Tyrisha is finally in a good place with her man and son. She wants nothing more than to raise her son and be a good wife to Moses, finally. When Tyrisha finds out something about Moses she never knew, will her life change or become better?

Good read

At first the new characters the new of a little bit, but they added to the story and eventually meshed well with the other characters. Glad everything worked out for everyone. Reshawn is a trip I'm glad Mezzie got on her grown women to put his simple behind in check. Two wrongs don't make a right but Reshawn definitely needed a reality check.

Family

The way this story ended was great. I really enjoyed seeing how each of their stories played out. Only thing missing is I know Marquise sneaky behind was hiding something. They had a crazy family circle but it worked for them.

A Woman's World 3

This was pretty good and I was glad to see Mezzie get a taste of her own medicine. Still don't like her. Loved the interactions of the family and friends. Marques remained unknown because we never got a clear picture of who he was. I absolutely love Tyrisha and was glad to see her journey with Moses. Nard and Moses are so cool and they are the stuff. This is definitely recommended.

Good closeout read for the series, all the issues were put to rest but what happened with Eddie? Really wanted to see more of Lace but I guess he could only do so much. I soooo wanted Victor to be a problem of the major leagues but with the way it was done seemed way too easy. Typical issues with this one but overall a good read.

It's a breathtaking and outstanding read. I enjoyed reading this book and get know each of the characters. Once again, Jahquel J did a good job. It's more drama, drama, and drama.

I'm happy that Mezzie, Tiffany and Tyrisha are becoming good friends to each other. Tiffany needs to slow down and focus on her goal. I'm happy that Reshawn gets his acting together as father, and become a better man for Mezzie and kids. I'm happy that Marquise is out of the picture in this book because he's an annoyed and bored.

This book and author deserve 5 ??????????. I'm looking forward to read another book from this author.

Good job?????????!!!

great great book !

This series was great , all the books went together & the story wasn't all drawn out , when you went to the next book it made sense & you still were trying to guess what was next to come , I love that it ended like they were actually writing the story . great book !! 5 thumbs up !

It was an okay read

I felt it was ok in a way because I felt it was unfinished like some of the story was left to be untold but regardless of that it was ok

Yesss mamm. Jauquel J. you definitely a beast with it. I'm very satisfied the way the series ended. And how you included Quinton back with Tiffany was magical. I have the upmost respect for Moses and how he cares for another man's child as if it's his own. Nar was a real dude, much respect. The characters finally got happiness and I love a pleasant ending.

Glad its over

The madness...I guess I grew up sheltered. The things they went through I could not imagine. But overall good series.

Good book

It was a good book. A few errors so i couldn't give it 5 stars. I wish it would of recalled the first two books since its been awhile since I read them and couldn't remember what was happening.

This is my first time reading this author's work and, it will not be my last! I am so glad that Tiffany was finally able to find someone for her and Madison, I actually like Quinton. After witnessing the murders of Tone and Kim, I don't think that Dalia though her blackmail plan out to well. I think if Nard wasn't a good friend of Ephinay's father that, they would have been dead as well. The twins were no joke at all, they took names and asked questions later. Now that lace and Ephinay have become an item, I would like to hear from them in the future. lace and Ephinay are both crazy so, they will get along just perfect.

Series is like that

THE WAY THIS SERIES WENT COULDN'T ASK FOR A BETTER ONE TO READY THE WAY THE AUTHOR WROTE THIS BOOK IT WAS GREAT. THE BETRAYAL DRAMA AND FIGHTS AND THE MEN IS WHAT MADE THIS BOOK A GREAT READ. THE WOMEN DIDN'T PLAY NO GAMES WHEN IT CAME TO THERE MEN OR BROTHERS. AND LACE HE WAS A CRAZY ONE BUT CRAZY IN A GOOD WAY. HAVE TO READ WILL LEAVE U STUND AND I MEAN IT.

Alesia Russell says

Nice ending to this series... was completely thrown off how everyone/thing seem to do an about face. Dalia was in way over her head, but it lead to better things for her. !! Tyrisha and Tiff being friends again, didn't see that coming. Of course Big Nard knew the crew!! Every book was like reading a different story and from the first to last was a total flip flop of most of the characters and the issues!! Still don't like that Tyrisha seems to have gotten a pass and really think less of Moses also!!

Twigi718 says

This book is so exciting ... the things these characters get into seem unreal but I know they really happen in reality... my fave is Mezzie she's hood crazy and simply just doesn't give a f just like me . Happy reading
