Intertextuelle says

Un livre plutôt plaisant à lire. Je me suis attachée aux personnages, parfois un peu caricaturaux il est vrai. Quelques surprises au niveau des intrigues, mais aussi des développements un peu convenus. Dans l'ensemble, un bon livre pas prise de tête que je conseille.

Heather Graham says

A light and fun book to read from beginning to end.

Amanda says

Very easy read. I wondered how the author would dispatch the ex-teacher and was quite satisfied with her solution! I liked the detail of the lilac underwear.

Melanie says

Excellent name for a book. Something a wee bit different from the norm too which was nice

"Melanie finds herself single again after years of being one half of a couple. But Melanie is overwhelmingly excited to be able to do her own thing - she plans a programme of behaving badly, after a lifetime of behaving properly. But is the single life quite all it's cracked up to be?"

An entertaining read - better than average chick lit.

Laura Rittenhouse says

This was quite an enjoyable read. A woman faced with the all-too-common situation of being on her own after her husband left her for another (and much younger) woman and her daughter moved out to go to college. This book is a story about a woman reinventing herself when her life is turned on its head beyond her control. Nothing deep and meaningful, but a nice read with a cup of tea and maybe a cat sitting on your lap.

Simple Pleasures says

It was a good, fun and light read. I enjoyed it. I got more invested in it as I got to the second half, as the progress was really slow. Also, I didn't get why Melanie's car was stolen and then returned unharmed? It was unnecessary if it didn't tie up in the end. Otherwise the end was good.
