**Lost Fallen Angel** London Casey , Karolyn James  
Daurian Charter of Back Down Devil MC, Book 5  
Back Down Devil MC, Book 14

**Librarian Note:** This is the same story as *Steal His Heart* featuring Max and Jade.

**He's meant to be my target...so what happens when I fall for him?**

\*\*

**Jade:** I only became a con artist to try to save my father's life. Now I'm in debt to the mob, with no choice but to work for them. Okay, fine: I'll get close to some biker and steal his bike. Except the biker turns out to be Max: my first kiss, my first love. And getting close means reawakening everything I felt for him. If I go through with the sting, I'll lose him forever. If I don't, I'm dead.

**Max:** When Jade bursts back into my life, I know it's not with good intentions. But I can't resist those curves and I tell myself that the closer I get, the more information I can gather to help my MC. I let her believe she's playing me...but the feelings start to become all too real. When the time comes to turn against her, all I want to do is protect her. Now I'm torn between her and my club... **and when I discover a positive pregnancy test, all bets are off.**

# From Reader Review Lost Fallen Angel for online ebook

## Josie says

### Wonderful book

This is a great book. I loved reading about Max and Jade. It is a great story and I love reading more of the series.

## Rose says

Lost Fallen Angel is book 5 and another awesome addition in the Back Down Devil MC Romance (Daurian Charter) by the talented London Casey. It's a full-length stand alone novel with a great happy ever after. This issue is about Jade, a sexy con artist trying to save her fathers life & Max, a hot as sin bad-ass outlaw biker. She has a mission, steal a motorcycle but turns out it's Max bike. He's her first kiss and first love, Can she do it? Does she gets cut? If she doesn't steal the bike she's DEAD! What happens when she fell for him?Max is using her to get information for his MC club. Will he help her? Could the feelings their are having be real? Go buy the book if you want to know what happens next? NO SPOILERS HERE

### Action packed and lots of hotness!

Good read, lots of action for sure and lots of hot steamy sex!

I liked Jade. She wasn't that wimpy heroine. She needed rescuing but it was her choice to be rescued and she still helped herself.

Max is interesting. He is very straightforward for sure. He sure is darn hot too! He was the true hero in the story for his one true love!

Good read would like to read more of the series. Didn't realize this was #10. But I wasn't lost so I guess it was ok not to read in order.

Enjoy!

Sadly I DNF.

**\*\*Spoilers below...\*\***

I tried...I really did but I just couldn't finish this one. I absolutely did not like the H in this book. First off, he claimed he had always cared about the h but when he first laid eyes on her again after years he didn't even remember her or take a second glance at her. Then after meeting the h again (right after he had oral sex with her) he found a "reliever" that next day and had sex with her. Even if he was thinking about the h while he did it, it doesn't make it right in my eyes. So no...I just gave up on this "so called" hero in this book. Gotta pass on this one. :(

### **NOT AS GOOD**

For some reason this story didn't grab my excitement like the few previously. I liked Max and Jade but not enough to want to know more about them.

Why did we not learn whether Trev and Eden had their baby yet? Why have we not read about any weddings yet?

Hopefully the next one is better.

Another great book by London Casey!!!!

These boys are addictive....these boys are hot and wild and panty melting.

I love the way the author writes and each story is unique but at the same time they add something to the whole...to the MC.

I would love it more if the author had something to let us for which chapter is which book (i am a freak like that and i want to have them catalogued by chapter.)

Once again a amazing book with the boys and their troubles but also the solutions and the efforts they put to win their women!!!

Just didn't do it for me. This series is a hit or miss for me. Some books have been really good while others are not so good. I didn't connect to the characters and the dialogue, at times, just seemed to basic and juvenile.

Lost Fallen Angel, the latest in the Back Down Devil MC series, focuses on Jade and Max. Jade has fallen in with the wrong gang and has been ordered by her boss to steal a motorcycle; not just any motorcycle, she has to steal a motorcycle from the Back Down Devils. She misses the first opportunity to grab a bike because she sees Max. Max gave her her first real kiss. Max is the star of her dreams. But Max doesn't recognise or remember her.

Max doesn't know what Jade to be caught in the danger the club is in with the latest attack on the club, but then he finds out about the threat against Jade. He can't turn his back on Jade or the club.

What a brilliant ending!!

This is listed under Amazon as "Steal His Heart"

Love my BDD MC. This was Max & Jades story. I like that Jade was such a strong character; a good match for a strong outlaw biker.

Love seeing this story go on with the other in the MC, I'm still waiting for the one that's gonna capture that slut puppy Cash & knock him on his a\$\$\$. That will probably be the last book.

## **Kodie Mackay says**

I'm pleasantly surprised.

When I started this I had no expectations, I try not to when reading books because that always misleads you and pretty often disappoints. This book surprised me in all the good ways.

I really like Jade's character. She was in a situation where whatever choice she made had extreme consequences. Even in such dire circumstances she chose to fight. To believe and trust a man whom on the outside was just another outlaw. She wasn't a push over she was a survivor, she stood up when it mattered. There is strength in knowing when to pick your battles and when to tow the line. She didn't have much, her life revolved around criminals and trying to survive. Paying a debt that wasn't hers to pay and suffering for things that she had no choice in and no way out of. I appreciated her strength. She wasn't perfect but she's human and made mistakes, she also stood up and owned them.

Max was iffy for me in the beginning. He was brash, unapologetic and a total douche to begin with. He didn't change much in that sense but you do get to see a softer side to him as the story unfolds. He comes across argumentative and disinterested at the beginning. He isn't a stupid man and knew something wasn't right. Regardless of him having actually knowing her in the past she set his alarm bells off!!

I'm not going to lie and say he turns in to a giant softie because he doesn't and that isn't who he is. But my Lord he's hot!! Demanding and alpha in all the right ways. He wasn't in denial about his feelings. Yes he had "man moments" of stupidity. But he righted his wrongs and was sweet in all the ways it counts.

Warnings....

Max does the nasty with a woman after meeting Jade. It's not a massive thing for me because at that point they aren't anything but I know this bothers some so I'll warn you now that it happens on more than one occasion.

There is violence. If you have triggers just be warned that it isn't all sunshine and roses however it's nothing bad compared to some I have read.

The side characters are interesting. I loved Cash, he's hilarious. The story isn't seamless but it is well written with lots of depth and emotion. There are parts for me that just dragged a little. Sometimes it goes so deep in to details that I feel I missed out in vital parts of Max and Jade's relationship. I also would have liked more of them happy and somewhat settled. Greedy of me I know but it's nice to know what happens after the dust settles.

Otherwise I really enjoyed this. It's well written, the storyline is well developed with great characters and a good build up of emotion. The characters are super great and I loved the feel of the MC dynamics. The sex scenes are crazy hot and it took me on an emotional rollercoaster throughout.

I'd definitely recommend this book to anyone interested.

I kindly received this ARC from the author in exchange for an honest review.

**Cathie McManus says**

In debt with no end in sight, Jade is looking for a way out. She meets up with Max twice. She is suppose to steal something from him. She can't...She has loved him since she was a teen.

Max, hot sexy outlaw, doesn't recognize the grown up Jade. She was a geek with glasses and braces the last time he saw her. She is total opposite now. They need each other, but can they trust each other? Only time will tell.

Awesome series.

I received an ARC for leaving my voluntary honest opinion.
