Hidden Hazel Hunter

A safe haven becomes a killing field.

Though Fae warrior Ryan Sheridan can't regret giving protection to Kayla and her sister, their enemies have not rested. When their Dark Fae pursuers breach Forever Faire's defenses, a bloody melee ensues. In the aftermath, Ryan reconsiders the cost of harboring his mysterious charges.

For Kayla, the fallout is not something she could not have predicted. Even as Ryan opens his heart to her, her sister shuts her out. Although Kayla discovers love, as well as her real heritage, both may come at a price.

Laura says

Again it was ok.....

When this series first started out the books had so much potential the storyline could have been amazing.... But between the POV and the dialect its ruining it for me, Lass is said a lot which obviously is Irish, homeland of Fae Folklore, then they steer off into old English like i am reading Quotes from Chaucer or hearing an Arthurian Knight..... Some very confused people/fae/bike horses.

The Imagination behind the story is incredible, but the way its been put together feels a bit haphazard i don't dislike it and will carry on the novella's but disappointed as it could be great.

Rickie says

There is still mystery within the story, but Tara is no longer what Kayla hoped her to be...a victim. I was so very happy to see Colm and Christine back in the picture. I cried in the last book thinking Colm lost to us. Betrayal will take a big part in this book between the sisters. You won't want to miss out. Let the chips fall where they will until resolution is found to rescue our girl. Therein lies the cliff hanger for this book. Will Ryan prevail?

joyce english says

Never Again

The story line is fairly good. I want to finish the series, But I am so mad that each book is so small, I mean good grief I finished the last book in an hour! I know you want to make something on the sale of these books, but this is totally ridiculous, should have put at least 2 of 3 books together. Will never read her books again.

Lori Flemming says

You never really know a person .

who can you trust ? Heart pounding , fear . Tears and joy of such magnitude that you can't put it down .

Diana Page says

Book three is a continuation of the Forever Faire Series and it has some hidden truths that come to light, but are they true or has Dirk Blackstone been playing Tara all along ?? One whammy after another all ending in the cliffhanger of cliffhangers !! I need book 4 to come out as fast as author Hazel Hunter can get it written !! 5 ?'s for building an amazing Fae under-world, characters you love and love to hate , and keeping you guessing the whole way through, which is sometimes very hard to do !! I received an ARC, and am voluntarily choosing to leave an honest and unbiased review.

Leah says

This is the third installment in the Forever Faire series.

This installment opens with the Dark Fae attacking the Forever Faire clan. Kayla watches in horror as her friend Christine sacrifices herself for Kayla. The battle ensues until a mysterious force comes upon them and give the Forever Faire clan victory over the Dark Fae.

As Ryan, Kayla and the others are helping the wounded Fae and mortals Colm and Christine who everyone thought was dead come back to life. Christine tells of a mysterious woman who was singing to her and brought her back from death and allowed her to bring Colm back with her. Ryan knows that this is special magic even for Fae and vows to learn more about what this means.

Kayla's sister, the Dark Fae changing, is injured in the battle but refused to talk to Kayla because she thinks Kayla no longer loves her and only loves Ryan. Kayla is forced to let others take care of her sister. She also realizes that she can no longer fight her feelings for Ryan, the Fae leader of the Forever Faire clan. He helps her discover that she might be part Fae herself and helps her hone her gift of speaking to animals. Against his better judgement and to keep his love Kayla happy, Ryan agrees to continue to protect Kayla's sister and take both of them with him and the Forever Faire clan when they leave the fair grounds to a more protected fortress.

Will Ryan and Kayla be able to overcome the odds that are keep them apart and find their happily ever after or will the Dark Fae and Kayla's sister continue to drive them apart?

Find out in this next installment of the Forever Faire series.

I give this book 5 stars and can't wait for the next installment.

Keoki Ki`Ili says

In the aftermath of the fight between the dark and light fae, our heroes are struggling to survive. Sending the rest of the human crew to safety and preparing to leave themselves. Surprises give them hope but end on a new betrayal.

Christie R. says

Dark & Imaginative

In the third installment of this series things get out of control. You don't know who is what and if everything is as it seems. One of the sisters is bidding something and the other is in a different way. Find out when you read this steamy and mysterious book of forever faire.

heather scott says

Yep...

I am addicted to this series. It's so great. This book has been my favorite so far! Highly recommend this series.

Lynn Porter says

Strange

Resulting in marvelous humans, with odd little quirks available to them. When needed or. Wanted. I want to live in this world ?

Zeinab Dh says

I chose to read and review this book. I liked it. I have not read book 1 and 2 but still was able to follow and understand it all. It is full of many things that kept me reading till the end. It is full of suspense mystery action and much more that captivated me to it. I recommend it.

KelticKat says

the battle for Forever Faire and Kayla & Tara - continues...

Magic explodes over the grounds of Forever Faire, death & destruction abound. But this day magic prevails. What is made is unmade, What is broken is mended.

The sisters - Kayla & Tara are at odds with each other. Kayla & Ryan grow closer. The lines between good & bad, black & white become hazy & grey.

I continue to enjoy Kayla, as a character, but wish she would see more clearly those around her. Tara - has never been my favorite and we are beginning to get a glimpse of the REAL Tara.

Again, I enjoyed this trip and will definitely take another SOON! (I feel like a little kid begging my parents to "go again"!)

Sabrina Nia says**Series heaven!**

Love the series and all the low and highs that make it all great! Captivating and sultry are just a few words to describe this book.

Brandi says**Good series.**

I've really enjoyed this series. My biggest issue is the ever present cliffhanger at the end. Well that and my lack of patience for the next book. Regardless, I definitely recommend this book and this series.

D.C. says**Meh**
