**Dissolution** K.I. Lynn

*Librarian's note: This is an alternate cover edition for ASIN B00DDHL9WU.*

He wanted her to leave him, but, in the end, he was forced to do it.

Separating himself from Lila puts Nathan in a level of hell he never knew existed. The journey is a spiraling decent where the beast inside is released and havoc reigns in the arena of self-destruction.

But what is he to do? It was for the best, after all.

The last three chapters of Breach from Nathan's point of view.

Allison ♥?Will Never Conquer Her TBR♥? says

Yup, I got my shock factor! WOW!

**Spoiler alert. If you have read Breach, stop reading NOW. This is the mother of all spoiler reviews.**

Well, that story went from 0 to 60 in 2.5 milliseconds! Why oh why did we not get dual POVs in Breach? This book was awesome!

This book is entirely in Nathan's POV. It starts at the point in Breach when they break up. I needed this, needed to be in his head to understand why he did what he did. I totally "get him" now. But Lordy be...

To listen to his inner monologue was torturous!

I've come to the conclusion, in 90% of books I prefer the male POV. I'm just more empathetic to his emotional battles than Lila's.

When Nathan writes Lila a letter with four short sentences her world crashes to pieces. He thought he was saving her, but instead he crucified her.

Dissolution gives us the answers we need that was hinted on in Breach. Why is Nathan scarred physically? Emotionally? What happened while he was a prosecuting attorney that made him move to Indianapolis? What's with the meds, the nightmares? We now know what haunts him, what happened that faithful birthday four years ago. We don't get all the specifics but enough to get us through.....enough to empathize as to why he did what he did to Lila.

Diving into Infracion. Please given me dual POVs.

---

## **Lucinda - I JUST LOVE TO READ says**

If you have read Breach you will love this book! This book is very short only 40min. (Or that is what my Kindle said)

This book is the last 2/3 chapters of Nathan's POV from Breach and how he ended up THERE (haha ok you will know what I'm talking about if you've read the first book) I don't want to give it away for the others that haven't read the first book ;)

I am looking forward to the second book that is coming out in September to find out what will happen between Lila and Nathan. But I'm happy that I finally found out HOW he got 'there' because haha!

Hope u will enjoy the book as much as I did xxx

## **Jen says**

Well this was a fast read. I am going to give it four stars; but certainly not because the writing wasn't good. I am just disappointed with the length of the novella rather than the content.

It was a treat to find out that I would get to have a taste of Nathan's POV. I was most definitely happy to get some insight on why Nathan left Delilah, and what he went through after he did the deed. Not that I am sadistic or anything; but I was somewhat relieved to find out that he was having just as much difficulty as Lila was with their separation. This novella helped add a glimpse into Nathan's past, and I was able to empathize and understand where he was coming from with his fears.

Dissolution is very short; but it doesn't lack in the emotion department. It is gripping and very very sad. It would have been nice to have more of Nathan's POV, especially some of the sex scenes would have a welcome addition in the few paragraphs that were offered. I can never get enough of Mr. Nathan's dirty sex talk, and I would love to know what goes on in that perverted mind of his!

Even though it was short, I am glad I read it. If anything I at least understand a bit more of what Nathan was thinking when he took those drastic measures to be "noble" and leave Delilah.

Moving on, I am off to read Book two of this series right away. After the cliffhanger in book one; I can't wait to crack open #2!

## **Christy says**

### **5 Emotional and Broken Stars**

A broken and damaged man... they are my favorite. When I read '*Breach*', I loved Nathan and Lyla so much. If you haven't read it yet, well, not only was it the sexiest/hottest story I've read this year, it was also beautiful, intense, and an all around favorite of mine. In this little gem of a novella, we get the last three heartbreaking chapters of '*Breach*' from Nathan's pov.

She deserved more, so much more than me; an angry, depressed, broken man. I couldn't give her what she needed- love. So, I did what I had asked her to do.  
I left.

Nathan is broken. Destroyed. Tortured for most of this story. It took me less than an hour to read, but it had such a big impact on me. I cried for the most of it... it just ripped me to shreds.

I have been waiting for book two to come out, and it was nice to have this to hold me over. I actually feel a little better about the next book now that I know where both characters heads were at in the end of '*Breach*'. A must read for all of us that read and loved *Breach*!

