## Mission: X Kim Alan

*Dear Author,*

*This is X. As you can see from the image, he's a pretty bookish and calm fellow. He likes nothing better than cuddles and early morning sex and then some more cuddles.*

*It wasn't his choice to be dressed in dark jeans and a super tight tank top to go to a fetish club of all things. He doesn't even own leather! BDSM is the new thing, his best girlfriend said. Haven't you read that book? She asked.*

*Now, because he owed her one, he went. And then this guy walked into his view. The Dom doesn't seem to care about the newbies snickering at his "skirt" or his black nail polish and everyone else seems to respect him a lot.*

*X wasn't there to attract attention, but a little mishap and suddenly he's on his knees next to the guy and... he feels right at home? What the hell?*

## Photo Description:

The first photo is a profile view of a young, clean-cut, dark-haired man sitting framed in a sunlit bay window, wearing only a T-shirt and boxer shorts while he reads.

The second photo is faceless. Male hands— strong, with chipped black nail polish and leather-cuffed wrists— cupping himself over a black, studded, leather belt, and the fabric of his low-slung, red plaid kilt.

This story was written as a part of the M/M Romance Group's "**Love Has No Boundaries**" event. Group members were asked to write a story prompt inspired by a photo of their choice. Authors of the group selected a photo and prompt that spoke to them and wrote a short story.

## Author's Note

*There is hot sex in this story, but the issue of protection is left somewhat ambiguous. In real life, be safe without question.*

### A Girl Has No Name says

After a row of boring and short-term boyfriends, Xander is keeping his promise to his best friend Lara and goes to a BDSM gay club in order to finally find someone. What Xander doesn't know is that Lara has set him up to meet her boss, Mister Forrest, which Xander is reluctant to meet after an embarrassing incident in the past. In den BDSM club, Xander is quickly falling for the strong Dom in his sexy kilt.

Mission: X is a very **hot short story with light BDSM elements**. I would have loved to read more! 4 stars!

### Em says

Pretty perfect for me! A sexy short about a seriously hot Dom, Paul, who has finally got to meet up with Xander, a naturally submissive guy he's been lusting over for a year. Shame it was so short, I'd have liked to hear more about these guys.

#### **ANOTHER HOT ONE!**

Another hot hit from Ms. Alan.

Xander and Paul were sexy. Their scenes were hot.

Also I have to say that even this is short, it doesn't feel lacking. You will get to know the MCs fully and it intros you some likable secondaries.

*Kudos to the author for achieving this!*

Wren and Charlie (from The Bigger They Are) are adorable here.

The ending though was a little anti-climatic for me. I wanted a better HEA. And the scene transitions were a little convenient for me. (Ex: (view spoiler))

Nevertheless, it's still an enjoyable hot read.

#### **ANOTHER RECOMMENDED *FREE* BDSM READ.**

Enjoy! :D

### Shelby says

I'm so tempted to knock this one down a star for being a stupid short story! It's just not fair!!! I loved this

book and I wanted soooo much more. I wanted it to go on and on. Paul and Xander were just so frickin cute!

Xander has had a string of bad boyfriends, really boring might be more the correct term. Yet now he's stuck adhering to the terms he set with this best friend that she gets to pick his next time out. His only stipulation is that if she wants him to go to her boss' BDSM club, well then her boss had better not be there. While he may not remember the particulars Xander knows he made a fool out of himself the one and only time he and Paul met. Having the man rescue him from his own stupidity and potential gay bashing does not for Xander inspire a repeat performance.

Paul may have only met the boy once but he's head over heels for Xander. Of course Xander's refusal to meet with him again is driving him nuts. With Lara's help though he's got a plan. Xander has a pass to his club and is going to be there tonight under the assumption that Paul is out of town all weekend on business. He probably should be, but no way is he passing up the opportunity to meet Xander without Xander knowing it's him. So now he's suited up, kilt and all to see if Xander really can handle the Dom he is. He's sure Xander has the most beautiful submissive inside him, but will he really respond to Paul and will he be ok once he finds out who Paul really is?

Ok yes, this story is complete of itself, but I just wanted more and more and more. Xander is so adorable and such a sweetie pie. He just melts you. There's such deep feeling and care in Paul for Xander you just know he's going to take care of him forever. I mean he's all for Sunday Smut Day!!! ? Paul's seduction of Xander in the club is just so patient and loving. He is the stable force that Xander can rely on.

Ms. Alan crafted a beautiful short story here with all the sexiness and feelings one could ask for. I had a big stupid grin on my face throughout, but especially at Paul's phone call to his best friend. Oh and after that tease...Ms. Alan you better give me Jay and Sam's story!!! All in all this was as close to perfect as you can get in a short. Now expand it and give me more. ;)

**Another read from the LHNb event this year. Xander, the X of the story title, is confused as to what he wants from his love life, but he *knows* that there must be more than he's getting. His best friend sets him up with her boss Paul Forrest, a Dom and owner of a BDSM club who has already shown a lot of interest in Xander, but been rejected. Paul therefore makes it his mission to make Xander his 'boy', he won't take no for an answer and is not averse to a little trickery to get what he wants. Really enjoyed it. 4 stars from me.**

### **Furio says**

This M/M BDSM short story gets at least one thing right:

being a Dom (let us use the term "Master", though, it is more honest) is not a licence to hurt and inflict abuse, sexual or otherwise.

A Master first and foremost takes care of his slave's needs and protects his well being. That is the purpose of getting the control the slave determines to relinquish to him.

Sexual fun and power trips come much later.

The rest of this work is opinable.

