Dana Perkins says

I enjoyed watching the Netflix TV series Anne With An E so much I just had to read the book on which it is based. I loved the way irrepressibly optimistic Anne, a bright 11-year-old orphan girl, used her wit and imagination to cope with the difficulties of her childhood. From the very beginning of this story, Anne captured my heart as she navigates her way through what promises to be a turnaround in her life.

Perhaps of interest to those who attended Pastor Jims evening series on forgiveness, the story also just happens to have two wonderful examples that illustrate so well what makes a good apology (express regret, accept responsibility, make restitution, genuine repentance, request forgiveness). The first is when Anne has to ask a neighbor to forgive her for being rude. The second is when Marrila, the girl's ward, has to ask Anne for forgiveness.

A friend of mine says he read this book 41 times when he was growing up. The storyline, the writing and the character development make this a very worthwhile and enjoyable read even as an adult.

Jessica says

The Anne books are my ultimate comfort stories. I first read them as a child and I return to them over and over again as an adult. I can't wait to share them with my daughter one day.

Tammy Lyn says

I have always loved Anne of Green Gables, though I forgot how far the additional books go into their children's lives. LONG read but good.
