Kristen says

The description of this book is terrible. It targets boys and says Kristoff and Sven are in it. This book is ONLY about Olaf. Both boys and girls who enjoy Olaf will enjoy this book. Someone needs to rewrite this description...

Anyway, it's a very short book basically straight out of Olaf's song about Summer. My daughter enjoyed the story because she just loves Olaf (I was never a fan until I had my daughter). This was a VERY short book. There is one sentence on each page. The illustrations are fun and colorful. It's a cute book for Olaf fans but not the best bedtime book due to how short it is. I didn't feel like my daughter really settled in to bedtime routine before it ended.

Dawn says

The description of this book on here is completely wrong. The entire book is about Olaf. I think anyone who likes Frozen will find this book a nice, quick read with a story that goes along with the movie.

Jessica says

I'm not sure why there is a "boys 3 to 7" range on this book. My 21 month daughter loves this book because it features Olaf, and she adores Frozen. She loves the pictures and has a lot of fun when I read it to her.

Jordan Turner says

This book is very cute and have funny jokes in it for kids to read. Although it's not really a story, mostly a bunch of statements about summer coming from Olaf. Kids who already loved Frozen would probably like this book too. Quick read with only one or two sentences a page.

Krista Lynn says

My children love Frozen. When my son and I were at the store he saw a display of Frozen children's books and grabbed his one right away and I bought it for him for his birthday. I support his love of books all the way.

When we got home we sat down to read it. Having seen the Frozen movie more times that I can even imagine, this small book seemed a lot like deja vu. The pictures are stills from the film. The "story" closely follows the scene in which Olaf sings "In Summer", however it is not word for word the lyrics. Over all I am unimpressed but my son *really* likes it. I would say there's really nothing new or exciting to see here from my adult perspective.

Wilde Luo says

Good fantasy for children.

Jessica says**My five.your old loves reading this**

not.only her favorite movie but now her favorite book. and she can read.it herself. a nice little cute book. and a snowman who wants to live in the summer.what can go.wrong..

Acacia Van Tyle says**It is sweet and easy to read**

it was sweet. it makes kids happy.

easy to read. the kids love frozen.

good for kids. it makes people dream.

Carolann says**Summer with olf**

I think this book will be grate for little kids and the ones that love olf in the movie. my family really loved the movie so I know that other family's will two!

good luck olf!

Renee Abernathy says**cute**

Cute but very short story. Granddaughter loves anything Frozen. Even she was disappointed it was so short. It was only about Olav. She liked that.

Holly Letson says

Olaf dreams of a fun day in the sun. He never realizes that it would cause him to melt.

Jodie says

Having hosted several events centered around Frozen, I have read several of the books. This one was fun and who doesn't love Olaf!

Sarah Adamson says

This is Olaf's book. I am so glad to see they managed to stretch that one little song into a whole book for this great Disney character.

Olaf tells us how much he loves summer and all the things he wants to do in summer making this a great summer vacation book.

Gretchen says

I'm not sure why the description stresses that boys will like this story, as it doesn't contain anything not featured in the movie and therefore enjoyable for both sexes, so don't let that deter you from getting or reading this to a female child.

The story is simple and the pictures rendered almost exactly from stills of the movie. Nothing spectacular or surprising here, but it's a good bedtime read for a younger toddler with a Frozen obsession.

Allison Linsey says

Frozen A Day in the Sun

Boys ages 3 to 7 will love this full-color storybook that features Kristoff and Sven from Disney's Frozen!

This book is about the famous Olaf, a snowman who loves summer. He explores the summer activities that most of the time would make him melt! This would be a fun book to read to kindergarteners or first graders. It is a very short simple book.
