So excellent! A children's book for boys about living a life of Godly integrity and purity.

This book, for preschoolers and early grade schoolers, speaks about temptations and how to stay on safe ground. I like the comparisons between the squire's home training and preparing our own hearts for various troubles, and the comparison between following the scroll for safe passage, and following the Bible. I actually like this book better, written for boys, than the counterpart written for girls, "The Princess and the Kiss." In both books, Jeannie Bishop has done an excellent job explaining things and starting conversations.

We were introduced to this book about 3 years ago. It is great. Highly recommend to get the book that has the cd with it so the kids can play it over and over while looking at the book.

A book for boys by the author of The Princess and the Kiss, this one is set in a kingdom whose treasure is "The Lantern of Purest Light." When the dragon steals the lantern, the king sends his knights one by one to seek it, but they never return. Finally he sends his last and bravest knight, along with a squire to assist him. This squire brings a precious scroll, from which he had been taught by his parents and which they gave him at his departure. The knight had also been taught from a scroll, but he had left its memory in his childhood.

On their quest they meet with temptations and traps, and for each they find a way to escape them -- wool to stop their ears against discouraging voices, and a shield to guard their eyes against the allure of forbidden treasure. At each temptation the squire reads from his scroll for guidance, which he shares with the knight. In the cave of forbidden treasure, however, the knight refuses to listen to the scroll's wisdom and is taken into the dragon's power. The squire continues on alone, and by obeying the scroll's instructions he avoids additional traps. When he arrives at the dragon's lair, his scroll is transformed into a sword, with which he defeats the dragon and rescues the captured knights, finally retrieving the Lantern of Purest Light.

The book is a compelling parable about the importance of God's Word, the Bible. It tells a story of a quest worth winning, a young man proving himself in the company of his elders, and dangers on every side that seek to destroy him. He holds on to courage and moral purity only by means of the scroll, to which he submits every decision, and by which he achieves victory against great odds. This is a powerfully winning story that will influence a boy's imagination in the best possible way.

It was good but not the best.

Great book. It captures a little boys fascination with swords and knights and teaches him to keep his way pure. It is recommended for ages 6 to 12. My son read it as a 6 year old and did fine. I would not have tried it at any younger age. The dragon and some of the other pictures are a bit scary.

A tale based on Psalm 119:9. The young squire has lived by the five rules on the scroll. When a dragon steals the great lantern in their kingdom, he accompanies the final knight on his quest to retrieve it. By following the rules on the scroll, the squire succeeds in slaying the dragon, retrieving the lantern and bringing the lost knights back to the kingdom.

Great message in this story. Well written and great pictures.

I have to admit, I love the part where the knight rakes his squire over the coals for being just a squire who knows nothing. And, then of course, the knight finds out that maybe his squire knows a thing or two! I do not get into fantasy at all, but this book is a good reminder of guarding our way and keeping a pure heart.

Summary: The squire assists a knight in going to get the Lantern from a dragon.

Why I Read This: It was recommended by a friend.

Review: I really liked this book. I think that it is perfect for Christians or anyone of faith who has a holy book that they follow. The squire makes it far past the knight and is able to retrieve the scroll by following the words that the scroll has taught him. In the end he frees the fallen knights through the light of the Lantern.
