Tabloid Trouble Megan Derr

The danger of being a star is that everybody watches, waiting for the star to fall. Cassidy hasn't seen his lover Malcolm in two months, their drastically different schedules conspiring to keep them apart. He's deathly afraid of what will happen when his lover steps off the plane, and the first thing that greets him is the tabloid shots of Cassidy kissing someone else.

Deeze says

Far too short, but I liked the fact it didn't go the typical way these kinda stories go. Would still like to read more with the Butterfly Cast.

ETA Nothing to add, still enjoyed how it played out

ETA Short sweet and fun.

L-D says

I really enjoyed seeing the Missing Butterfly characters again. This wasn't a bad story, it was just really short. It was like a lick of an ice cream cone when I really was in the mood for the whole thing.

Arthur says

It's a nice one, but it's too darn short. In fact, it's so short that you may want to *read the blurb first* since it's like the first part of the story!

I think this one is even shorter than other stories in the collection. It feels like those freebies offered by authors on their website.

vLadimiR says

I was a bit confused in the beginning of the story and kept wondering if I missed something from the previous books. I mean, who the hell was Beckett and why does it seem that Cassidy's band mates have changed?

Cassidy and Malcolm's relationship still sizzles but the story left me scratching my head.

Jilrene ♥ says

All kinds of aawwws. I just love Cass and Mal.

Jenn says

Well look at me being all smart and reading this one before the first book. *sigh* I fail at life. Anyways, I loved this. Obviously, I have no clue of their back story or anything at all about them because I haven't read the first book yet, but this was so cute, hot, and funny. Now, I'll read the first one and I've heard nothing but great things about this musician and playboy.

Lucy says

Reviewed for heartsonfirereviews.com

This is a super short revisit to Cassidy and Malcolm, the incredibly lovely couple from Missing Butterfly. I wish wish wish this had been longer, because it was so great to revisit these guys.

In this little vignette, a slimebag musician named Beckett has engineered a photo op for paparazzi at a charity event; he shoves his tongue down Cassidy's throat while cameras click. He does it for publicity, not caring what Malcolm, away on business for weeks, may think when he sees it. He is harassing Cassidy about it, as well.

These guys, Cassidy and Mal, just love them. Mal is a millionaire, Cassidy a rock star, both just so cool.

Mandy*reads obsessively* says

Great snippet, but that's really all it is.

I love Missing Butterfly, and was happy to see more of Malcom and Cassidy, but this was just too short.

Bubbles Hunty Honest & Direct Opinions says

I liked it but a little too short. and undetailed. like if he hated Bek so much why was he alone in his hotel room with him? and what profession are these guys? got that one a rock star i think. so it was cute but not really special

Susan says

Go Malcolm :-D

Melissa Rae says

I loved this couple in their main story and I love them now. **This was a cute little addition to their romance that ended much the ay I thought it would.**

One thing I liked about Mal in the main story was the way he treated Cas and how he seemed to be very protective of how he felt. I like how that feeling of protection has developed into being physically protective as well. And Cass, when the story opens up with him beating up Beckett for what he did and his reaction to what Mal might think really shows how much these two have grown as a couple. In the first book Cass was worried about even being in a relationship with Mal, and now he can't seem to even comprehend being with anyone but him.

A sweet little addition to the series and a nice way to see how the characters are now that some time has passed.

Ami says

A "kiss me quick" story about Cassidy and Malcolm on Valentine's Day -- though I wish there's explanation about who the hell is Beckett and why he is so adamant in giving Cassidy the kiss? A nice snippet but not extraordinary.

Rachel C. says

This was a fun little peak back into Cassidy and Malcolm. Definitely ready to read the rest of the series, but I'll miss these two as the main characters.

MsMiz (Tina) says

I could read about Malcolm and Cassidy every day for the rest of my life - even if they are just eating cereal.....I miss them and this was really nice but oh so short and sweet. Til we meet again Malcolm and Cassidy!

JustJen "Miss Conduct" says

Quicky about Cass and Mal with someone in the middle trying to cause trouble. Nice to see these two still going strong and Mal making short work of the troublemaker. Wish this were longer.
