A Savannah Christmas Wish Nan Dixon

A relationship in need of renovation

Bess Fitzgerald is thrilled to be overseeing the expansion of her family's B and B. Working with Daniel Forester, not so much. After one wild night, they agreed to stay out of each other's lives. The attraction still sizzles between them now, but Daniel's need to be in control and Bess's impulsive nature continually drive them apart.

Keeping their relationship professional is harder than Bess anticipated. And it's not long before they give in to temptation. Suddenly it's clear Daniel needs her in a way she never thought possible. This may be the year Bess finally gets her Christmas wish!

Darlene Otet says

I received the book for free through Goodreads Giveaways. I really enjoyed this book - and I have the larger print version which was easy to read. A really good feeling romance - I cried a few times during this book, so was obviously a great romance! Enjoyed the two families and their lifetime relationships, which led to romance!

Kate Vale says

Part of the Fitzgerald House series, in this story, Bess Fitzgerald is overseeing the expansion of the family B&B. Daniel Forester is the main contractor and it appears they can't stand each other--or maybe something else is going on. After all, they did sleep with each other back in the day when she was young and he was stupid. If either were to describe the other, he would call her impulsive and she would stomp her foot at his controlling nature. Either way, not a good combination.

When Daniel's dad takes a turn for the worse, he needs comforting and Bess is willing, but how can they keep the comforting from becoming something else? Clearly, they can't, and that only makes Bess' heart break when Daniel refuses to see that they really could have a present and a future, and not just a checkered-with-bad-decisions past.

A yummy Christmas gift for yourself.

Suhail Barot says

Liked this book a lot. It was nice to see the building come alive at the same time as the characters found love

4.5 Stars. Review at <http://wp.me/p2F7IH-bwh>

Michelle Ransom says

I really enjoyed this book! I felt like this book was very realistic and it kept me interested. The relationship was not perfect and they did break up a lot, but I enjoyed reading about how they made up each time. I enjoyed the many conflicts that occurred in the book and also how they dealt with tragic situations that happened. I also liked reading about both of their jobs as it was very interesting. I am happy to have won this book through the Goodreads giveaways!

Kristine says

Good story

Good story, excellent writing, good editing, great characters, but why an excellent author like Nan Dixon has to put so much sex in an otherwise excellent book is a mystery to me.
