The Westerfield Affair

Renee Rose

The Westerfield Affair Renee Rose

Reserved to the point of being aloof, Lord Westerfield never attended balls or even considered taking a wife... until he met Miss Kitty Stanley and his orderly world turned on end. Determined to have the beautiful and animated sister of his friend from the gambling hall, but doubting his ability to effectively court her, Westerfield strikes a bargain with her brother for her hand.

When the gentlemen present Kitty with the deal, she is furious with them both for neglecting to consult her, but her brother insists he will withdraw his support if she does not comply. Angry, she acts out at a ball, causing a scandal that mushrooms further when Lord Westerfield drags her unchaperoned to his home for a firm spanking.

Upon baring her for chastisement, Westerfield is swept away by desire, and before he can stop himself he has taken her innocence and completed the ruin of her reputation. He offers to release her from the betrothal contract, but her brother insists instead on a hasty marriage. As they attempt to recover from the scandal that becomes known as “the Westerfield Affair,” their marriage is clouded by his shame and her insecurities. Will they be trapped forever in a loveless marriage, or will they have the courage to move past their rough beginning to kindle the passion they both crave?

Publisher’s Note: The Westerfield Affair is an erotic romance novel that includes both consensual and non-consensual spankings, anal play, graphic sexual scenes, and more. If such material offends you, please don’t buy this book.

Katherine Deane says

Wow!, What a fun, sexy, quick read.

I love regency era stories, and this one was fantastic. It portrayed the history well, while including romance, personal growth, spankings, for both punishment and pleasure, and wonderful sex scenes.

Lord Harry Westerfield makes a business arrangement to marry Miss Kitty Stanley, after her brother's gambling debts become insurmountable. Though Kitty feels betrayed and angered at being sold like chattel, she agrees she will marry him after a proper courtship.

The courtship ends after a scandalous event, and their marriage is entered into quite dramatically. What really set this story apart, is the depth of emotions from the main characters. I'm used to reading stories that show off the female's perspective, and a just a bit of the male's. But this story really taps into both of them, showing their fears, hopes, regrets, and more. One of the recurring emotions, is from Harry - regret. He truly feels sorry for the pain he caused Kitty, both physically and emotionally during their courtship.

This was a very enjoyable story, which included all my favorite activities, sex, spankings, romance, and personal growth.

Rosemary Hughes says

Listening to the audio rendition of the Westerfield Trilogy set, I am deeply enamored by the voice of the male narrator, his deep husky voice and changes in voice for each character adds an enthralling dimension to the story.

A typical period romance, except for the titillating scenes and sexual encounters . In a way these scenes make this a more believe able story, than others I have read.

I am flabbergasted at the scope of Ms Roses writing. Having read and listened to a number of her books, each one different and unique. Yes, her inclusion of the risqué may not be to everyone's taste, but I have found that the sexual encounters of her characters were within the context of the story she was portraying.

Janet Juengling-Snell says

When I started reading at the age of 12, I fell in love with Barbara Cartland novels. Her stories enchanted millions of readers with her unequalled tales of pure romance, dashing heroes, beautiful heroines, and of course, her trademark happy endings. No wonder she wrote over 700 books....

What does this information have to do with this review you ask..... Well when I finished The Westerfield Affair by Renee Rose, I felt like I had just read another Barbara Cartland Classic with a naughty twist. This story was full on misunderstanding and insecurities on both our hero, Lord Harry Westerfield and Miss Kitty Stanley. I couldn't help fall in love with these two wonderfully written characters.

And the naughty scenes? I'm sure they would have made Dame Barbara Cartland blush, they were hot. They

flowed ever so easily with the story line, which is something that I noticed in spanking novels doesn't always happen.

The Westerfield Affair was a short book, only about 100 pages on my Nook, but I never felt rushed or cheated out of a rich, well-crafted story.

I would highly recommend this book to anyone who loves a well written historical romance with dash of erotic spankings

R.L. Ní Fhlionn says

What a sweet little story. Lovely characters. Interesting and risqué!

Talltree says

Sexy and sweet spanking Regency romance between feisty young h and H obsessed with her. Its a case of insta-lust, insta-love for the H but he is the silent type and not good with communication/ emotions. Therefore there are some wrong turns(and spankings!) on the way to the HEA but it all ends well:)

4.25 stars!

Becca says

My deep appreciation to the author for the gift of her book, in exchange for an honest review.

I enjoy the quirky characters and lighthearted touch that Renee Rose uses in her stories, and this book was no exception. The premise is great – successful gambler and numbers man, meets woman who knocks him off his mathematical pedestal with lust. So he does what any logical man would do - places a bet he can't lose and tries to buy her. Said female is of course smitten with this romantic gesture – er, no.... Thus the fun ensues. I loved Kitty's huffy female reaction and Harry's clueless, but rather cute response – at least at first.

Kitty and Harry were not a cliched Regency romance hero and heroine, but individuals. As much as I enjoyed their uniqueness, I was struck by several confusing inconsistencies, particularly in Harry. As this is a spanking romance, spankings were an important part of the story. What bothered me, in several instances, was Harry punished Kitty while angry and out of control. Yes, it was this character flaw that caused the scandal leading to their marriage, but I would have liked to see Harry gain some control over his emotional reactions.

The incident which bothers me most is toward the end of the story. (view spoiler)

I did like the ending, enjoying the way Kitty brought out Harry's political acumen and the way he

appreciated her efforts and skills. I wish I felt more confident about the rest of their relationship, but this was a very nice touch at the end.

Adaline Raine says

Every time I think I have found my favorite story by Renee Rose I read her next release and change my mind! The Westerfield Affair is worth five stars and more. I immediately fell for Kitty because of her spunk but knew there was more to her story. She has quite the mouth on her but again you have to dig deeper to get all the levels of this amazing character to surface.

