## **Caught** Janet Elizabeth Henderson

He wants forever. She just wants his body. Neither of them want to give in. Mitch Harris has it all. As a successful music manager, who isn't hard to look at, he has women falling at his feet. And that's just the way he likes it. For years he's laughed as, one by one, his buddies have found their women and settled down. He vowed it would never happen to him. Until he sets eyes on the owner of the town's new spa. Jodie Miller is everything Mitch didn't think he wanted, but now desperately needs. She's tough, wicked, smart and so damn sexy it hurts to look at her. Mitch isn't sure if it's love at first sight, or just plain lust. All he knows is that Jodie is the woman for him and he'll do anything, and everything, to make her see that they are meant to be together. Jodie Miller was inoculated against relationships when she divorced her ex. She learned the hard way that men might say they like strong, independent women, but in reality they'd rather tie themselves to someone who couldn't kick their ass. As a martial arts expert, spa owner and proud feminist (she's got the T-shirt to prove it), Jodie plans to pour her energy into her business instead of another relationship. She's happy to let Mitch play the part of her sex toy-after all, she isn't dead and he's hot as hell-but there's no way she's giving him her heart. No matter how dirty he plays to get it. \*\*\*\*\* This book comes with a bonus short story - Inventory, the finale. \*\*\*\*\*

## Becky says

I preordered this book out of loyalty to this series, Mitch was not one of the more fascinating characters I enjoyed throughout this series. THANK goodness all the other characters from all the other books were in this last inventory book. Mitch although confident in his masculinity and totally opposite of an alpha male he was just a glutton for punishment falling for Jodie. I for one am a huge supporter for strong confident women but she was over the top, I mean if I had to read one more time how she could take any man I was going to scream! She bordered on mean and UNapproachable! I do not like when a male character is pushed around and made out to be weaker than the female lead, equality baby, goes both ways! I liked the storyline and loved the secondary characters Deke and Brenda's romance. I honestly liked their story better than the main one with Jodie and Mitch. THANK goodness for all the recurring characters from the other books it saved this book for me. Betty is still her hilarious self at 89, and like they say in the book the Satan gnome will live forever :) The wake at the end of the book brilliant, you get to catch up on all the characters and their lives 6yrs down the road and the wake, you question who died??? No one Betty is just being Betty her evil, brilliant self! I loved this series I laughed out loud and was entertained immensely with these books and this imaginary town of totally nutty people. I am sorry it has to end but will be watching for more from this author as she has given me hours of smiles and enjoyment. I truly loved these characters and I am sad to come to a close on this series.

---

## Lisa E says

I loved this series and sorry to see it end. I wished this would have been on audio books. I would have loved to listen to these books.

Sorry to say I like Mitch but his story was just ok. I missed the humor that some of the other books in the series. I gave this book 4 stars due to the epilogue. It was my favorite part of the book. I loved that it gave the reader a peek as to what happened to all the other characters.

If you love quirky characters mixed with small town you will not be disappointed in this series. If this series comes out as audio books I would definitely listen to these stories all over again.

---

## Gin says

I love this series, especially the humour in the books. The reason this book lost a star is because of something that happens in the epilogue that is played off for laughs. I don't think most people would find it funny if a 95-year-old man used a stun gun on a woman and knocked her unconscious, then lifted up her skirt (in public, no less) to see if rumours of her having her clitoris pierced were true, so why is it funny when an elderly woman takes advantage of a man the same way?

---

## Chris Ezbicki says

Loved this series!

I have spent the last week in Inverary, reading & enjoying the whole Scottish Highlands series. I laughed, out loud & uproariously at times, I cried a bit, I 'awwwed' quite a lot. Each couple had their own challenges to overcome. Challenges that face many of us, to some extent or another. And they did so with feistiness, ingenuity, love. Too bad, that in the real world, people tend to give up & walk (or run) away, when they don't get their way, things get tough, or the initial bloom wears off. In Inverary, they stick together, look out for each other, even when they are making each other nuts, and keep their love alive. And each person is encouraged & nurtured to be who they are. I loved & enjoyed each couple.

The ending short story was just about perfect, true to the character of the series, & satisfying as a peek back into the lives of those I came to care about. Hobbit Betty is still a hoot. I might not want a blue head when I'm 95, but I'd sure like to be as interested in life, & willing to stir things up, as Betty is.

I'm off to start the Benson Security series. Then, I'll see what else JEH has ready. Can't wait!

