Radiant Surrender

Kennedy Layne

Radiant Surrender Kennedy Layne

The darkness within...

Gavin Crest has always pushed himself to the limit. After twenty-three years as a Marine Master Sergeant, he built his security agency from the ground up. He also has a predilection for the darker side of sex. He's done it all--except the one woman he can't have, an innocent who deserves more than a man whose soul is tainted with darkness.

Becomes his only ray of sunshine...

Jessie Miller has worked for Gavin Crest for years--and loved him nearly that long. She offered herself to him, body and soul. When he refused, she walked away, head held high and vowing to cut him from her heart. So why is Gavin on her doorstep, insisting that she trust him with her life?

And leads him into the light...

After a cold-blooded killer who's threatened his team members proves the FBI has enough evidence to put Jessie in jail for the rest of her life, Crest has no choice but to save her. Once he's with her, he can't keep his hands off her. As passion rises and a killer closes in, he'll have to prove her innocence, protect her, and risk his heart forever...before it's too late.

Series Description: Crest Security Agency (CSA) is run by Gavin Crest, a retired Marine Master Sergeant. He has personally selected his own former military team members, both men and women, to configure a seamless Special Operations Capable (SOC) unit. Working together on investigations, domestically and abroad, each team member will find their niche in life and love. Follow along as Kennedy Layne conveys each of their stories as they work together on investigations that lead them down perilous paths of passion, intrigue and suspense...

Lynde Shaw says

4.5 stars!! Finally, we get Gavin and Jessie's story and it was well worth the wait. There's never a dull moment in Kennedy Layne's book. Each page is wrought with tension, suspense, and romance. We also finally get to see the darkness inside Gavin and boy, is it dark. Of course, it's nothing Jessie can't handle. She's always loved him for better or worse. Kennedy Layne writes beautifully crafted characters who have so much depth and emotion. This was a great ending to the series. A series I can't recommend enough! I was only slightly dissatisfied with the fate of Ryland. Otherwise, a top notch book!!

Kim says

I was really looking forward to this one because well it was Gavin Crest's story. But unfortunately Jessie ruined it for me. She was nothing like I expected her to be from the previous books. I don't care about an age difference (although it gets old after being done in so many books I have read) but the heroine has to be mature and sensible for me to buy the age difference...Jessie was not. She was immature to the point at times I expected her to stick her bottom lip out and suck her thumb. She was immature, constantly doing stupid things no matter what anyone especially Gavin told her, and her judgmental crap about Townes appearance irritated me to no end. The whole thing about him looking like he got out of prison because he was a biker was quite rich considering what and where her parents were the entire book....

I didn't see what Gavin saw in her at all and it took away from his character for me. I did enjoy the story with Ryland and how most of that seems to be concluded. I wouldn't mind seeing some redemption and a story for Ryland actually. I also really hope that Townes gets his own story too.

I was highly disappointed that Jessie's character ruined Gavin's book for me because I couldn't relate to her stupid stunts at all and she didn't seem worthy of a man like Gavin, I didn't feel their connection like the other couples. But I will be watching to see if we get a story for Townes and maybe even Ryland.

Christie says

It was a great ending!!

Overall it was a great ending and it was all tied up with a big bow at the end. Gavin and Jessy story was really good and what you could expect and wait for a long time. Even though all that, sometimes I just wanted to punch Jessy in the face because she reacted or acted more like a stupid naïve girl sometimes then a grown woman. Besides those moments, it was a really good book.

Lorraine Caruana says

Just finished reading Book 6 in the CSA Case files series. Now this is the long awaited story of Gavin Crest,

the founder of CSA, and Jessie. I knew that once I started this book, I would not be able to put it down before I saw those horrible two words The End. I honestly don't know what hit me. Everyone who has read Kennedy Layne's first 5 books in this series was anticipating Gavin's and Jessie's story and dear God it doesn't disappoint. Gavin Crest will make you scream and tear your hair out when he gives us a glimpse into his darkness. You will pace, you will hyperventilate and you will probably shout into the night for him to stop and wish that he can hear you through your bewildered mind. Then he will turn around, gather you in his arms, kiss your forehead and make you feel safe and loved. Hell, that's how I felt page after page. Jessie loves him, no matter what, no matter who he is. She loves HIM, all of him, the dark and the darker still. Kennedy Layne has taught me a lesson here....we all can be redeemed and as Gavin found out, the darker the soul, the brighter love's light . Now breathlessly awaiting Book 7.

Johanna says

Crest and Jessie are the last couple to find love in this series. I liked this book the best of them all. Crest was a pro who could handle just about anything that came his way. He was honest and loyal to the people he....cared about. He was handsome too and appreciated the finer things in life. But he had a dark side and was afraid that Jessie wouldn't be able to accept that part of him. He also felt she deserved better. Hmm a bit insecure. Jessie on the other hand presented as a young lady who while bright maybe a little naive as well. But Jessie was strong and determined. The only thing that I didn't care for about Jessie is her repeated declarations of attraction to Crest. That's my issue I guess because he didn't seem mind. So yay! We have more from the male this time. I appreciated that. The suspense is what I like to call "high end suspense." It involved acronym agencies and expensive alcohol and fancy cars. In other cases, that can be hard to follow but Layne did a good job and I was able to keep up. The only time I was annoyed was after the last big misunderstanding between Crest and Jessie. There was some vague reference to it in Crest's internal dialogue but the two never specifically acknowledged it. The BDSM was alright. I'm kind of a burn out with that so, eh. Hot but nothing new as far as the sex goes. 4 full stars from me.

