BTW - I love you! Heidi Rice

Surf, Sea And A Sexy Stranger

Millionaire Ryan King is mortified: he's just been pulled from the ocean by a pretty lifeguard! Why - after months recovering from a horrific motorbike accident - did he get back on his surfboard? For the same reason he wants a hot, wild woman back in his bed...to prove he's the same man he was before.

Cupcakes And Killer Heels

Ruby Delisantro never blushes except after one glance from the infuriating Callum Westmore's bedroom eyes, she's flushed redder than a cherry. But her body has the right idea, because now that Callum's convertible has crashed into her life, nothing will ever be the same...

Bedded By A Bad Boy

Jessie Connor is an English rose with firecracker red hair and a temperament to match. Honest, open and impulsive, she's set her heart on finding Mr Right. But one look at Monroe Latimer and Jessie knows he's about as Mr Wrong as a guy can get. There's just one great big problem - he fires her blood like no other man ever has and his baby blues are focused right on her. His look says he'll bed her!

Linda Kage says

I won this in a contest. I love how it started. Good writing. I love how the hero and heroine meet, and how she ends up stranded at his house in the rain (there are three stories in this book, so I'm talking about the first one!). So fun!

They have sex pretty quickly, which I was okay with me because the sensuality led up to it perfectly. But I guess he wasn't very good his first time out, and immediatly, the girl wants to drop him. For some reason, that just rubbed me all kinds of wrong. She didn't even consider wanting to give him a second chance until he almost forced her into it. She wanted nothing to do with him actually. I didn't really like her after that.

And the guy was thinking of her as kind of naive and innocent after their first time, and I was like, "Uh, she just had sex with you five minutes after meeting you, dude. And that's INNOCENT to you???"

Maybe emotions and feelings (and hopefully some romance) grows between them later on, but I just didn't want to read anymore. I feel really bad about that. It started great for me. And it would be a wonderful story for someone else to read. I should've given it more of a chance too, but...I don't want to. There are other things I want to read more.

If you like a lot of good sensuality, this would be a good story (er, anthology for you!)

Ashlee says

3 stars for Maddy's story and 1 star for Ruby...

Beckie Treble says

Ah this book was a really nice read! Technically with 2 books in one! One from Maddy's point of view and the next one from her brothers new girlfriends point of view.

It was really nice, with the characters and the events that happen. Loved it! :)

Chris Coulson says

Enjoyable reads

Josephine says

I wasn't engaged by the first two books and then I found the writing style of book 3 made it difficult to get into the story although I really like the premise.
