## Hide and Seek Elizabeth Lapthorne

Book 2 in the Rutledge Werewolves series Accountant Josephine Lomax goes to her boss about discrepancies in the company's records-and stumbles on him and a crooked cop. She flees and begins an intricate game of hide-and-seek. Then William Rutledge enters the picture, bringing a passion to Josephine's life she never dreamed possible. But William wants more, he wants to know all about her. Finding out William is a cop presents Josephine with a new problem-to run again or take a chance she can trust him. Fear wins out and she runs, leaving William a man on the edge. Unable to get Josephine out of his mind or dreams and determined to convince her to trust him, he tracks her down-and finds more than he expected. He knows he will have to sort out whatever put her on the run to begin with. But one thing is certain in William's mind. Josephine's running days are over.

## From Reader Review Hide and Seek for online ebook

### Nancy says

I have to DNF this because it's not romantic, erotic or even sensual. It started off good but then just went way off my comfort scale with sex with a heavily pregnant woman with twins. It may be some peoples idea of fun but to me it just seemed plain weird esp when he confesses he's a werewolf while having sex with her. It theory the plot sounded good and romantic but it was poorly written and it places it just seemed as though a ton of plot was missing. I've read two of these books now and both have failed to interest me, so I'm giving up on the series.

### Emily says

Josephine Madox inadvertently finds herself looking at a setup to kill her between the owners son and a dirty cop, after she uncovers some accounting inconsistencies at the company she works at. Panic is her first emotion and she runs, three months later she is depressed and lonely hiding in Montana, until she meets bassist William Rutledge at the bar she stopped in at.

Her growing attachment to William is refreshing and filled with chemistry, until she finds out his day job is a cop. With a stumped up charge against her, she flees. Six months later William is still looking for the woman who he realizes is his mate, when he finds her she has a few surprises for him.

I am still perplexed on what to think. On one hand it was an interesting story, on the other it was missing something. I never did really figure if I liked Josephine or not, I would try one more in the series to see if it was better.

I am rereading this series, since I had only initially read this one and want to read them all. I liked this better the second time around, a lot of the shifter information is explained in the first one so it falls into place the second time around.

### **Mya A. says**

I am really liking this series. I don't usually like pregnant books but it's not really about that. So i give this book 5stars.

---

### **Cindy says**

This was a great book sexy men that can sing and play but that is now who they are... They have secrets... Josephine is on the run and what she doesn't know at first is that William is a cop so after spending several weeks with him she ends up leaving him as soon as she finds out he is a cop. What she doesn't know yet is that she is his mate and is pregnant with his children. Yes, children. Will she go back and let him help her? Or will she keep this secret from him? What will happen when she finds out he is not who he seems to be? Will she tell him everything and give into the love they have both found?

Like I said this is a great book. They is laughter, sadness, love, family and shock. But there is also sexy, hot men who will do anything to protect what is theirs. This story is full of humor and flows.

### **FIVE HOT SEXY ANGELS**

---

### **EruditeBirdy says**

A wonderfully romantic story for pregnant women.

You do wonder about the outcome of the main plot though.  
I had to subtract a star for that, at least.  
Why have a plot and then just stop, when there is an epilogue.
