Julian: Taming the Fighter (BWWM) (The Wallflower's Series Book 4) T.C. Clark

So this is what happens when you mix a former MMA fighter and a quirky bookstore owner.....

A Wallflower Series Novella....

Julian Stravanos is a changed man looking for his purpose in life. He'd achieved every goal he'd ever set, and he was still missing something. He decides he needs a life reboot and moves to a small town in Illinois to open a martial arts academy. There he meets the most interesting woman alive. There's only one problem she is not interested in him, at all.

Bella Denton knows what she wants in life and Julian Stravanos... that's not it. He is famous, gorgeous, and richer than a king, almost an exact copy of her ex. He's the last man a girl like her wants to get involved in. She'd chosen to move to this small town because she wanted a quiet life. She'd lived in the fast lane once before in New York City and the flames she'd set there still burned her to this day.

Want to see what happens when a determined man pursues an elusive woman? Tune in here on December 31, 2018.

Great series

Enjoying The Wallflower Series. Cannot wait tell the next one. I'm glad all the brothers get a book. Great job

HI5O says

Another excellent book

Julian didn't ignore his instant attraction to Bella and wasn't afraid to act on it. Bella accepted her feelings and moved on.

Cherryl Montgomery says

She gets a second chance at love

Bella Denton lost her race car driver fiance two years ago. It took an emotional toll on her spirit. She was a shadow of her former self for that time. Now, she felt as though she should start getting her toes wet and get back into the dating pool. In walks Julian Stravanos, the Greek MMA champion who bought the building next door to her book shop to pen his Stravanos Martial Arts Academy..

Julian was an arrogant cocky good looking man, just like all of his brothers. He had an eye opening epiphany when he was protecting a friend when he was attacked and rugged. The idea of dying mad him sick. He had not done so much in his life. He felt that something was missing. Until he found that something he was not ready to cash in his life's chips. When he first saw Bella, he knew she was the one. He'd never had such an intense attraction to a woman before. When Bella looked into his eyes, her first instinct was to run, but she could not. She got that kick in her chest that was dormant since her fiance Claudio died.

The author wrote a soul searching story about two people who were determined to move forward with their lives. Bella knew she had to move forward and live her life without Claudio. But, could she do it with Julian, especially if he decided to go back to fighting. She could not lose another love. It would destroy her. Julian knew there was something missing in his life. He knew he needed to move forward with his dream of his Martial Arts Academy while he was still healthy. He wanted to leave MMA behind so he could do just that. When he first met Bella, he knew exactly what was missing in his life. He wanted what his brothers had, love and a family and he knew Bella was it for him.

Thank you for the excellent reading.

You would think when you read about fighters it would be bloody
But it wasn't it was great.., I had an awesome time reading without getting an headache from reading. I really enjoyed this book.

Elizabeth Rogers? says**Yes!!**

As with the other books in this series Julian didn't disappoint. I loved how him and Bella hit it off from the beginning and I also like how Bella didn't let past heart break keep her from finding love again . Maybe in Alex book we will learn that the nausea wasn't just nerves but another addition to the growing family

Kenya Smith says**Another winner**

This series is opening up each family member and I love it. Julian seems like the sweetheart alpha of the group so far. He does let his intentions known and he tears down all of Bella's walls. He was sexy and they had great chemistry. Can't wait for Alex and Tara's story.

Dionne Riggins says**A Really Good Read!**

I like that this was a quick read. Julian and Bella are a cute couple, and watching them fall in love was sweet. I suggest reading the rest of T.C. Clark's "Wallflower" series; they were all wonderful reads.

Kanesha says**Great job**

These stories just keep getting better. Kudos to the author! The story was original and the characters were relatable. Can't wait for Alex and Tara's story!

ALF says**Julian and Bella**

As always T C Clark's books are short, sweet and romantic with a little suspense thrown in. Julian and Bella got their happy ending and I had already figured out who Tara's one night stand was. Great read. Waiting on Alex's book on January 31st.

Debra Spears says

Nice read

I'm enjoying the series so far. Nice quick read although as a reader I always want a bigger book. Looking forward to Alex's book.

Lady & The Champ...

The sizzle and sex was way too quick for my liking...But I couldn't help but root for Julian & Bella. I got Bellas' fear.. The fight game in all its forms is dangerous. I used to love watching Boxing & MMA. But the excitement wore off years ago.

Clark does a wonderful job showing Bella move on from her painful past & Julian growing and progressing in life and love. I guessed early on who the one night stand was. Heck, I pre-ordered the next installment weeks before I read books 3 or 4. ? ,

This is much lighter in tone than books one or three. Sweet, a lil predictable and some funny moments combine to make a delightful love story. ?

Shawneice Gary says

Great read

This was a story about overcoming grief and finding love after pain. Julian is an MMA fighter who decided to retire from the ring to pursue his dream of opening a fight academy for people to learn about control as well as a way to defend themselves as someone did for him growing up. Bella is a used bookstore owner who is fighting to get back to who she was before she lost her fiance in a tragic accident. When these two meet for the first time there is a connection, Bella tries to fight it, Julian does not. After the initial meeting things pick up between the two and their story showed how Bella had to work to overcome her past so that she would not miss out on a second chance at love with a great man. Great read that I would definitely recommend you read.

Yvonne says

LOVED, LOVED IT

This was a good story of Julian and Bella's. It was good to see his family again. I wanted more, and I hope

we will see more of their wedding in Alex's story, speaking of him I cannot wait for his. I read the other three stories and they were just as good as this one. I would absolutely recommend this book to everyone who enjoys reading a good story. Thank you T.C. please keep these wonderful stories coming. ?

Tanue Bryant says

My new favorite. T. C. Clark!!

Very enjoyable book. Julian was adorable just what Bella needed. Can't wait for Alex's story. You will not be disappointed please get this book.
