, sex, and story with a fluid writing style. But hopefully we find her future heroines a bit older, outside an age group that ends in -teen. Just saying, because you know, it's erotic romance, not YA. Thank goodness for the bonus short story, it helped to calm my inner romantic girly on how Skylar and Austin, Jace and Natalie become a family. Good job, Ms. Scott.

### **Jenny Whetzel says**

Wow! This book is sssssssmoking hot! If you are looking for a naughty book, check this one out. This version also came with the first one in the series so I read that first and I am glad I did. This one has a tie in to the first one, although I suppose it's not completely necessary. But trust me, you will want to! :)

I have not read anything by this author before but obviously I will be reading more in the future! What I really love about this series (besides the steamy parts) is that there is a touch of organized crime. I have not read many romance/erotic books with that element. Unless there are some but I just haven't gotten to them yet.

These books are an easy and fast read that you may have difficulties putting down! I am eagerly awaiting for the next in the series to come out!

---

### **Ivy H says**

This book was just HOT. It was just as good as the first in the series. It was very intense at times but was short and enjoyable. I loved seeing the hero and heroine from the first book make a cameo appearance. There's no great story line here. It's just a light, smutty read with no cheating. It's just HOT and yes, I think I rated it high because the sex scenes were so amazing and the H was just so skilled. He knew how to use EVERY part of his body to pleasure the heroine and the fact that he was a ripped and muscled bound MMA fighter was just a little extra. If you're looking for realistic and heart warming, keep clicking on other books but if you're in the mood for hot, smutty, sexy and sweet HEA then try this !

---

### **T says**

Strange and abrupt. Took some effort to stick it out past the initial opening chapters. It got better, then it got worse.

---

### **Dawn Myers says**

In my opinion this book is way better than Still a Bad Boy. When introduced to Austin he as much as a jerk as Jace. Yet he redeemed himself pretty early in the book. I did come to like him a little. Ada Scott really knows how to write men that nobody likes and have no respect for women. That is my biggest disappointment with this series. There is a lot of action and suspense that kept me turning the pages. There are a lot of cringe worthy parts in this book. I read this in the book Innocence for Sale Bree on Kindle Unlimited.

---

### **Debbie says**

Loved these books from the second I started reading until the end, can't wait for more, just hope the next one isn't too long to wait, need more from this author ?

....

---

### **Deniz says**

that was SUPER HOT!

---

### **Tina says**

Bad boy MMA fighter with an innocent girl in a arranged marriage? Add the mafia in the mix and there you have it. I liked it but didn't love it.

---

### **Dy says**

Ohmyyy, my...

I love the H and h here. Skylar is so innocent and Austin just, ohh, may i say panties melting?

Ok, I haven't read the first book, and i kinda shock in the part where it almost end.

I don't wanna give any spoiler,

But you all people should read it and the bonus atory is just SO much.

Im gonna read the first book now, hope it will be good

### **April Symes says**

This is the second book in the Still a Bad Boy Series and the main couple in this book is Skylar and Austin.

Austin Aquila is an MMA fighter and boy does he fight hard, brutal, dirty. -He is such a bad boy. In the MMA, he is the ultimate bad boy but the company wants to change him from a "heel" to "Mister Nice Guy". So from violent, brutal, aggressive Austin, to Mr. Nice Guy" Austin with all the traits of a gentleman -oh and have him "get married". Only problem is he needs a good girl to do this with.

Skylar Cross is working hard to make a life for herself -she works at No Holds Barred Fighting Championship which she would never have gotten the job if it wasnt for her uncle. She is training to become a sports therapist. All this wouldnt be possible if it wasnt for her Uncle Malcolm. Skylar had to get away from her father and the abuse that he did to her. Now she is making something of herself in this MMA sports organization. Suddenly her uncle has gone missing and Skylar is not sure what to do or who can help her. Suddenly in the organization sends her to Austin Aquila and OMG, Skylar is automatically drawn to him and feels this chemistry for him.

Skylar and Austin immediately start this dance- they are drawn to each other. Austin sees that Sklar can be this woman he needs to play the role he needs --Skylar's the good girl and for Austin, he wants to dirty her up but he has to play it like Mr Nice Guy. Austin has such a dirty mouth and he does so many yummy things and Skylar is falling deeper and deeper in love. --As the story plays out, we find out there is Mafia ties which taints the story and gives it a not so happy glow at times and leves this dark feel but that how this is supposed to be--As the reader, I am begging AUSTIN to choose right over wrong- chose Skylar and a happy life, not the bad way he was going. --there are several twists and turns and the ending is fantastic. I loved Austin and Skylar as a couple. We even get to see previous couple from book 1 in book 2 and find out how Austin knows Jake.

My Rating:4.5 stars \*\*\*\*

### **Andrea Dunigan says**

Submission Specialist is the second book in the Still a Bad Boy series. It is a stand-alone book that connects with other books in the series through some shared characters and has an HEA and no cliffhanger. I thoroughly enjoyed reading this book and look forward to reading more from this author in the future. It's not necessary to read the other book in this series first or even at all but I would definitely recommend doing that. I would also recommend this book to fans of bad boy romances, especially ones not easily offended. There is harsh language and violent content in this book. The hero is a very bad boy.

Synopsis:

Skylar is a very innocent girl, as in virgin. She was raised by a very harsh, christian father who abused her. As a result of her upbringing, she has very confused feelings about sex and has sworn to remain chaste until her wedding night. When she meets Austin its all she can do to keep her panties on. She wants him bad. Can she resist this bad boy? Will she keep her promise?

Austin is a bad boy with the reputation to match. His image has become a problem for the league and they have decided to clean up his language, his act and his public persona. There solution...marrying a respectable girl. Austin chooses Skylar. He wants her bad. Her innocence drives him up the wall. He can't wait to ruin her for all other men. Will there two find love despite their differences? Will Austin's mafia ties threaten their future? Will a surprise from Austin's past be the key to his future?

### **Tanja says**

book one was awesome, book two : to die for!! not sure where to start with this one. he's a badass fighter, he's also a womanizer but when shy skylar steps into his room after a fight to massage him all his senses and desires go into overdrive. time is playing against him because everytime he thinks he can make his move on her something comes in between.

then the big bosses have a new plan, one with a whole plotted out scenario. he doesn't like that, not one bit.

but then skylar creeps into his mind and suddenly that plans takes on a whole new meaning. he agrees, on one condition. the pretend bride/wife isn't the girl they're suggesting, he wants skylar for that role! working behind the scene on the lower levers skylar is nervous when she's called up to help out with the big fighters, specially when she's told she's to take care of Austin, one of the best fighters in the ring. just being near him makes her feel all weird but she does her best not to give in. she loves her job too much to break the one rule : staff doesn't mingle with the fighters.

but austin is making it hard (in more ways then one) for her to concentrate on her job.

when a few days later she's called upstairs with the bosses she thinks she's losing her job. what awaits her as her even more surprised. with her job on the line she doesn't see any way out and agrees to the fake wedding to Austin.

what starts out as fake and pretend takes on a real feeling pretty quick. when more dangerous stuff threatens them both things go from bad to worse to lethal!

a thrilling story that had me on the tip of my chair rooting for them! some surprises along the way (good and bad!) it was hard to put down the book until it was finished!

can't for the next bad boy is sent our way!!

### **Kent says**

I received an ARC from the author for my honest review. I thoroughly enjoyed this story. This was an excellent continuation of the Bad Boy series. Again, I thought this story was going to be predictable, but the author skillfully threw in some great twists. I loved the ending!
