Intimate Strangers Danielle Taylor

With evil lurking on every corner, can two veritable strangers survive on love alone?

Chelsea Reid shares one sinful night with a delicious stranger and she winds up pregnant. Disowned by her parents and forced to leave university, she accepts an offer from her boss, Hannah Magnus-Dunlop, to stay with her and her family.

Christiaan 'Tiaan' Carstens had everything going for him. In the blink of an eye, he lost it all, including most of his mind, tortured in an American run facility because he didn't die when a rogue politician wanted him to. His former colleague Mackenzie Dunlop extended an open invitation to come back and visit him in Vancouver. The very last thing Tiaan expects to see up north is sweet Chelsea - and his infant son.

The memories of that one magical night they spent together acting as the glue that holds him together, Tiaan attempts to string the rest of the pieces of his life into some form of semblance, while trying to figure out if Chelsea even wants him in her life.

Maria says

The sex was really hot !

Karen Rucker says

Christiaan had my heart...only to stomp all over it...and regain my love again. This was an emotional roller coaster that I absolutely enjoyed! Keep up the goods Danielle You definitely have a fan ?♥?♥

Crystal Marie says

Have you ever met a character that you really really liked and then you realized he was a complete jerkface? Yeah that happened with me and Christiaan, I still have a love/hate relationship with him. Even thinking his name while I type this up gives me mixed feelings.

Anyway this story was really good on a few levels. I enjoyed the fact that even though this story is about Chelsea and Christiaan we got to catch up with Mac and Hannah. That was great to me, and they didn't take over the story at all. They were just there to help support their friends.

Chelsea was an amazing character, even though I completely loved Hannah in Captive at Christmas, I think that I love Chelsea more than her. Going through what she had went through, and still coming out on top was just a great thing for her. She showed strength where she needed too and was still fighting to keep herself on top.

Christiaan worked his way back out the hate part of our relationship a little bit after finding out more about his past. I can't imagine going through what he went through, I wouldn't want too on any level. Even though he had his bad moments, when he knew he needed to step up to the plate he did without any real complaints.

The relationship between the two of them was really good. The sex? Oh the sex was freaking hawt! I mean really really hawt. Overall I do think that including the drama that this book had, it was still a really good read. I can't wait to read more into this series!

Mary says

OMG!!

What a story! Wish I could turn a man inside out like that!!

Nicoletta Campanelli says

Wonderful story, loved the characters. Ready to read the third installment.

Julianna says

Really good followup book.

Beckey says

Won the book during FFFB (put together by Tina Pollick) got both this & the other ..
Interesting to read :)

Mish says

Aww that was love heal all wounds when you lost and reunion with the love of your life

Melissa says

LOVED this!

Christa Simpson says

Christiaan is one sexy mofo. The whiskey eyes, tanned flesh and that sexy-ass voice gave me the chills (in a good way). ;) He has an incredible voice, and I don't even know how the author did that. She creates male characters like I've never read before. Love that.

Of course, I still LOVE Mac, cuz he's so big and sweet and effin delicious haha. I was glad to see more of him in this story. Macho comes to mind... and I like that.

The sex scenes in this series never cease to amaze me. Yowza. Hot stuff!!! Always pushing the envelope.

Once I got into this story, there was no putting it down. The attraction between the main characters was palpable and their love connection undeniable. Danielle has an amazing way with words that really makes me FEEL what was going on. That's incredible. Can't wait for the next one!!

Kaci says

Lucky me! Not only did I get the first book during Tina Pollick's Fun FB Friday, I received book two also!

I enjoyed this book just as much as I did book 1. Even though it's a novella, Daniella Taylor packs as much into it as one would get from a full-length novel. I quickly become invested in the characters and their plight.

I can't wait to read more!

Synopsis: With evil lurking on every corner, can two veritable strangers survive on love alone?

Chelsea Reid shares one sinful night with a delicious stranger and she winds up pregnant. Disowned by her parents and forced to leave university, she accepts an offer from her boss, Hannah Magnus-Dunlop, to stay with her and her family.

Christiaan 'Tiaan' Carstens had everything going for him. In the blink of an eye, he lost it all, including most of his mind, tortured in an American run facility because he didn't die when a rogue politician wanted him to. His former colleague Mackenzie Dunlop extended an open invitation to come back and visit him in Vancouver. The very last thing Tiaan expects to see up north is sweet Chelsea - and his infant son.

The memories of that one magical night they spent together acting as the glue that holds him together, Tiaan attempts to string the rest of the pieces of his life into some form of semblance, while trying to figure out if Chelsea even wants him in her life.

Review: I was given a copy of *Intimate Strangers* by Sunshine and Mountains blog for an honest review. I enjoyed the continuing story of Hannah and Mac but I really liked Chelsea and Tiann aka. Christiaan. I liked their love story and the way that they met. Boy I bet that elevator was steamy. Haha I enjoyed this novella and all that it had to offer. It was full of surprises. Danielle is a wonderful writer. I love a book with drama and romance. Those are the best kind. This book was all of that. I give this book a 4.5 out of 5 stars!

Amy Cox says

I received this as an ARC to review for the author. I was too excited by reading the blurb it sounded amazing. I was definitely not disappointed. Although I was sad that it was shorter than I expected. She did tie up the story and I now am waiting patiently for the next book! Christiaan or Tiaan, and Chelsea both had so much to overcome within themselves, and I felt the emotion. Although parts of me wanted to kick Tiaan in the butt several times because of how he lashed out. I found myself falling in love with the characters and the fact that the story line continues on with Mac and Hannah I loved that so much!

Back to the story here... Crooked politicians, life and death missions, lives hanging in the balance...well and then there is Tiaan! Who doesn't love a man with an accent! I could just picture him. He has a chance encounter with a woman (Chelsea) and he can't help himself...well neither can she! I blame the elevators and

power outages! Then the story picks up twelve months later and they both have had to go through more than what is fair. I love how strong Chelsea is, I have read so many heroines that are weak at best...well not Chelsea. She comes right out and tells it like it is and doesn't back down when push comes to shove.

I don't want to post too many of my thoughts about details as to avoid spoilers but I really enjoyed the read. The sex scenes were steamy and the emotions were there as well. The only thing I can come up with that I wished there was more of was the hotel scene. The flashbacks were so heated that if she were to have posted the whole thing it may have made my kindle smoke!

I would definitely recommend it and actually have. I will definitely be reading the next book in the series. To see where the story goes for all these characters.

Priscilla Robinson says

This book started off steamy which is always a plus however it lacked the character connection that I loved from the first book in the series. Other than that there is nothing bad I can say. I truely enjoyed this book

Pamela says

Some nights you're just in the mood for some totally unrealistic and ridiculous fluff with a lot of hot smut, and by golly this novel delivers.