---

**Debra says**

♥ 4.5 STARS ♥

*\*sigh\**

**This short novella was just so sad...**

**And heartbreaking...**

**And emotional...**

**Dissolution basically consists of the last few chapters of the first part of this series, *Breach*; but this time, they were told from Nathan's POV.**

Reading those gut-wrenching scenes from his point of view messed with my emotions...big time.

But for those who have read and loved *Breach* as much as I did, this novella is an absolute must read. It provided me with a much better understanding of why Nathan handled things the way they did, even though he ended up breaking Lila's heart. Nathan and Lila are both obviously still haunted by demons of their past but I really hope they'll be able to work things through.

**And now, I'm even more anxious to get my hands on the next part of the series...**

**It's going to be a loooong wait until the sequel comes out!**

---

### **Crystal~BIG book addict~ says**

In this book, we got to be in Nathan's head for the last part of book one to find out what he was feeling for Lila and the reasons he did what he did. Life altering events occurred and Nathan finally pulled his head out of ass.

*I wasn't too late. I could fix this, fix us.*

---

### **Georgia ♥ Team Dex ♥ says**

#### **5 Heartbreaking and Gut-wrenching Stars**

*Lila,*

*I can't do this any longer. I refuse to hurt you again. Please keep your distance, and I promise I won't come to you anymore. We'll act like we never happened.*

*Nathan*

A life crashed in 4 short sentences. A love extinguished, a soul died. Lila's own worst nightmare became reality.

But what the hell happened to Nathan? What demons fought and lost and what fears did he try to hide behind submission games and dirty talk? Why did he let love and his last chance at happiness slip right through his fingers?

*She deserved more, so much more than me; an angry, depressed, broken man. I couldn't give her what she needed—love. So, I did what I had asked her to do.*

*I left.*

In just a few pages, we get Nathan's side of the story.

His own torment and self punishment. Pain and suffering. He abused two souls. His own; because he was too scared and scarred to risk believing in the power of love again and Lila's soul. A soul that couldn't take any more beatings and just crumbled. A mind that retreated in itself to protect her from the vast amount of despair.

By the end and realising that after all his worst fear is actually a life without Lila, Nathan will have to fight the hardest battle of all. The one for forgiveness, Lila and their own much deserved happily ever after.

*Her eyes met mine, and relief flooded every part of me, tears stinging at my eyes. Joy that my nightmares hadn't come true.*

*I wasn't too late. I could fix this, fix us.*

I am just afraid that they do have a long and twisty road ahead....

**Brilliant, emotional, heartbreaking; a not-to-be-missed novella that sheds a much needed light on the events of Breach and sets the pace for a highly anticipated second book, that I can't wait to delve into! Amazing work K.I. Lynn! Bravo!**

---

**Lisa Jayne says**

*\*Contains spoilers if you are unfamiliar with the series\**

**5 BROKEN STARS.**

Breach is a heartbreaking, soul searching story of two broken hearts that face trials and pain when their lives collide. The story is a cocktail of passion, angst and two tortured souls attempting to fit together.

Dissolution, is a novella told from the point of view of Nathan, our hero from 'Breach'. These twenty plus pages are a window into his mind and heart and show his thoughts and feelings as we see their rocky relationship come to blows at the end of 'Breach'.

The author delivers a beautiful, but painful insight into Nathan's heartache, this is a must read addition that left me even more desperate for book two in the series. If you have yet to read this series I would recommend it to those that like a darker more heartbreaking love story. The writing is both engaging and passionate and I'm sure I'll be picking up whatever this author releases in the future. I was blown away that in such a short time the author managed to draw up so many emotions from my reading time, I was left a little bereft, but I am hoping for some peace to come to these two characters that I have fallen for in book two.

As a warning, the author covers topics of bereavement, mental health and also deals with a relationship that is fractured to the point of heartache. This may not be for all ... But for me I fell for the characters, the story and most of all my need for a happily ever after, I'm most definitely going to be chasing book two.

Go grab it readers, enjoy ... Kisses.

---

### **MELISSA \*Mel Reader\* says**

This is a novella that takes place after the break up. It is from Nathan's POV & gives us more insight into what Nathan is thinking and feeling. We also learn a little more about Nathan's past & why he is so damaged.

