This story is full of Greed, jealousy, mystery and adventure..

Silver arrow is attracted to the white Ministers daughter Yvonne from the moment he first sees her. He uses his magical powers to be able to spy on her to see if she would fit in with his people if he chose to pursue her. When Yvonne sees him she is very interested as well. Her step brother sees this and encourages Yvonne to pursue Silver Arrow because he wants to get his grubby hands on Silver Arrows hidden Gold.

Yvonne and Silver Arrows relationship runs into many obsticals that threaten to keep them apart. Silver Arrows Cousin is the worst, he tries so many times to bring Silver Arrow down but Silver Arrow keeps giving him another chance because he is family, but eventually he goes to far and Silver Arrow has no choice but to do what he does. His cousin was full of Greed, jealousy and hate and he made these feelings stronger by being addicted to fire water { alcohol } .

I really enjoyed this story, another great read by my favorite author...Cassie Edwards

## Karla says

Yes, it's a Cassie Edwards book.

Yes, it's "abridged."

But all that means is that the plagiarized cultural detail filler has been removed and therefore the love story can shine like a bright little diamond. And it does. A fatuous, banal little diamond.

### THE PLOT:

There once was an Ottawa chief named Silver Arrow, with perfect muscles, dusky skin, nobly savage features, and savagely noble intentions:

No, wait.

That's better.

He's in love with Yvonne, a preacher's daughter, who he calls White Swan because she is whiter than white and has a very long neck. Maybe she poops in a lake, but that's up for debate.

Luckily for him, Yvonne is totes in lurve with him and when she's not baking cherry pies, she spends her waking hours dreaming about his hunkiness.

Her baby brother Stanley is sensitive and wears glasses.

He comes home from school one day crying that some bully broke 'em and also picked fun on Silver Arrow's baby sister, Rustling Leaves. This calls for a PTA meeting, which means that.....Yvonne will be in the same airspace as Silver Arrow!

To keep this all teeth-achingly sweet, Stanley and Rustling Leaves become best buds, with Stanley volunteering to fix RL's cornhusk doll, who had her head ripped off by the glasses-breaking bully. So they frolic and play and chase butterflies and share ice cream.

(Now, to be fair, the narrator did a good job imitating children's voices...in all their high-pitched, ear-bleeding obnoxiousness. And FFS, why were there so many scenes with these tykes??? Why were they the catalyst for, well, nearly everything? What is this, a Harley Superromance???)

Anyway, Stanley's and Yvonne's half-brother, Jake, is a nasty teenaged (I guess) loafing a-hole who likes to shoot at crows (**HANG THE FUCKER!!!**) and hang out with some asswad called River Rat, who is bent on finding the "injun gold" that only Silver Arrow knows about.

**\*punches you awake\***

Jake and River Rat get Antelope Skin (local Ottawan ne'er-do-well) liquored up and rope him into their gold thievery plans. Part of Antelope Skin's beef with Silver Arrow is that the chief is keen on sending the tribe's kiddies to the local white school, and he ain't.

So River Rat and Co. sneak out into the woods and abduct Rustling Leaves while Stanley's off chasing butterflies and...hold her for ransom? I must confess, I sort of dazed out at about this point. But it's the only thing that makes sense.

Evil plan unfolds perfectly. Evil people happy.

MWAH. HAH. HAH. HAH.

Then, when I accidentally regained consciousness, Yvonne and Silver Arrow were boinking and they were talking about flutes and drums and Great Spirits.

Hump hump. Screw screw. Declarations of the undying love they've had for each other since page 1. Jake totally reforms out of nowhere and wants to follow in his daddy's preacher footsteps. Our wet paper bag couple get hitched. And The End. Never have 3 hours seemed so long.

Now, to specifics. The narrator was hilariously bad and stilted, but I don't think anyone could deliver dear Cassie's bland writing and flat characters with anything resembling conviction or panache. The plot was trite and dull.

It was pretty much what I expected.

### **Adèle says**

Long and pretty bland.

### **Kate says**

Oh my god, how I hated this book. I got a lot of points though, I'll edit this review if I win (lose) the game. Edit:

I won! It is the hollowest victory.