### **April Neal says**

#### **Wonderful Conclusion**

Love at first sight was a perfect tag for Mitch. I so loved his story. This book was the perfect conclusion to all their stories and I loved that you wrapped it all up like that. Thank you so much.

---

### **Kelley Marie says**

I didn't love the frequent usage of the "F" word in this book. So far the language in this series has been pretty tame, but they made up for it in this one. I liked the more serious story line, but there weren't as many really funny scenes as were in the previous books. Good, but it felt like the series was losing steam.

---

### **Geraldine says**

Given Mitch's attitude since he joined the clan in book 2 I was not expecting how this book kicked off. But away we went and what a ride it was. This book had all the excellent qualities of the series, my favorite being the wicked humor which led to many lol moments.

This is a great series that I will make time to read again one day, it's that good. I would just recommend that you read something completely different between each installment.

---

### **Katie says**

I'm a little sad this series has come to an end. This book is also filled with the characters from previous books; it is also filled with much humor and very climatic cliff hangers that leave you on the edge of your seat. Loved how confident Mitch was not flustered by a very confident Jodie. Again, there is another quick love story with Deke and Brenda, and you still have so many cameos from the other characters. Would love to live in a town like this where the residents really become family to one another and show up to support one another. The ending is great...where it's a few years later and you get a glimpse at how all the couples and their families turned out. Truly, truly a wonderful modern day Scottish highlands romance series!

---

## **Alyssa says**

This is partially a review of this book and partially the whole series. This one was one of my least favorite of the series which is sad because I like both Mitch and Jodie (Mitch has been one of my favorite characters).

Things I liked about this book:

- I like that Jodie rescues herself
- I like Brenda
- I like the knit bomb scene. It made me giggle
- good use of consent during steamy scenes

Things I didn't like about this book

- the author has the American characters say things Americans wouldn't say Josh says "this is not on" that's very much a Britishism
- how Mitch "wins" Jodie. It feels like he stalks her and crossed over the line from persistence to not really accepting no for an answer.

Overall I'd give the series a 3. It was tough to get into at the beginning but several of the middle books were very touching and made me laugh out loud.

## **Chessela Helm says**

The final Invertary story is a great way to sign off on the town. Henderson takes a serious story about abused women starting again and weaves it into the usual rom com format. I love the new characters. Brenda is hilarious. The main story between Mitch and Jodie is in some ways less compelling than everything else going on in the book. Their instalove is a little TOO insta to take seriously. Still, it's nice to see Mitch find the love of his life, and it's good to have an alpha girl like Jodie find that a man that isn't intimidated by her. The short story at the end is Betty's grand night, and it's great to check in with all the characters a few years down the line and see how they've expanded their families. A good way to say goodbye to our fictional friends.

## **Jennifer Taylor Johnson says**

### **Can't get enough of Invertary!!!**

I leave this review in tears because I have now read the last book in the Invertary series and now I will mourn the fact that this series will not go on. I fell in love from book one and this series now lives on as my favorite. I know all good things must come to an end but for now I need some proper grieve time. Luckily each book is just as good the second, third, fourth....time around. Basically readers I'm telling you this series, this book, the characters are amazing and like me I think you will fall In love as well. Happy Reading!!!

---

## **Amanda says**

### **Awesome series**

This is the last in this series and has a beautiful epilogue that gives complete closure love it and definitely a series I would reread

---

## **Maria Sarah Koutrakos says**

### **Hilariously cute**

I can't say no more...I cheated by jumping from the 1st book to the last because I know Mitch is awesome and deserve a story. Thank you Janet! It's so worth reading, the bffs Josh and Mitch, has a way of choosing their women and like a bull, they go head on whoot whoot! Not only is Jodie such a funny and adorable female character, I love her strength and independence! Thanks for putting in a story about her brother and the cause they did to help abuse women. Love that this story doesn't only make you laugh, swoon and fall in love but it also gives awareness to the flight of these abused women. I'm feeling sad that the series ends here and will definitely still read book 2-5. Great job!

---

## **Santhiya says**

3.5 stars. This was good. Not bad. Not great. I had a few laughs. But I think I read it more for the series finale than the main characters. I loved seeing the characters from previous books more than rooting for the main characters. Lake, Matt, Jena, Harry, Betty remain to be my favorites.

---

## **Devika says**

another great series has ended.....how im going to miss this bunch.....
