Greyson Gray: Camp Legend B.C. Tweedt

Librarian's Note: this is an alternate cover edition for ISBN 13: 9781480236462.

At Morris College All-Sports Camp, Greyson Gray discovers intense athletic competition, quirky huddlemates, and budding romance to distract him from the loneliness he has felt since his father's mysterious disappearance. The lighthearted camp atmosphere turns, though, when Greyson stumbles upon a terrorist's sinister plot brewing in the observatory – a place already haunted by a chilling camp legend. Suddenly, Greyson toils with two dueling worlds – one of lurking danger and mystery, the other of competition and hormones. Spurred on by his father's words to do the good that ought to be done despite the danger, Greyson and his faithful friends must mount a cunning and coordinated heist on the observatory in order to save thousands of lives.

R.G. says

For a book that's basically aimed at middle school boys, this story was pretty intense. Felt like a spy thriller complete with evil scientist, gun wielding henchmen, multilayered save the world plans, and cool gadgets. I liked that it was all pretty much within the realm of possibility for kids this age to do, and all the characters in this book felt real. Greyson is just just your normal everyday athletic boy that is a genuinely good guy, who wants to do what's right, and the friends he makes at camp are a colorful collection of odd kids that you can't help but love. And while a lot of the girls come across as ditzy and the worst stereotypes of single minded boy crazy girls, Sydney really helped balance it out by being able to keep up with the guys, and showing the boys that girls aren't just there to look pretty. I even liked that while there are plenty of bad adults, or just easily fooled adults, Brandon, their counselor, was there for them in anyway he could be. It's a nice change from a lot of books I've read like this. However, my main complaint for this book is in the writing style, where there's nothing to indicate a transition between scenes. It flip flops between the action happening at multiple places without even a "meanwhile back at the ranch" to let you know you've moved. It was especially frustrating when it came to the dialogue during these instances, trying to figure out who is saying what to which person. Regardless, it was still an exciting book to read, and I can't wait to see what happens next.

Shelly Edkins says

Caution Addictive

Could not put it down and irritated my little brother. Read it all day because of the suspense !!!???????

500 stars for super boss book????

Sage Thoughts says

I enjoyed the camp atmosphere and the "meet the kids" part. The second half of the book was exhilarating and had a lot of action. Very humorous.

Lebron James says

G.O.A.T

It's good read it. U should get it. It is free for u to read unless ur broke and have no devices. Btw how did u even get on this website without any devices connected to the internet.

Vincewarrior says

THIS IS AN AWESOME BOOK!!!!!!!!!

This book is about Greyson Gray, a normal athletic middle schooler. He goes to this summer camp. In the camp there are teams so there is a little competition in the book. Anyway, Greyson where his red fathers hat that is very special to him. One day on retrieving it, he stumbles on a sinister evil terrorist plot that could kill thousands of people. After being threatened of death he and his friends devise a plan to stop the terrorists. **WARNING:** this book is so good you'll find yourself on the edge of your seat staying up to 11:00 on a school night. you have been warned!

Maria Kiguthi says

Greyson is a 12 year old at summer camp. Without any training (other than completing dares) he finds himself stopping a terrorist attack. The plot is very exciting and the characters are very real. Due to the nature of the topic there are deaths and not a completely happy ending so probably not for younger then 11 or 12 year-olds to read. Very fun and kept me reading. I received a copy of the book.

Tiffany Cutlip says

This was a really good book. It started out a little cheesy mostly because of the age group it's geared to, but it kept my attention the whole time. There is a lot of action and adventure in this story that kinda keeps you guessing the outcome till the last few minutes of the book. I'm going to recommend it to my 12 year old son.

Barbara West says

Amazing

This is an exciting well written adventure which captures the personality, quirks, and issues of young boys at camp. It highlights their loyalty to one another in spite of all odds. The perilous ending makes this work impossible to put down.

Mary Stockwell says

Good

Although this is an entertaining book it is more for tween agers to young adults. It is like summer camp on steroids. There are a lot of emotions packed into this story. Humor, tension, teenage angst, heartbreak, heartwarming and more.

Kathy says

Disclaimer: I won this book.

I thoroughly enjoyed this book. There were parts that had me laughing out loud. Other scenes were full of tension and suspense. I have always wondered what happens at camp, as my parents never sent me to one. Even aside from all the after-dinner craziness at this camp, I do not think I would have lasted more than an hour with all the activities the kids had to do during the day. At least they seemed to enjoy themselves. Well, except for Patrick. My only complaint is what happened with the rifle at the very end. I would have liked it to be used differently. I would happily read the continuing adventures of Greyson and his camp buddies.

Courtney says

Excellent

Books like this are so informational for children and hold such a wealth of knowledge. I really enjoy reading books, like this one and many others to my children, for if you start them young then they will grow to have a love for reading and adventure!

Danielle Singleton says

SOOOO GREAT

I loved this book and EVERYBODY would apculoitly love this book. Get it right now and prove me right. TRUST ME!!!!

Beth Briggs says

Amazing book!!!

I absolutely loved this book. I would recommend this book to anyone who likes books full of action and suspense.

Pamela says

Youth reading at its best! Parents, get your middle schooler to the library and into this outstanding series for great summer reading! As a teacher, I am always on the lookout for INTERESTING yet age appropriate literature. Too often, those requirements are mutually exclusive. Greyson Gray is exceptional! The characters are aUthentic, the plot suspenseful, and the protagonist a moral role model,full of integrity. THIS IS A WINNER!

Ruth McGough says**Loved It!**

This book was a suggested read by my husband's surgeon. It was a very good book and I look forward to reading the next book!