- "Oh, God, what have I done?"

- My feelings for her had become so strong.

- As I laid there, I realized it was the first night in months that Lila wasn't next to me in bed.

- No good morning kisses. No morning sex with my goddess. No sweet smiles from my honeybear.

- She deserved more, so much more than me; an angry, depressed, broken man.

- She deserves to be happy and loved.

- I wanted to feel her in my arms. Just...feel her. Lila, my Lila.

---

### **Michelle says**

**Get the restraining order ready! Shit is about to get crazy, (okay a little more crazier than it's already gotten). K.I. Lynn....**

*Was that seriously just three chapters? That was magnificent.*

**A. Work. Of. Fucking. Art.**

*If you thought you figured our Nathan Thorne out in Breach, you have not even begun to dig beneath the surface of this man. I fell in lust with that filthy mouth of his but I think I just fell in love with this shattered and broken down man.*

**Inner dialogue at it's best.**

**Say 'ello to my little friend...**

*We can give her what is best, what she deserves. We used to be that man, we can be him again.*

---

**Shannie's ??Lookin' 4 My Next BBF?? says**

**5 In Nate's Fucked-up Mind Stars!!**

Loved being in Nathan's head in this short little addition. On to the next one.

---

**Lucia says**

**I fell in love with Nathan in Breach so I was ecstatic to read this novella and see things from his point of view. And I was most definitely not disappointed!**

This beautiful but sad and broken man has my heart. His emotions are raw and intense, his pain and self-loathing is so strong that it makes me want to hug him all the time. But every person has his breaking point and events in this novella talks about Nathan's.

This may be just extra short story but it means so much for Nathan's character development. In Dissolution you will witness his total despair, breakdown and realization of his true feelings. You may read it within an hour but emotions from this novella will stay with you for much longer.

This is a must read for all fans of Breach series! It made me love Nathan even more. Thank you K.I. Lynn for sharing this novella with us!

---

**Sharon ∞💎 is an emotional book junkie 💎∞ says**

3.5 ★'s

I was really excited to get this book and to read some pivotal scenes from Nathan's POV. But...What in the HECK did I just read?? I *totally* feel gypped!!

Don't get me wrong...I loved all the emotional drama and the angst and it was definitely expected. But where was the SEX SCENE??? I wanted in dirty talker Nathan's head especially during that!!

I do have to say that for what we got...it was interesting and I liked the new information we got from Nathan.

And now...

...because I have to wait until September for the next book.

Favorite quotes:

nope...can't do any.

---

♥Trish♥ says

This book wrecked me...bottom line.

Gut wrenching  
Heartbreaking  
Soul shattering  
All in a few short chapters

September's never getting here...  
I need another shot of tequila....

---

**Farah \*Professor Dean's Beauty\* says**

5 Touching Stars!

Its amazing how this short novella cut you so deep- Its intense, sad, heartbreaking.

*Lila,*  
*I can't do this any longer. I refuse to hurt you again. Please keep your distance, and I promise I won't*  
*come to you anymore. We'll act like we never happened.*  
*Nathan*

Nathan's POV from the night he ended things with Lila..

The Night old memories resurfaced and pulled him back- Lila should be happy, that's what he keeps telling himself, he did the right thing, didn't he?

**"It was difficult to look at her, knowing I'd done that to my Lila, but it had to be that way. Didn't it?"**

That's what he keeps asking himself.

**"My depression and anxiety spiked, and I craved her more than I ever had before. I needed her."**

Nathan is a wreck, physically and mentally, he wants Lila...

**"I was a mess and it was my own fault. We could have been together, there were ways."**

**"But there was no thinking on that day, only pain. It was for the best...for her."**

We get little snippets from his past confirming what we all thought-->Nathan is a very broken man.

**"My chest clenched, and I rubbed the spot with firm pressure. A familiar pain was flooding in, and once again it was all my fault."**

When he sees what happens to Lila, he blames himself- he knew she was broken too- but atleast she was alive.

This book answered some very important pieces which I was really confused about when Breach ended.

At the end, when Nathan is so close to losing Lila, he realises- the only person he is running from.....  
***Himself...***

**"I wasn't too late. I could fix this, fix us ."**

Well done to K.I.Lynn for writing this novella so well!!
