Left of Centre

Zathyn Priest

Left of Centre Zathyn Priest

When self-confessed player Brand Faulkner arranges to meet three different Goth guys over the course of one weekend, he isn't expecting to meet someone like 'Enigma'. Enigma isn't like anyone Brandon's met before. He's unpredictable, volatile and... well, downright weird! To make matters worse, the gorgeous Enigma isn't at all impressed with Brandon and is unafraid to crush the man's ego at every opportunity. For the first time in his life, Brandon has to work hard to win the guy. Will Brandon agree to Enigma's left of center, bizarre requests, or is the player about to get played?

Ery says

A very cute/sweet goth story with some unique characterizations. As is often the case with such short stories, I wanted MORE MORE MORE (but not because it felt incomplete)

Bev says

Another 5 star review for this cute short story

Lots of reviews have already been done, so this one is short and to the point. Lots of laugh-out-loud moments, really engaging characters **and** a Happy Ever After!!

Deeze says

This has to go on my fave list. My hats off to Zathyn Priest. He has given us a short story that easily rivals some full length novels . This quick read has packed in not just a humorous fun story line, but a punch to the gut you never expected. I started this thinking it would be a pretty safe fun easy read with nothing really out of the ordinary. I was looking at it for the comedy value. What I got was exactly what I expected but with just that added bit more that elevates this from a great 4 star to an its brilliant 5 star.

Zathyn Priest is fast becoming one of my all time favourite authors.

ETA

I really hope there is a sequel one day, I'm eaten up with curiosity to see how these to guys are doing, not to mention Fluffles and Bendy

Heather C says

This was such a sweet story. In the beginning I didn't think I would really like Brandon since he was such a player/slut. Lets just say he learned his lesson and found out how much of a bitch Karma can really be. It was laugh out loud funny, too. I actually had to stop reading a few times because I was laughing so hard I couldn't see through my tears!

Its really short so won't take much time to read.

Natsroshan says

This is really an amazing story.

Brandon is really an unusual hero: a true casanova, unscrupulous, selfish, egocentric. He uses people without any remorse.

Enigma always looks bad tempered and has a nasty tongue, he is a worthy opponent for him.

I loved how Brandon's ego is trampled and these scenes are hilarious.

Their meeting disrupts his life. We have lots of surprises: the author reveals things layer by layer.

Zathyn Priest has the art of creating characters that are not found in any other book. They are unique and unforgettable.

I read it 2 times in a row and I can not get enough.

Macky says

What a fantastic story! Another short sweet read from Zathyn Priest who's writing style, characters and quirkiness tick my yaay box in a big way.

This is the third story of his I've read now, one a full length novel and including this one, two shorts. I've given 5 stars each time, regardless of length, and as much as I've loved each one, this is definitely my favourite up to now. I have a thing for quirky off the wall characters and ' Enigma ' aka Lewis has to be one of the most weirdly endearing ones Ive ever come across, as well as being fascinatingly odd, he's beautiful and leads Brandon- whose cocky, a bit of a player and goth lover - a real merry dance. The two of them together create a little bit of magic. Like his other stories the humour is dry, witty and snarky and yet he still manages to slip in some tender poignant moments to even the balance. I think what I loved most of all was the slight twist in the story that you really never see coming making it a sweet oddball romance that I will definitely read again and again and always come away feeling happily sated! I think his stories are like chocolates... You can't just have one, you have to have the lot!! Highly recommend . Big love! :D

Mandy*reads obsessively* says

I really, really wished this story had been longer!!!

It was funny and cute, but also serious and sad! I wanted more!!!!!!

Eden Winters says

Oh my goodness! What an expectedly sweet novella, accompanied by fabulous artwork. This is a very different love story, but also a warm and touching one. Brandon isn't very likeable at first, then meets his match in the one person capable of bringing out his finer qualities.

Lewis flat broke my heart, but as I learned more about him, I discovered he wasn't to be pitied, but admired. He'd been dealt an horrible hand, and played it to the best of his ability. He's one of the most memorable characters I've read.

What's a leading man without the endearingly wise best friend? I absolutely loved Tarin, and Wayne too.

