4 Green, everywhere. Heavenly! Tomorrow. Tomorrow, I will go for a hike to enjoy the land. Stars.

“What the fuck are you doing in here?” Shocked and a little frightened, Karen quickly turned around and saw a little man about four or five feet tall.

Karen is in Ireland, finally able to go there. A nice hotel with rolling hills, so she goes for a hike... and follows a rainbow...

So bad it's good.

It's so bizarre.

Leprechaun.

Leprechaun living in a cave.

Horny leprechaun living in a cave.

Onto the second one...

Laima says

What a story!!! The main character, Karen, is a feisty young visitor to Ireland. She goes on a walk and discovers the luck of the Irish at the end of the rainbow.

Who knew little men could be so powerful?!?

I really think there will be a sequel just based on the last paragraph.

“Mark my words, lass, if you are carrying my babe, I will find you and bring you back here. Do not mistake that girl...do not mistake that...”

I hope there will be.

*****3 Kinda Believable Stars*****

Too much believable in my book...not like those MERMEN!!! hahahaha

This leprechaun, Collin, has an 8 inch THICK penis that he can perform for hours with multiple ejaculations in order to impregnate his women.

This is just the first book....I wonder what happens next??

HEY KROK ZERO - I AM ABOUT TO RUIN GOODREADS FOR YOU AGAIN!

this addition to the burgeoning world of monsterotica is a) about a leprechaun which is good because it is all new to me, and b) about a girl named karen.

it is as though the erotica world has heard about me and is tailoring itself to meet my needs. it knew i needed a leprechaun to add to my mental Q and A of "how do they do it??" so it called me by name.

however, the leprechaun in this book would not care about my needs. he is pretty grabby, and "no means no" has not quite reached his little cave at the end of the rainbow.

he is not a pocket-sized leprechaun, of course, because what fun would that be? rather, he is the offspring of a human and a leprechaun, but he still gets all the leprechaun perks of living in a cave full of gold and the human perks of having a pretty impressive member.

and he uses that member on poor karen who resists mightily, but secretly, she likes it. i think she's just got one eye on that pot of gold, you ask me. she probably thinks she will get some decent hush-money out of this. but i think that concept hasn't reached his cave yet, either. damn leprechauns - get with the program!

is this one funny? well, after he force-feeds her his lucky charm,

"I'm guessin' it don't be tastin' magically delicious to you, eh?"

yeah...that's pretty great.

and it is full of life-lessons:

To have a happy leprechaun fucking you hurt enough. To have a pissed off one, would be downright agony.

so... bad idea to piss it off, okay, karen? haven't you pissed off enough people already? stop calling the leprechaun bad names. there is no place for vulgar language in the monsterotica world!

but i am so glad that the monsterotica world has taken my fascination with hygiene into consideration. after the leprechaun...changes gears? is that the polite euphemism??:

Shock! That's all Karen could feel, was shock. Didn't she read somewhere you shouldn't "double dip"? Yeast infections, bladder infections, fecal matter going into her vagina and not to mention just plain gross.

yup. again - this is about a character named karen, it is not autobiographical, but it is eerie just how much of this seems designed to find my little eyes.i am thrilled that this was brought to my attention. thrilled, i tell you!

and is there room for a sequel?? boy is there ever! this author has tons more leprechaun shenanigans to share! stay tuned!

This leprechaun is packing more than gold!

In this erotic story, a woman finds a pot of gold at the end of the rainbow, but what she doesn't count on is the angry leprechaun, ready to punish her for trespassing!

This story is interesting because it's very witty and fun, but then it also gets dark and very dubious consent-y. I enjoyed it, but sometimes the fun tone clashed with the semi disturbing content. This is one bad leprechaun!

