## **The Billionaire's Lust** Ava Claire

When Leila Montgomery signed the contract, she had no idea she'd fall head over heels in love with billionaire Jacob Whitmore--or betray his trust three times in a row.

The fear of losing Jacob, of losing everything is making Leila do things that could very well lead to her worst nightmare: ending up alone.

But while Jacob is hurt by her recent actions, he still sees the woman he loves and lusts for and will help her see it too...in and out of the bedroom.

The Billionaire's Lust is part seven of the His Submissive series.

Yaawwn! This story isn't doing it for me! I have to finish it because I always finish what I start, but it's really killing me! The arrival of Jacob's mom at the end of this installment has given me a bit of hope that the story will pick up a bit now.

Ooh Ava you're killing me! OMG when they finally start to get things back in order BAM! We're introduced to his mama who is a real biotch! Ugh she was real nervy during breakfast! I can't wait to see how things will turn out in the end. As for their make up session...Ooohweee that was one mother effin' hot scene! Shit I thought I was running a temperature by the time I got through that part!!! Oh and I was happy to see more of her bff Megan! I was wondering if there was a little something something there with Megan and Cade hmmm!? Looking forward to book 8! =)

Leila Montgomery & Jacob Whitmore. This another part of their BDSM/Romance. I find this story frustrating. It's too intricate to be released in short story version. There are so many layers to all the charaters in this story, that just as you get into the gist of whats going on it ends.

I'm intrigued by the relationship that they have, but find it choppy to the flow. So with this in mind, even though I read each section as it's released because I can't get enough, my vote with this tale is to collect all the parts & read in flowing succession. This I believe is the best way to give this powerful story the justice that it deserves.

This said, I can't get enough of them. Jacob is so alpha male, with such a hard dominance that you can feel the chills jumping from the pages. Leila's struggle with being submissive is quite funny at times. I love that she has come so far & the ripples of joy that leap out at the thought of submitting to Jacob, it's electric.

Very sexy passionate story, with just the right mix of BDSM & romance. The love that they have for each other is clear. I know Leila's mother is anoying, but by god can't wait to find out why his mother is puting her 2 cents worth in. Offering Leila a blank cheque & saying over her dead body to letting Jacob marry her, woah, who the hell does she think she is. Pretty sure they can make their own decissions, you know being adults & all.

Can't wait for the next part to be released, but definitely when this tale is complete, I am reading from start to finish. Like I said, this will do it the justice that this story deserves.

Jacob's mother...deary me!! I can see she's going to need a little convincing!!

I feel a bit annoyed that people are rating this book low because each part is short. That's what a series is, a couple of chapters at a time. The writing is excellent and the way this story is being delivered serves the anticipation!

I purchased the entire series and read it as one book (to read them one by one would have seriously annoyed me). I thoroughly enjoyed the series especially the fact that the BDSM was low-key and there was a story and other characters to it (a lot of the books lately are just soft-core porn). Thank you very much for a very enjoyable book that I couldn't put down until I finished the last page, Ava. You did yourself proud. xxx

I love this series and I am so in love with Jacob and Leila as a couple. This story starts off being sad, I hate how it feels like they are drifting apart. I love her best friend Meg because she made her see how she was handling this Cade thing and made her admit what was going on and how Leila was changing. When her mother visits her at the office I laughed so hard because of how she treated Missy, she did not let Missy pull any crap with her. I was so happy that Leila's mother called her out when she told her mother that maybe she

didn't deserve Jacob, she didn't deserve happiness. Her mother told her that she is always sabotaging herself and that is what she is doing with her relationship with Jacob. I loved the moment when they stop all of this and get back to paying attention to how they feel about each other, when Jacob says, "I know what a Leila-free life is like. I've been there, I've done that and I'll be damned if I go back to living without you." I love how he makes her push her own boundaries, tries to make her see how beautiful she is. I cannot stand Jacobs mother, how she judged Leila all on the word of Rachel Laraby, and what she does when she first meets Leila is awful, and so hurtful. One thing that came from this meeting though is that it appears that there was more to the relationship between Jacob and Rachel then casual sex, so Jacob lied. I just know something awful is going to be revealed in the next book but of course I can't wait to read it even if I do nothing but cry.

This series is simply amazing. I pray Leila and Jacob never end. They could have a tv show! I was a tiny bit impressed with Cade, I truly hope he's just trying to be a friend and maybe him and Meg get together . I was very proud of Leila for sticking it to Jacobs mom. Jacob of course is sexy and amazing as always. Must read series all! Ava, you are simply the best!

Some quotes I loved!<3

"Special people, it's a good idea to hold onto them. And I could be a good friend to you, if you have me the chance."

"That guy isn't getting laid for like, two weeks because he couldn't take his eyes off you."

"And I just have you a synopsis. spoiler alert- It's over."

"What you want, what you need is the only thing that matters to me. You're the only one that matters."

"You're my forever, Leila."

I can't get enough of Jacob hotness and dominance because he becomes more intense by every book. Here Leila must try to fix and identify the problems that she and Jacob have in the relationship before its too late. At the end I shock with the circumstances that ones again will try to keep them apart that I can wait to read the next book. I'm addicted to His Submissive series.

Part 7 of this series.

Warning I highly suggest reading parts 1-6 to get the full effect of the story.

Ok so we start part 7 two weeks after part 6 ends. Plenty of things happen. Jacob grows distant, Leila has a small disagreement with Megan, Leila and Megan go to Cade's premeire, Leila finally gets to have another "full" dominant/sub scene with Jacob. Oh and the kicker is the ending....dun dun dunnnn Cade's Mother shows up at their aparment. Not going to spoil the ending but it was a gasping moment for me.

Part 7 here I come.

## **Debbie - Searching For My Very Own Alpha Male - Terrell says**

The back and forth with Lay and Jacob is just drawing out too long in this series; now with the introduction of his mother - this is only going to make it go longer. They stuff with Cade isn't even complete yet and now they are facing another hurdle to keep them apart. Liked them at the beginning of the series, but slowly tiring of the back and forth on this one.