Lord Westerfield also delighted me though there were a few points in the book I found myself shaking my head at him. He adores Kitty and is wickedly attracted to her so much so that the story takes quite a turn. All I can say without risking a spoiler is he makes it right!

The tension and attraction between these two main characters is palpable as well as the true care and love weaved throughout. Very sweet as well as highly sexy. There are many spankings peppered through the plot but they add rather than take away from this incredible regency.

Five stars hands down! I look forward to Renee's next release!

Tara Finnegan says

The heroine is a delight, a smart lady struggling with the nuances of polished society, using her vivacity as a guise to cover her insecurities, totally unaware of her loveliness. The hero, a taciturn man strikes a business arrangement to gain her hand, not a great start in said lady's eyes as she doesn't appreciate being treated as a chattel.

Her Lord has no compunction in teaching her who is in charge of the situation, leading to a scandal, further recriminations and a dodgy start to their marriage. The young Kitty soon learned that her Lord was not to be manipulated, but she seemed to need to be reminded more than once, either she was a slow learner or she rather liked it!

I loved watching them as they struggled with their misunderstandings and insecurities to finally come to a point where they both knew exactly where they stood with each other.

Ivy says

Ok what dafuq am I listening to!?...
narrator sounds like a bargain basement patrick stewart.

If you ruin the girl you marry her. This is regency 101. ? I don't think I'm wrong here.

This was not good for me. The motivations are weird, not fitting with the context and situations. Nothing about spankings were sexy. I'm not offended by BDSM but the authors approach to this type of story is more 50 shades of meh

Cheesecake says

I got this and the next 2 as an audio trilogy. So this one is a revisit, and I am enjoying it a second time. However, the audio reader, Elliot Daniels, though decent, is too quiet. I find I really have to crank it up when i am out and about. He reads with a very soft voice, especially when doing the women.

Kitty and Harry (Lord Westerfield). These two were so cute together! Harry is a numbers man and has a hard time being social. Kitty is the opposite and the first time Harry sees her he falls madly in love. But he doesn't know how win her affections and feels threatened by her friendship with Teddy. So he buys her hand from her brother who owes a lot of gambling debts. Thus begins a series of misunderstandings. Harry does something ill thought out, and Kitty reacts in a childish way, he spanks her etc. But the misunderstandings never go too far, and Harry though always the punisher, never shirks his own share of blame. Some of the shenanigans were mortifyingly hilarious. The ending was sweet.

Natasha Knight says

I'm never disappointed by Renee Rose. I read this as a beta then read the final book and WOW. It's sexy and so well written I devoured it and I can only say it was sensational. Sensational! It's a lovely story first of all with a strong plot and really likable,human characters. I liked Kitty from the start, loved her even.

Everything she did fit every situation. Harry was perfect for her, a sexy disciplinarian with a soft side for her that he didn't let get in the way when he spanked her. The ideal 'firm hand'...

So, spanking. Finally we get to that :) I love, LOVE the spanking scenes in this book. First the details of the period in the dress are terrific - I very much appreciate the time taken to do this and I could so easily visualize what was going on. The spankings themselves were HOT HOT HOT. Fantastic set up - Ms. Rose took her time and let us experience every second of Kitty's spankings. The sex was fantastically hot and sexy and I was happy that there was plenty of both.

I now plan on re-reading Pleasing the Colonel as this may replace it as my favorite of Renee Rose's books!

Pas baca summarynya ude siapkan mental bakalan baca ero, pas baca waks.. gak berasa ero nya dah, buat gue.. gue ya gue ahahahaha ceritanya bagus dan suka banget sama ceritanya, gak berasa sampe bacanya tau-tau abis, tp emang cuma 8 chap si buahahahahaha....

Harry, Earl of Westerfield, tergila-gila pada angka, die suka banget angka makanya demen berinvestasi dan maen judi, prinsipnya adalah “berjudi hanya kalau die yakin akan menang”, Harry temenan baek sama Viscount Maurice Stanley, satu hari Harry diundang sama Maurice ke rumahnya di London. Harry tau si, Maurice ini banyak utang dan sering banget kalah judi, mungkin mau minta pendapat Harry masalah investasi bla bla.. nah pas lagi asik ngobrol gitu, tiba-tiba (view spoiler)

Aneh banget review nya ahaahaha.. gw ngereview nya buru-buru dan mo pulang kwkwkwkwkw #ahlasan

Sue Lyndon says

Wow, what a great book! I read it in one day and I honestly can’t wait for Renee Rose to write another spanking regency novel. The Westerfield Affair was well written, sexy, and tugged at my heart strings again and again. I loved the heroine, Kitty. She was a lively character and knew just how to deal with a man so reserved as Lord Westerfield. They were a perfect match, despite being complete opposites in every sense of the word, and even though he went about securing her as his wife all wrong, causing her to be angry with him for quite some time. They spend some time struggling to understand one another, and Kitty earns herself plenty of spankings at Lord Westerfield’s hands, but he administers them lovingly. The Westerfield Affair by Renee Rose was a wonderful spanking regency novel with great characters, plenty of conflict, and steamy sex scenes that had me turning the pages.

Linda Sims says

I've given this 3 stars because the author has a nice flow to her writing style. It's a historical romance, but don't expect the things that happen in this to be correct to the period it's set in. Lord Harry Westerfield is a quiet man not given to attending balls and social events. Until he sees his best friend's sister Kitty, he makes a deal with his friend for kitty's hand in marriage. Kitty is furious.

While I liked this I did think that the author took how many times Harry spanked Kitty too far IMO. It almost became abuse instead of erotic.
