## **Witchin' Impossible** Renee George

Small town. Dead bodies. Horny familiar. Hot high school crush. Just another day in Paradise Falls.

When FBI agent and witch Hazel Kinsey and her familiar Tizzy the Squirrel left the paranormal town of Paradise Falls, she swore she'd never return. She didn't want witch and Shifter politics to be a part of her adult life. Worse, she didn't want to stick around and watch her high school crush, Bear Shifter Ford Baylor, carry out the white-picket-fence dream of marriage and family with somebody else.

Nope.

She was never, ever stepping foot in Paradise Falls again... Until her best friend from high school calls and begs for help in solving a murder case getting colder by the minute.

Hazel reluctantly returns to her own personal hell only to deal with more murders, rusty witch powers, a familiar hell-bent on hooking up, and uncooperative citizens. Throw in werebear Ford, who's surprisingly single and hunkilicious, and Hazel has her hands full.

Yeah. All she has to do is conquer her lust, corral her squirrel, save her best friend, and find a killer.

## Merry Chapman says

A Fun Laugh out loud mystery that keeps you guessing.

Leaving a suitcase load of personal tragedy behind, Hazel, a witch who couldn't control her powers and her familiar a flying squirrel, Tizzy, left Paradise Falls and became an FBI agent. She also left her childhood best friend, Lily behind. When Lily calls Hazel and asks for help in trying to find out why and how her brother died since law enforcement refused to investigate. Not wanting to go back, she couldn't refuse the cry for help from Lily. With the permission from the Grand Inquisitor, Clementine Battles (her Grandmother who jailed her father because he killed her mother), she sets off for Paradise Falls to investigate what could be a supernatural killing. The Grand Inquisitor gave her permission but with the caveat that Hazel owed her two favors. Things get really hairy, when her former crush, a Bear Shifter, is a member of the police department. There are many twists and turns and red-herrings combined with lots of snarky back and forth between Hazel and Tiz and Hazel and Ford Baylor, her crush you just can't put this down until you finish it to the surprise ending! Can't wait to see what's next. I received an ARC from the author but the opinions expressed here are strictly my own.

## Cheri says

Oh, my goddess! I loved this book so much. The dialogue is sassy smart, the characters unforgettable and the story a page turner. Reading the blurb it mentions a "horny squirrel" FBI witch Hazel, yep, that's what I said, has a squirrel familiar who is a riot. Hazel, a not-so-talented witch, left home right out of high school. She is a non-practicing witch and an FBI agent. When her BFF calls with bad news and in need of help, Hazel answers. She left with reasons and one of them is the gorgeous bear shifter, Ford, now a cop in town.

The murder of her friend's brother becomes more murders, forcing her to work with Ford who still makes her heart pound and other body parts react as well. He adds some more news to the mayhem.

The players are both shifter and witch and telling the bad guys from the good will take some strong power--can Hazel come up with what is needed? How will she deal with Ford and his news? There is some information withheld by many of the people in town. How will she handle this?

There is plenty to keep you turning the pages, smiling, laughing and raising your eyebrows at the inventive labeling witch Hazel gives things and body parts. Enjoy. I sure did.

## Kristine (A Cozy Booknook) says

I loved this story! Renee George has created a story that will be sure to tickle your funny bone and keep you in suspense. The story quickly grabs your attention and will keep you turning the pages to see what will happen next. There is a little bit of everything in this story, suspense, romance and a mystery - something for everyone. I look forward to reading what happens next!

## **Emily Pennington says**

Hazel Kinsey is an FBI agent so she was expected to have her gun, even though she is a witch who should be able to protect herself. Knowing where to start looking for her missing equipment, she called her flying squirrel familiar, Tizzy, to ask where she had put the Glock. She also smilingly threatened to toss her in jail if she didn't leave her paws off Hazel's FBI-issued gun!

Hazel's phone rang and it was her best friend Lily Mason whom she hadn't seen since leaving Paradise Falls. She said her brother Danny, a werecougar, had been murdered and the witches would not investigate since magic wasn't involved. The shifters also would do nothing since he had been a troublemaker. Every bone in his body had been broken and one of them had pierced his heart. Hazel put in a call to Grand Inquisitor Clementine Battles to get permission to investigate a supernatural crime. As she was leaving a message, the woman herself popped into the middle of the room, startling Hazel! Hazel had last used her magic when she was 18 and the Grand Inquisitor was not sure whether she could spellcast or not after all that time! She granted permission but wanted Hazel to be more active in their witch community in addition to owing her a favor whenever she called it in. The stage is set – let the shenanigans begin!

