This is my first read by J Peach and I loved it. Peaches was raised by her older brother King after the death of her parents. I swear dude took being protective to a completely different level! I understood he wanted what was best for her but King was overprotective as hell and acted more like an obsessed boyfriend. I was a little mad with Peaches because even at her age she seemed to not want to upset King instead of standing up for herself. Her little accident had me crying laughing. Peaches was being over dramatic. Her crew stood by her no matter what and always tried to help her realize it was time for her to take her life into her own hands. Who would've known Blaze would not only be persistent but also crazy?! Ooohhh man Sly is weak and I was hoping things worked out with him. Damn Blaze!!! With that ending I'm curious to know what's going to happen with Blaze and King. No matter what, Peaches seems to be drawn to the hood type even though

she's trying to fight it. The attraction between Blaze and Peaches only proves they have a dangerous love and there's no telling how things may go.

A Dangerous Love by JPeach

Peaches is a twenty-something year old girl who is a walking ball of contradictions. The orphaned daughter of a street king, she was raised by her older brother after her parent's untimely death. She is spoiled,

materialistic, violent, intelligent, over-the-top emotional and quick to pull her gun on someone. Rumor has it she's a virgin, but she has an addiction to oral sex, which she indulges in with random guys as the whim hits her, making her not quite the "innocent" she'd like to be seen as.

King, her drug lord older brother, is protective of her to a fault, violent, and philandering. Quick to smack anyone up, including Peaches, he says what he means and means what he says: Leave Peaches Alone! Anyone caught dealing with her in a way he feels is inappropriate will feel his wrath. And Peaches, if she knows what's good for her had better toe the line!

Then enters Blaze, fresh out of the joint and everything Peaches prides herself on wanting nothing to do with. He is mean, violent, drug-dealing and possessive. Although her mind tells her to steer clear of him, the attraction between them just can't be denied. It doesn't help that he is determined to have things his own way, even if he has to kill up the world to make it happen. Not used to being told no, he completely bypasses every boundary Peaches and King put up to keep them apart and before you know it they are involved. His mouth is vicious and his hands are quick to strike. It seems that this young girl has gotten in way over her head.

The first thing that comes to mind with this book is a quote I heard many years ago, "Show me the beginning and I will show you the end." While it is apparent that Peaches is trying to not get sucked up into his vortex, she is playing with fire. Like many young girls, she doesn't address the issues that are present right from the beginning and allows herself to get caught up into his madness.

This book had me so angry at times wishing I could reach through the pages and wring the necks of these disrespectful young men, because I see all too often young girls who don't know their own worth succumbing to the madness of others as if they have no options....and it just appalls me. This fast paced story of friendship, coming into one's own and love (even with the wrong one) is a definite page-turner. JPeach tells an interesting story with a real urban girl-next-door type vibe. The characters are believable, humorous and dealing with real issues. Used by a person with a desire to teach our youth a better way, this would be a great book to share with young girls on the dangers of getting mixed up with the wrong people and of revealing the consequences of one's actions.

This book would have been a 5 star but the back and forth became a bit annoying. Other than that it was a page turner! I do recommend!
