George and the man with the yellow hat enjoy watching the winter sports competition. When they stop to warm up with some cocoa, George's curiosity about the racing equipment leads to some wild rides up and down the slopes. He creates quite a stir at the resort, and may even create a new sport! The adventures of Curious George continue in an all-new series beginning in fall 1998 with eight new stories. Written and illustrated in the style of Margret and H. A. Rey, the books appear in paperback (8 by 8") and hardcover editions and feature the art of Vipah Interactive, the animators of HMI's Curious George CD-ROMs.

### Kathryn says

How I love teaching my boys about a lack of consequence! It's ok that George messed up the skier's race because the skier won the next race! Kids are not as dumb as some people think. My boys thought George would have been in trouble if the skier had not won the second race. My five-year-old did not think this made sense and he is correct. I know, curious George sacrilege.

Salah satu buku anak2 berbahasa Jepang yang pertama saya baca. Judul versi bahasa Jepangnya lumayan berbeda, "?????????????" (George si monyet, bermain ski).

Sejurnya bukunya agak bahaya ya kalau dibaca oleh anak2, soalnya si George ini selalu saja beruntung untuk mengelak dari tanggung jawab. Pertama kali baca, saya kaget, sampai bertanya2, "Seriusan nih, buku anak2 Jepang ngajarin yang beginian?"

Ohh.. ternyata buku terjemahan. Yo wis, saya langsung mingkem ga protes lagi :D

Kisah kali ini tentang si George diajak jalan2 menonton pertandingan ski oleh Paman Bertopi Kuning. Seperti biasa, George penasaran pegang2 kereta luncur (sled, ??) punya orang, lalu terlibat masalah (dikejar2, nabrak tiang, ngerusakin kereta luncur, lalala). Di bagian akhir buku, (seperti biasa) ada plot twist: George nabrak seorang pemain ski, tanpa sengaja melakukan gerakan akrobatik, pemain skinya selamat, semua orang bersorak senang. Kemudian (di sesi selanjutnya) pemain ski tersebut menang lomba dan setelahnya berterimakasih kepada George. Wuaneh pol :p

Tapi saya ga kapok sih baca seri si monyet George (bahasa Jepang) ini, soalnya level grammar dan vocabnya pas untuk kemampuan bahasa Jepang saya \*nyengir kuda\*

### Alyn says

Curious George goes on a trip to a ski resort and his curiosity gets the better of him. His trips down the mountain are pretty crazy and quite dangerous but good old George is able to get through them all with no scrapes or bruises. My son's favorite part is when George mistook a pizza pan for a small sled. He thought it was the silliest thing ever.

### Rebekah says

It's a fairly typical George story, man in yellow hat leaves him alone thinking he'll stay put. But it's not actually by Margaret and H.A. Rey. It's done in their style and I feel this should be clearly printed on the cover.

### **Devera Chandler says**

Typical George book, always a sweet but naughty monkey.

### **Jasmine from How Useful It Is says**

My 3 year old loves Curious George. He watches all TV shows on all 6 seasons on Netflix. He watches many reruns on TV. Recently I bought him about 15 different books. He learns a lot from it. Great series, books and TV shows. He enjoys this book tonight. I read him 5 curious George books a night. He likes me to read and re-read them for him.

### **Reepacheep says**

The man in the yellow hat says, "I'll be right back, so don't get into any trouble." I just roll my eyes... isn't this how all the Curious George stories go? You'd think this guy would have learned by now. I can't help but be aggravated by how a disruptive and destructive pet (also applies to a misbehaving child) receives applause at the end of the story as everything somehow works out for the best.

And then there's the problem about the "monkey" not having a tail (click here to see an educational video that clarifies the differences between monkeys and apes).

### **Seb says**

I typically like Curious George... or so I thought... This book teaches kids that it's OK to be a jerk and cause chaos because everyone will appreciate the messy situation that resulted. [You destroyed my time in that competition but I have another event coming up later anyway! No problem for stealing that sled and running through my event.]

### **Kari says**

Monkeys and snow what could be better on a cold winter day... My three-year-old granddaughter says nothing!

---

### **Rosa Cline says**

This is a good 'classic' Curious George book. George is a monkey that often times (always) gets into some sort of adventure-trouble. His curiosity about life around him sometimes overwhelms him. He and the man with the yellow hat goes on a skiing trip. George hasn't ever done something like that before. He experiences skiing, sledding, and snowboarding and never really knows what he's doing. But he has fun and makes friends all the while.

### **Lana says**

We are all Curious George.

### **Angie says**

**Synopsis:** *"George and the man with the yellow hat enjoy watching the winter sports competition. When they stop to warm up with some cocoa, George's curiosity about the racing equipment leads to some wild rides up and down the slopes. He creates quite a stir at the resort, and may even create a new sport!"*

**My Review:** I don't know what the difference is with this book and the other curious George books we have read but it didn't have the same feel and it didn't capture Munchkin's interest the way they normally do. It is still a fun book with some great winter activities. I guess this book just wasn't in our interest zone right now.

### **Asho says**

My son picked this book out at the library in April, right around the time I was ready to be finished even thinking about winter weather. As a result, I wasn't particularly eager to read it. In my defense, after picking it out he brought it home and then never asked me to read it. I do know he read it with my husband a couple of nights. I'm assuming it's just your typical George book.

---

### **The Brothers says**

Curious George and his friend head off to the slopes in this adventure. The man with the yellow hat goes to get some hot chocolate and while he's gone George (inevitably) gets into trouble.

Typical Curious George illustrations.

### **Laurie says**

Horn Book Spring 1999

Based on the original character by Margaret and H. A. Rey, all these books follow the same formula, in which the man with the yellow hat leaves George just for a minute, and George forgets to "stay out of

trouble." The illustrations are done in the style of the originals. While there's nothing new here, the books will please fans of the little monkey.