Like most authors who choose this perilous genre, Ms. Alan entirely fails to make her reader understand WHY a perfectly normal, a little boring young man like Xander suddenly discovers he craves to submit to a stronger man.

Characterization in general is this work's weakest point.

The supposed best friend is unsufferable and shows a total lack of concern for him; Paul, the Dom, is hardly in control of anything and side characters are unlikeable to say the least.

Plot is also rather weak with too many transitions omitted or neglected.

Writing is not bad and there are paragraphs where a nice humour comes to the fore. Had the author been so wise as to write a "normal" romance the end result might have been completely different.

### ♣ Irish Smurfétté ♣ says

Well written humor - check. The dialogue between Jay and Paul, and between Xander and Lara was fun, familiar and added a nice layer of believability that isn't always easy to portray in a short story.

Fawesome best friends - check. Yup, recognize these'ns. Gotta love ballsy teasing, I know I do. :D

This was, of course, steamy and sexy. Definitely sexy. I agree with Xander on that.

It's also sweet with more than a dash of emotion. Paul is able to give Xander a part of himself no one else previously could. Xander is able to give Paul something he's never had.

There is dialogue set in the club but no "scenes" are played twixt Xander and Paul. I like this choice, especially given what we learn.

I definitely recommend this hot little number. Grab your kilts and have at it!

★★★★?

I was bad and forgot to review this quicky when I read it last month and have read a shit-ton since then so all I really remember is the kilt and the dude wearing it. So shoot me!

Oh and I remember Wren and Charlie from The Bigger They Are who make an appearance (and in fact, Paul-Mr. Kilt made an appearance in TBTA-I'm sure you remember that scene!).

Read this and The Bigger They Are - both freebies from the MM Romance group, you are a member right? Won't be a waste of time. That is all!

### **Barb ~rede-2-read~ says**

This story was delightful! It was sweet, sexy, hot (man in a kilt, oh my!) and so very humorous that I laughed until tears clouded my eyes so badly I couldn't read the page. I'm amazed at how really wonderful this story was. The author's sense of humor while describing Xander's reactions to Charlie and Wren was priceless.

Xander is going to a BDSM club against his better judgment but it's because he's not been able to find a man in his own way and his BFF is the secretary to the owner of the club and is collecting on a bet she had with Xander by forcing him to go enjoy himself. In the meantime, unknown to Xander, her boss Paul will be there to take care of Xander and has been looking forward to dating him for nearly a year. It seems Paul rescued Xander from a gay bashing incident but Xander was unconscious when found and doesn't know what Paul looks like. He's been too embarrassed to meet him so the trap is set.

And it's a great trap, with moments of heat and moments of misunderstanding, but ultimately a happy ending for both of these guys. I'm hoping to read more from this author as I really liked her style.

I highly recommend this to all. Thank you Ms. Alan for participating in LHNB and giving us such a super story! For free! It's hard to imagine how lucky we are to have such great talent participating in this event.

### **Serena Yates says**

"Mission: X" is about as cute a story as it is sweet, hot, and funny. The focus is firmly on Xander and Paul getting to know each other, and it was clear to me, if not to them, that they're meant to be together. I loved the sense of humor that keeps appearing throughout, and the characters' emotions, wavering between fear and hope, had me rooting for them from the very beginning.

Xander is a great sub who is very new to the whole BDSM scene. Fortified only with his Googled knowledge of what those four letters stand for, he proceeds to spend an evening in a BDSM club after being rejected by his ex for being boring and being beaten for being gay. Now, a year later, it still takes his best friend pushing him to even attempt going back into the dating scene.

Paul is a Dom through and through, and he was the one who found Xander after his beating. But he knows Xander is embarrassed about that, and it takes his assistant (who happens to be Xander's best friend) setting him up on a date. He knows he's deceiving Xander, but hopes he can convince him they're good together before admitting who he really is. Of course, this cannot end well...

If you like cute stories with characters clearly meant for each other, if you enjoy reading about shy subs finding their feet, and if you're looking for a "beginner's BDSM story" which doesn't get too harsh and is clearly all about the consensual fun, then you will probably like this free short story.

## MLE says

The mc has a truly shitty friend, and I'm not impressed by the guy who sleeps with him under false pretenses. Lying is not cool. Not a way to start a relationship of trust, and honesty.

## Kristan says

From the moment that Paul helped rescue Xander from a bad experience, he's wanted another shot of being near the man. It's been over a year and he can't get Xander out of his head, but Xander is far too embarrassed, having been rescued by a man who saw him at his worst. It takes a little help from Lara, Xander's best friend and Paul's assistant, for these two men to finally meet properly, unbeknownst to Xander of who Paul really is.

Paul and Xander fit so well together. From their banter to their first kiss, they are a wonderful mix of sexy and sweet that I would love to read more of. And one thing is for certain, Kim Alan can write sexual tension into a scene. Scorching would be a better word for it. It's official: I'm a huge fan.

Cute, short and sexy, Mission X was a really great read. Also, Having read The Bigger They Are first, it was nice to see Charlie and Wren again.

Oh, and it has a man in a kilt. Enough said.

Mission: X is a cute, light BDSM short story with engaging characters all the way through (main and secondary included). There's damaged, geeky, butt virgin Xander who is snarky and clumsy (always a winning combo, IMO) who is a BDSM club newbie but he doesn't know that he's part of a plan. What plan? Why *Mission X*, of course.

A sexy, kilt-wearing Dom, Mr. Forest, plans to get his man. And a cute, romantic story happens throughout. I LOVED the secondary characters. I would like to read more about Wren, Charlie, Jay and Seth in that order please.

I totally enjoyed this. (Wouldn't mind more...)

(Thank you for no MANTEARS! Appreciate it. ;P)