Each and every character, including the bustiered waitress who appears briefly, is fully drawn and realistic.

I needed something different today and Left of Centre was more perfect than I dreamed possible. It made me laugh, cry, smile and, in the end, say, "Aww..." An excellent read for a lazy Sunday afternoon.

And the artwork is absolutely amazing.

Highly recommended.

Betryal says

If you've just read a very angst book, a tense one and you are in deep need of a change, something to liven up your mood, give you a good laugh which is always what's known as the best medicine then I urge you to read this one by Z.

Lewis aka Enigma is a real work of art. He's wonky, he's out of this world and he's totally and completely whacked, but what's not to like about the guy. Did I forget to add quirky as all Hell? He cracks me up! The shit he pulls on Brandon will not only make your head spin it'll have you shit yourself laughing that one 5'5 in height guy could be like that. I never knew what to expect from him next. He's not predictable. Not one bit. You'll find out why.

Brandon although very hot and good looking, never having trouble nabbing and bedding any guy he wants gets brought down more than a peg or two by Enigma. See Brandon confident. See Brandon feel ashamed. See Brandon flustered. Best of all see Brandon beg for what he wants most and follows Lewis' every order to get him. What starts off as simply meeting different Goth dudes to get laid becomes turnabout fair play that works against Brandon. You'll be shell shocked when Brandon finds out what we all least expected to happen.

Z pulls off a real good story short story that gives you plenty to talk about, but leaves you with this one warning as it sends out a very clear message if you go very in depth with the words it tries to tell you. I learned something clear and it can happen to anybody: When looking to date or hook-up via internet be careful. Very careful as you'll learn in this book.

Enjoy!

Vio says

Quite an unforgettable story. Enigma, what a wonderful name it describes him perfectly. No run of the mill romance here, it's a cleverly written, wicked, inspiring story. Loved it.

Nikyta *Miss Forgetful* says

Okay, this book is freaking hilarious! I was laughing non-stop from the start

Enigma definitely gives Brandon a run for his money. Enigma lives up to his name (even though that's not his real name) he's puzzling, sarcastic and blunt with an erratic personality. He's creepy but at the same time captivating to Brandon. Brandon's freaked out by Enigma but that doesn't stop him from chasing after him and doing every ridiculous thing Enigma asks which is a total contrast to his player lifestyle.

This was a sweet, funny read. It gives you just enough information about each character for you to know who they are but still keep it a light read. Enigma helps Brandon realize who the person in himself is and then learn from it. At the same time, Brandon isn't the only one who has a fault, Enigma does, too, his is just more of a permanent one and is what ultimately attracts Brandon to Enigma in the first place.

It's short and cute and I definitely recommend it if you are looking for something light and funny.

vLadimiR says

[especially after finding out he had a massive brain damage in the past (hide spoiler)]

Feliz says

In the beginning, Brandon is the lexicon entry of an essential prick: narcissistic, self-centered, lying, shallow, cowardly - you name it, a type many of us might know from annoying firsthand experience. Until he meets his master in beautiful, mysterious, capricious Enigma, who makes Brandon taste a big spoonful of his own medicine.

Being forced to look into a mirror and to face the ugliness behind his shiny facade changes Brandon forever. But by the time he realizes what is really important to him, Enigma is gone. Will Brandon manage to reconcile with the man whom he had hurt so deeply?

The beauty of this story is in the way the author made me LIKE Brandon, even though he's a type of guy I normally can't stand. But by the time Enigma was done with him, I rooted for Brandon and crossed my fingers for him to find happiness. And the end was just the icing on the cake, pure perfection. I can only recommend this clever, well-thought out, thoughtful, hilariously funny story!

Simsala says

4,5 stars

Awwwwwww...the story - a bit evil and very funny, unexpectedly turned to being a bit sad and so,so sweet. - A true comfort read...loved it!

Maggie says

OMG! I loved this book! I thought the heroes were unique and so well written, they felt like old friends. I wish Zathyn could clone himself so he can write faster because I absolutely love every one of his books! Do yourself a favor and buy this book! Better yet, buy all of his books, they are all awesome!