I'd recommend it for anyone who enjoys forced seduction fantasies and monster sex :).

well i am here in sweltering, humid Washington D.C. for a week-long conference, and i just have to ask: who would ever live here? my God, it is like living inside someone's armpit! i miss San Francisco. i miss my cat! i will never complain about either one again.

so what better way to pass the time than to sneak out of Session 4395x-1015b: *Health Care Reform Plus Too Much Data Plus Annoying Researcher Who Should Take A Public Speaking Class Plus Folks Need To Wear Some Fookin' Deodorant Once In A While...* and go to a swanky - and hideously overpriced - local "cafe" to

drink a nice tall Dark & Stormy or three, and read some smashwords porn. it's on my kindle, so hey, folks will probably think i'm reading some fascinating public policy document.

okay so this story is about a foolish young lady, a pot of gold, and a particularly well-endowed leprechaun. it made me smile and it also made me cringe. cringe in a bad way or a good way? i dunno. it was entertaining. i had no idea that a wee lil' leprechaun was capable of such rough, brutal sex and talking such nasty trash talk. i want one!

Sammy Loves Books says

Karen has finally taken her dream trip to Ireland and is looking forward to becoming one with nature. While her girlfriends are on a shopping spree, Karen decides to soak up some fresh air and ends up following a rainbow. Alone. Ladies, please let this be a warning, and I can't stress this enough. Never take a walk alone into the woods. There is no telling what you may find. Or what may find you.

So when Karen finds the Leprechaun's gold, he gets a little pissed and demands payment for her attempted thievery.

“Lass, I’m thinkin’ you owe me something for trespassin’ on me property and trying to steal me pot of gold. Don’t you?”

Now this is when we got to see just how horny this leprechaun really was. Warning: This book is dark. This was a naughty, very bad Leprechaun that had a dirty mouth and did not request consent from his partner before bringing her to multiple orgasms. He also put the germ-a-phobe in me on alert by removing his lucky charm from the back door, and putting it back in the front portal.

I totally enjoyed this book and highly recommend it to lovers of monster sex books. This Leprechaun is an uncivilized ass, or as Karen so eloquently states in the book,

“You are fucking insane, dickhead!”

So my advice is to avoid following rainbows and if you see a Leprechaun offering to show you his "lucky charms", Run!

Need a good monster book that leaves you wanting more?

Then do I have a book for you!

Nakita King is the newest author to the Monster Erotica world and she doesn't disappoint.

Her idea of a forced seduction between an American hiker and a randy leprechaun will leave you breathless in more ways than one.

It makes you wonder what's at the end of the rainbow.

Can't wait to read more horny tales!!

I loved this story. This is what I call "Tough Love". No I mean "Rough Love". No, love had nothing to do with this story. I know! "Rough Sex". There that's what I mean. Although love could have something to do with it if there were a SEQUEL in the works and it seems I'm not the only person who feels that way either. Well I give it 5 stars and a hope for more about that pushy, yet Sexy, and horny leprechaun. Now I just found out that Nikita has just finished a third short story so I'm off to read about another horny animal. I'm such a perv and I love it

Lance Greenfield says

This is a wonderful short erotica story which is steamy hot from beginning to end.

After a very short build up, Karen finds herself in the cave of a creature who is half leprechaun, half human. He is called Collins. Fortunately for Karen Collins has the best (attributes) of both species. I shall say no more!

Having caught Karen with her hands, quite literally, in his fabled pot of gold, Collins is determined to take payment in kind, whether Karen likes it or not. He is very strong: too powerful for Karen to resist.

What ensues from that point onwards to the end of the book, is non-stop, rough sex. It doesn't often get any rougher than this, believe me. Initially, Karen tries to fight the wee man off, but soon realises the futility of it all, and actually enjoys the whole experience much more than she could've ever imagined. She continually

wishes that she wasn't loving it, but, to her shame, she does. Very much.

In my mind, the two factors which make erotica good are the arousal and the amusement factors. This book has both, in spadefulls!

Really liked this story. It starts with Karen exploring more than she should, and gets caught up in *an unexpected situation. The story ends leaving me wanting more.

Don't piss off a Horny Leprechaun!

A girl goes looking for her pot of gold at the end of a rainbow and instead finds herself being violated in all kinds of ways by a very well-hung leprechaun.

I'm looking forward to a sequel, the main character Karen learned that there is no such thing as a free pot of gold for the taking, but will she be able to get the gold? Will the leprechaun get to see that there is no such thing as a quick and easy lay? So many questions!
