## **Beatrix Potter The Complete Tales** Beatrix Potter

This complete and unabridged collection contains all 23 of Beatrix Potter's Tales in one deluxe volume with all their original illustrations. The stories are arranged in the order in which they were first published so they may be read in their proper sequence. A special section at the end of this volume contains 19 audiobooks from the Great Big Treasury of Beatrix Potter with their dramatic readings!

Although each story stands on its own, several are linked together by events and characters.

The following stories are included in this book:

—"The Tale of Peter Rabbit"

—"The Tale of Squirrel Nutkin"

—"The Tailor of Gloucester"

—"The Tale of Benjamin Bunny"

—"The Tale of Mrs. Tiggy-Winkle"

—"The Tale of Mr. Jeremy Fisher"

—"The Story of a Fierce Bad Rabbit"

—"The Story of Miss Moppet"

—"The Tale of Tom Kitten"

—"The Tale of Jemima Puddle-Duck"

—"The Tale of the Flopsy Bunnies"

—"The Tale of Mrs. Tittlemouse"

—"Appley Dapply's Nursery Rhymes"

—"The Tale of Johnny Town-Mouse"

—"Cecily Parseley's Nursery Rhymes"

—"The Pie and the Patty-Pan"

—"The Roly-Poly Pudding"

—"Ginger and Pickles"

—"The Tale of Mr. Tod"

—"The Tale of Pigling Bland"

The world of Beatrix Potter is as appealing now as when it was first created at the turn of the twentieth century.

# **From Reader Review Beatrix Potter The Complete Tales for online ebook**

## **Kristina says**

Super cute illustrations, funny stories. Sometimes a little bit strange, but sweet and diverse.

---

## **Virginia says**

Although I read a couple of these as a child, I hadn't read the entire collection. So worth it! Loved the timeless treasure!

---

## **Chris Meads says**

This is a book full of cute stories.. I remember Peter Rabbit getting caught in Mister McGregor's garden along with other stories. Some I know and some I didn't This would be a delightful book to read to small children (I actually remember a neighbor lady having the books).

---

## **Ruth says**

DELIGHTFUL!!

---

## **carol says**

### **Excellent!!**

After watching a movie on tv about Beatrix Potter I decided to read her stories. At 65 years old I have so totally enjoyed these children's stories and found myself unable to put the book down. Excellent reading and pictures

---

## **Jeniece Goellner says**

This is a wonderful, leather bound collection of all twenty three of Beatrix Potter's tales. Four are ones that were never published when she was alive. A great addition is a little forward before each story, giving a little backstory about the book and when it was published. It was a wonderful insight into Potter's life. The stories are arrange on how they first were published, so you get one of the best right off the bat with "The Tale of Peter Rabbit", a book I fondly remember having as a child in the form of a miniature book. Peter Rabbit is well known in culture, even by people who have not read the story. Beatrix Potter's art work is so gorgeous,

sometimes over shadowing the story accompanying it. The language is a bit advanced for young children, being written in the early 20th century. Many words have passed beyond everyday use. And not every work is a great one. There are certainly some duds and others that take too long to get to any point. There was one story that I remember well, "The Tale of Two Bad Mice", but was nervous rereading. I have such a vivid memory of sitting on my grandfather's stomach as he read it to me as a child. I lost my grandpa when I was four years old, so I feared that the memory might be sullied if the story was not as delightful as I remember. It was just a wonderful as I recalled though. The little mice ruining the doll house is so enduring, especially when they try to make up for their naughtiness at the end. I loved taking the time to read all of these aloud with my husband prior to children arriving in our household. I have a good understanding of what stories to start with, and which to wait for a child to get older.

---

### **Samuel Valentino says**

It was good to read all the stories, but the quality is somewhat mixed. There are great ones like Peter Rabbit, but there are other ones that seemed to make no sense at all. By that, I don't mean to me as an adult, but even to children - I couldn't imagine reading some of these to my own kids, in particular the Tale of Ginger and Pickles. But the majority of them were good, and, of course, the illustrations were outstanding. She was an amazing illustrator, and even in stories I didn't care for as much the drawings were spectacular.

---

### **Melinda says**

This version had a lot of adorable stories and pictures I hadn't seen as a child. I've always been a huge fan of Beatrix Potter's style of art and her way of portraying sassy rabbits and cats. It was a great trip down memory lane.

---

### **Danielle says**

Charming stories, lovely illustrations, and great vocabulary. Scott followed along well but definitely didn't grasp 100% of each story, which I'm not sad about because that just means we'll need to read it again next year and maybe the year after that too. Also bought the audiobook narrated by Jim Weiss and it's fantastic!!!

---

### **Anna-Maria says**

I have read the kindle version and was done within 2 days. This was so charming and delightful to read! I really enjoyed it and will gladly read it again in the future!

Although it seems to me that in the kindle version one or two stories, that are included in the hardcover version (according to Amazon), are missing.  
Still these stories are very enjoyable!

---

## **Donna says**

Challenge: RRRCs December 2018 - Fur on cover (5). After reading B. Potter's biography "Over the Hills and Far Away", and watching her bio pic "Miss Potter", this soft-cover volume was a much loved read. Enchanting stories and highly-skilled illustrations, all by Beatrix Potter. A wonderful obsession are all of these to reading "The Cottage Tales of Beatrix Potter" by Susan Wittig Albert.

---

## **Lynn K. says**

Beautifully illustrated. The stories and characters are still charming and magical even re-reading as an adult.

---

## **Nicole says**

These were books read to me as a child. The stories are whimsical but I always loved the pictures that Beatrix Potter made for the stories. They are just gorgeous as is this book containing the complete collection of Peter rabbit!

---

## **Marilee says**

Beatrix Potter is a favorite of mine, I love this beautiful edition of her work.

---

## **Negin says**

What a treat! I wish that I had had this collection when my children were young. We had a few of the Beatrix Potter books, but certainly not all of the stories here. I also like the fact that there's a map at the beginning of the book. I love books with maps. This collection is simply charming. The illustrations and stories are delightful. At the beginning of each story, I enjoyed learning something about Beatrix Potter and how that particular story came to be.
