The Neanderthal Box Set Penny Reid

Books 1 and 1.5 in the Knitting in the City Series

NEANDERTHAL SEEKS HUMAN

This is a full-length, 110k word novel and is the first book in the Knitting in the City series.

There are three things you need to know about Janie Morris: 1) She is incapable of engaging in a conversation without volunteering TMTI (Too Much Trivial Information), especially when she is unnerved, 2) No one unnerves her more than Quinn Sullivan, and 3) She doesn't know how to knit.

After losing her boyfriend, apartment, and job in the same day, Janie Morris can't help wondering what new torment fate has in store. To her utter mortification, Quinn Sullivan- aka Sir McHotpants- witnesses it all then keeps turning up like a pair of shoes you lust after but can't afford. The last thing she expects is for Quinn- the focus of her slightly, albeit harmless, stalkerish tendencies- to make her an offer she can't refuse.

NEANDERTHAL MARRIES HUMAN

This book is not a standalone. It is the sequel to 'Neanderthal Seeks Human,' it is book #1.5 in the 'Knitting in the City' series, and it is a full length, 105k word novel.

There are three things you should know about Quinn Sullivan: 1) He is madly in love with Janie Morris, 2) He's not above playing dirty to get what (or who) he wants, and 3) He doesn't know how to knit.

After just five months of dating Janie, Quinn—former Wendell and unapologetic autocrat—is ready to propose marriage. In fact, he's more than ready. If it were up to Quinn, he would efficiently propose, marry, and beget Janie with child all in the same day—thereby avoiding the drama and angst that accompanies the four stages of pre-matrimony: engagement, meeting the parents, bachelor/bachelorette party, and overblown, superfluous wedding day traditions. But Janie, much to Quinn's dismay, tosses a wrench in his efficacious endeavors and challenges him to prove his devotion by going through the matrimonial motions, no matter how minute and mundane.

Will Quinn last until the wedding day? Or will he yield to his tyrant impulses?

Regardless, one thing is for certain, Quinn Sullivan will have to learn to expect the Spanish Inquisition (i.e. the unexpected) if he plans to have and keep Janie Morris as his wife.

Danielle says

can't give this a rating yet.. started to read it but it's just not catching my interest right now.. that's not to say that it isn't a good book.. its just not what i'm in the mood for right now.. i'll try it again some other time and go from there

Sylvie says

Great romance for knitting lovers

Love the funny Twisted side of words. Two people that were meant to be together. Friends that are there for each other.

Arwen says

The first book was so much better than the second.

Penny Reid says

Neanderthal Box Set is on BIG DEAL SALE!!! It's down to \$2.99 (from \$9.95) Grab it on Amazon here:

Karen says

Janie and Quinn

This is a delightful 2 book set.

One morning, Janie figures out that her boyfriend cheated on her. She did what she needed to do and broke up with him that morning before work. Her day proceeds to get even worse because she also got fired. The only good thing that happened was getting escorted out of the building by the McHotpants security officer, Quinn. Lucky for her and him, they do run into each other again. Quinn's facial expressions are aloof and Janie is always sharing random trivia facts.

This book was hilarious, romantic, and filled with all kinds of trivial facts. Janie is incredibly smart so she starts spewing information when she gets nervous. I really liked her. I just wish I could retain as much facts

and information that she could.

The book was in Janie's POV with good editing.

I would recommend this set of books to my friends.

Tina Ambury says

Excellent holiday read.

The characters in this book have real lives.

My only disappointment is that this was billed as a knitting book. Bollocks.

But I won't hold that against it...

Heather andrews says

NEANDERTHAL SEEKS HUMAN:

Good grief this book was laugh out loud funny, like I almost pi**ed myself so many times, "tell me about this seamless intercourse." His eyes traveled slowly downward, then, in the same leisurely pace, moved up to mine again." Quinn there's no other way to say this but I love how you try to understand Janie, "the other time? You've been drunk two times?" His frowned eased, and he blinked at me. I noted again that his eyes were very blue, an his chest was very naked." Janie that girl has no filter which made for an interesting storyline:

"I don't know how much good magic sperm would do me without a snake-haired girl to put it in."

