Sandy Digger says

Different

This book starts out as an interview of Alex, who owns his own company, is a multi billionaire and isn't 30 yet. It was such a strange beginning that I wasn't sure what to think. The book is hot, sexy and hard to put down and includes a second book that was even more so. If you like it steamy you will enjoy this one.

Shon Chewning says

Short and sweet

So the book was short and sweet. Left me wondering what happens next. The narrator kali I really enjoyed her voice. I've listened to her in other books before. She makes the characters pop out and the storyline just that more interesting. Thanks

Amber South says

Strong willed

What an amazing story on how mr. Reid came to be, and what he has gone through before finding his personal assistant.

Elaine Wilson says

Hot Dayum!

Levy Tim's is fast becoming a favourite go to author.

Her heroes have a humanity to them and her heroines have a sexy quality, along with being natural as well.

The dynamics between the characters work well.

Subhajit Das says

Characterization could have been a bit connecting. The portrayal of the scenes are lacking involvement at times. Plot is covering the story in a simple flow which demands a bit more tight grip into the story. Recommendable for an one time read.

Debbie Hanson says

This barely rated 3 stars for me, while the blurb had me intrigued once I started reading, I kept waiting, and waiting, and waiting for SOMETHING to happen. But all I got was a workaholic billionaire who just sleeps with random women then continues on his merry way...

Disappointed!

Cynthia says

Great Read

I loved the beginning to get to know a little about Alex. He's a self made rich guy but he won't take a lot from people. He expects the best from people but some do disappoint.

TaQuanda Taylor says

This was an okay read. I thought I was getting a romance and I was wrong.

Kayla says

Poor Alex

He needs some type of regular relief. Granted his business is important but this once in a while relief is NOT working for him. I have a feeling that his live-in PA whoever she may be will end up being more. It's bound to happen.

Marie Reyes says

Build to Romance

Very hard-working CEO doesn't have time for a relationship, until he meets a woman who wants him, not his money.

Brenda H Seales says

A different Read!!!

I wouldn't have given this book a three star had not been for Jamie in the second part of the story. I really enjoyed her character. Alex is nothing but a man whore. Plus I didn't like the no ending. I will read another book by Lexy just to give her another chance before I decide for sure.

Rachel says

Total ripoff of fifty shades intro

I have never DNF-ed a book so quickly... girl meets with sexy billionaire entrepreneur to interview him as the opening scene?! Wtf...

Leah says

I was not really impressed with the story line in this book. It was lacking. The pretense of the story was good but I never felt like it went anywhere. Alex is a CEO billionaire and wants control in all aspects of his life. He seems to be constantly searching for something and bouncing from one woman to another (or in one instance in the book two women at one time) and doesn't really seem to care. I would have liked to see some resolution to this story because when I finished the book I found myself asking, "really, this is how it ends?"

E. S. Charree says

Alex!

Love Alex! Kind, sexy, gorgeous and very rich! What's not to love?!? And, on top of all that, he is caring and capable of love outside of himself. Great read. Thanks.

Cathy Knuth says

I didn't care much for this book. The characters were either self-centered or doormats.