Paula Collins says

Kennedy Layne is a wonderful storyteller. Great story, enjoyed getting to understand Gavin Crest more in this story and how strong Jessica is. Now the Ryland is out of the picture and new players are being added, I am wondering what is next. Will there be books that link Red Starr and the CSA team together? Looking forward to future books in this series, it is one that will keep you coming back for more.

Poppy says

HIGH OCTANE !

Roller coaster!

Oh--My--God! What a Freaking read! Kennedy is one helluva BDSM writer!

Crest & Jess (FINALLY) are up and my goodness it was BRILL!

I loved how Crest's differ son what dramatically to the others in his lifestyle choice, I call it hardcore BDSM.

The Ryland thread intensifies and what I've come to love about K is that you never see certain aspects coming!

Jessie is sweet but you soon learn ALL women and can stand her own.

I can't get enough of this series! I NEED MORE

Diane Werning says

Radiant Surrender(CSA Case Files Book. 6)

This is such an explosive series of books,you never know from one book to the next who is going to survive.Jessie has loved Crest for a long time,he was always pushing her away because he thought his life style was to intense for her.When Jessie needed Crest he was there for her,she found out something terrible about her parents that would affect her life and her sisters.There's an assassin that has been in every book and he is in this one too.There is a lot of action in this series you won't be able to put this down once you start.

Denyse R says

I am hooked

Can't wait for part seven in this series. Crest's book so did not disappoint. It was great to get his take on things. I loved how he finally managed to express himself in the end. Beautiful series,looking forward to the rest. Well done Kennedy Layne.

I'm now off to start the Red Starr series.

Leila Mota says

Even though I'm not comfortable with the main character's particular lifestyle, I think it doesn't clash with the way he has been developed along the series, and the author ended it adequately. I also think she got to offer some interesting surprising twists, besides achieving to avoid the trick that some authors like to use, especially in series, that is to recycle plots and characters, only changing names.

Sparkymom says

Disappointed

I waited and waited for Crest and Jessie to get their story. I was so excited until I realized where the plot was headed. The action and suspense parts of the story were spot on, but the romance wasn't for me. Crest was

wishy washy and always jerking Jessie's emotions around. When it came to the sexual aspects, I expected BDSM since its the nature of the series, but this bordered on abusive to me. Yes, I realize she had a safe word and he would have stopped, but she was too in love with him to have ever asked. He treated her like a little girl instead of a woman. I was not interested in that dynamic at all. I really wanted more for them.

Kathryn says

There are two things that a Kennedy Layne book will always promise you. She writes to the end of the book (ahem 99%) and that you will fall in love with her characters.

I wanted the Gavin Crest book from the second one in this series, but the author held true. We needed the build for the darkness that is Gavin Crest. I am sure not many of knew just how dark that was. But oh what a fabulous ride. AND just when you think she's wrapping up the story you get more. *sigh*

Bonnie says

Ever since I read book one in this series, I have been anxiously awaiting Gavin and Jessie's story. Gavin was as I expected him to be, dark and dominant, not one to be trifled with and one who always tells you like it is and how it is going to be. Loved this story.

Windsong says

Gavin and Jessica rock

Crest and Jessie, you knew they were going to be lovers eventually but how it was going to happen was the question.

Well, thank you Ryland for matchmaking, even if you didn't think it was needed. Arch enemy Ryland, aka brother to Taryn's half sister, set Jessie up for a lifetime in prison because the FBI and the CIA, The NSA, POTUS, and plenty of others are in bed with each other. They aren't the only ones with strange bedfellows but things get heated up when Jessie's parents are found to be traitors. Crest isn't as in control of his world as normal.

Wedding, HEA, and plenty more drama rtf o surround the dark Crest.

I loved the espionage, 21st century style, the exploration of Jessica and Gavin and the new twist on what is called kink. Gavin isn't going to let a little thing like almost dying stop him from making good on his promises...red hot promises.

Hot, fun, a bit dark in a satisfying way.

Read, enjoy.

Tigmode Sandvigen says

Kennedy Layne is a master at getting you emotionally invested with characters. They are interesting, layered, multifaceted people who you want to know more about. This makes her series especially compelling because even characters who do not "star" in a particular book are a very rich part of them. You get to know them book after book, and suddenly, they get to star in their own installment.

Radiant Surrender is *that* book, the one you have been waiting for, the characters you have been dying to see step into the forefront of a story. And boy, was it worth waiting for. In spades.

Gavin Crest is the alpha male boss of the CSA team, a savvy former marine running a top notch security firm who knows when to use brute force versus his canny political instincts and connections. He has hardened his heart and through the previous books in the series, felt he had to protect his employee Jessica from himself, denying their attraction time after time until she quits her job and moves on.

The common thread of the series is uber bad guy international assassin Ryland who has targeted CSA and their significant others book after book. Now he plays a cat and mouse game with the US government and clandestine ops factions gone rogue on one side and CSA on the other. No spoilers in saying he drags Jessica and her family right into the middle of his machinations where only Gavin Crest and CSA can save her.

In doing so, Gavin and Jessica finally take the risk and give into their attraction. What follows is scorchingly hot dominance and submission taken to the nth degree. It's about Jessica daring to explore into Gavin's deepest, darkest desires; about Gavin opening himself to believe in the light she can bring to balance his darkness, and the risks they are both willing to take for each other.

Radiant Surrender wraps up a few story arcs and teases us with intriguing new CSA team member Townes and what comes next for Ryland and even gives us a tease about the next in her Red Starr series.

You could read this as a stand alone but don't. Stop what you are doing, go buy all the CSA books and read those, in order. Trust me.....you'll be glad you did.