Quinn reached for his own water and took a gulp, but he choked when I said, "You could use me!" He abruptly set his drink down, sat back on his heels, and picked up a napkin; his eyes were wide as he coughed. I reached over and patted his back soothingly."

With Janie around Quinn is totally thinking of rearranging his schedule, "I need to come into the office more often." I could hear the playfulness behind his words, but I didn't smile. My palms itched to touch his bare skin, and my heart fluttered in my chest." I can't wait to dive in to the sequel.

NEANDERTHAL MARRIES HUMAN:

Second time around with Quinn and Janie is so much better than the first, Janie is still the same quirky girl that is brutally honest that we know and love, "you haven't made any attempt to take off my clothes. In fact, you haven't even reached under my skirt. Based on historical data, this behavior is strange." The reason why this book is better than the first is we get Quinn's perspective on things, "she was no longer effing adorable. She was now sexy as eff. I gritted my teeth, reached down, and gripped the morning stiffness between my legs, glanced at the ring on her finger..." He's the type of person that doesn't like to be disturbed when he's with his woman, "Quinn removed his mouth from my neck just long enough to issue the command, "go away." The next sound I heard - other than my own frenetic breathing - was Donna's shoes scurrying down the aisle back to the galley." A drunk Janie sure is a out of control Janie, "she whispered in my ear, "I want you to talk dirty to me and call me Kitten so I can scratch your back and eat your...." I do love this series.

FRIENDS WITHOUT BENEFITS:

Nico is really demanding, "you are the doctor I want." He grew adamant, louder, like someone who was used

to getting his way by raising his voice." Nico he has brass balls, "right. Why would you? You've already seen everything up close." Luckily Elizabeth has a good friend, Sandra she puts things in perspective, "no, girl it is like that. It's exactly like that. I thought he was going to grab you by the hair and drag you away caveman style. Instead he man-handled you, just a little, and it was hot. I bet if we go to his table he'll—" Nico after all these years he does care about Elizabeth, "well...from now on consider my privacy your privacy. You can call me anytime, okay? In fact, call me every day." I liked this book and I can't wait for the next one in the series

Janey says

Im part chuffed to bits, part bloody annoyed!!, why?, cause I'm a complete idiot!, I read the first book in this series ages ago, I liked it, but that was it, then I got recommended the rest of the series much later so I read them and totally fell in love, however I missed a book out, Neanderthal marries human, so when this box-set became available I jumped at the chance to re-read and then jump straight into NMH. In my defence it's all Quinn's fault, he's an alpha über rich moody guy and I just couldn't warm to him but in this book I get him now!, his history, his relationship with his parents and his sister, the camaraderie he has with Dan, Dan the security man (love him) was wonderful. funny in parts and a joy to read. But ultimately it's his undying, heart melting gives you the warm and fuzzies love he has for his Janie that was the clincher for me, Quinn your alright..., also I will say Janie friends, Sandra, Elizabeth, Ashley, Kat, Marie and Fiona, or I should say family because that's what they are are a hilarious, big hearted and a totally awesome bunch and are pretty nifty with the knitting needles too. I'm just happy i have gotten the opportunity to read about them and cannot wait to read more in the future. Ms Penny you done good.

Shanda says

This is the book that wouldn't quit. I honestly only kept going because I had it on audio, if I had been reading this I would have put it down sooner. Even though the narrator was a bit annoying audio was better to keep the story flowing.

I get that Janie was supposed to be geeky and quirky but she was beyond that. Janie was a robot and an endless fact machine. At times it was cute but it just kept going, and going, and going, and going. Then the endless "He could never like me" and then when she got past that it was "oh I can't date my boss." Gah it was just too much! The narrator did nothing for Quinn's voice he sounded like he was just as bored as I was or half dead I can't decide. I am glad I never have to hear *smash, smash, smash* again. Just a heads up the book is very PG so if you don't like sex scenes in a book this one is for you.

Now I may at some point pick up book 2 about her friend Elizabeth just because they have different personalities. I will say even though I didn't like this I did laugh several times, but it wasn't enough to make the book outstanding.