All I can say is that Tizzy the squirrel stole the show in this book! She was laugh-out-loud funny from beginning to end with a snarky attitude that won't quit! All of the characters were very memorable, both the good and the ornery ones! The story line was fast-paced and really intriguing as FBI witch Hazel takes on the case to find a murderer at the request of her high school friend. The chaos that follows makes this a book you absolutely don't want to miss – even if this is the second time you get to read it! It is such a joy and full of surprises!

## **Brittany says**

I received this from the author in exchange for an honest review. This is book one in a new series coming from Renee George. I really enjoyed it. This was a fun, quick, enjoyable read. I had a smile on my face for most of the book. The only thing that I did not enjoy was how at times it came off as scattered. I mean we get thrown into this crazy world with little to guide us. This was really enjoyable read overall though.

## **Hsu Lee says**

I voluntarily offered to review this book with no obligations and my opinions are honest  
Hazel returns to her hometown to help her friend.  
Ford knows that Hazel is his mate.  
This time, he will not let her get away.  
If only the little issue of a murder would not get in the way  
The characters + storytelling were very captivating  
It has all the ingredients that you need for an awesome book!  
I can't wait for the next book in the series!

## **Krystyna says**

**Tizzy is fabulous even if she is a squirrel.**

Fabulous. Great plot, wonderful vivid characters and written with humour mixed into a great cozy. When she receives a phone call from her old friend, she returns to the town of her birth. (After getting permission from the head witch - her Grandmother. ) As an FBI agent she is accustomed to murder investigations but to hear that nothing has been done about her friend's brother's death makes her see red. Another death with the same cause makes her even more determined to find who is killing shifters. Her magic is pretty poor - more miss then hit but she starts finding clues. Aided by the bear shifter deputy they launch a full investigation. Can they find the killer? How was the killing done as no magic seems to be present at the scenes of the crime? Is she really a mate?

## **Christine Karmelreads2665 W. says**

I can't help loving this book by Renee George. Tizzy is the best part of the story for me because she is the best familiar and up to all kinds of high jinks.

In this book she got beaver-fever. You will have to read the story to find out what that all entailed.

Don't get me wrong but Ford and Hazel also are good in this book but the squirrel took the cake.

This is second reading of this book and I still find it entertaining.

My first review of the book.

Tizzy totally makes this story.

Take a bear and a witch who has failed at being a witch and throw in a squirrel who is just a little nutty and you have a story that will have you laughing even when bad things happen.

How does a failed witch become an FBI agent? Her familiar Tizzy has kept her company for the last twenty years and returns with her to Paradise Falls to help an old high school friend. Hazel will have to face her pass before she can have a future.

Oh man, this book had me laughing at the antics of Tizzy the squirrel she is not your typical witch familiar and it shows. This book was worth ready just for Tizzy alone.

### **Laura says**

This is a great book; this is the first book in the Witchin' Impossible series written by Renee George. When FBI agent and witch Hazel Kinsey and her familiar Tizzy the Squirrel left the paranormal town of Paradise Falls, she swore she'd never return. Until her best friend from high school calls and begs for help in solving a murder case getting colder by the minute. Hazel reluctantly returns to her own personal hell only to deal with more murders, rusty witch powers, a familiar hell-bent on hooking up, and uncooperative citizens. Throw in werebear Ford, who's surprisingly single and hunkilicious, and Hazel has her hands full. This is a great book with a wonderful story and well developed characters. This book will keep you reading long into the night. If you are looking for a great book, then you need to read this book. I am looking forward to reading the next book by this great author.

### **Maranda Raven says**

**A great fun read!**

Loved the book. Completely forgot I read it. The characters are so fun and the story really is brought to life.

---

### **Pam Louis says**

Witch Hazel Kinsey is an FBI agent she has a familiar Tizzy that's a squirrel. Then she left home Hazel never planned to return for a few reasons 1 was witch and shifter poitistics the 2 ND was her high school crush bear shifter Ford Baylor

But her staying away all changed when her best friend called up and needs her help to solve a murder case. Oh I love the the action, drama, mystery, intrigue, characters in this . The story is fantastic. The characters are amazing. The storyline pulls you in fast and your not going to want it to end! Just awesome. Don't miss it Voluntarily reviewed a copy and I honestly loved it.
