Saturday Night Special

Mari Carr

Saturday Night Special Mari Carr

Wild Irish, Book SixSaturday's child works hard for a living...What do you get when you cross a gold-digging stripper, a down-on-her-luck hooker, an estranged husband, his knocked-up wife, a Wayne Newton lookalike taxi driver and one beleaguered Baltimore cop?A typical night in the life of Riley Collins-Vegas style.Riley's always been the wildest of the Collins clan, but even she bites off more than she can chew during an impromptu trip to Sin City. Once again, it's Aaron Young to the rescue. No surprise; Aaron's been watching Riley's ass forever-and he's wanted to spank it for even longer. Tracking her down, Aaron finally gets his wish-after he drags a drunken Riley to a chapel and makes it legit, of course.To say she's shocked is putting it mildly. But Riley warms to Aaron's seduction quicker than you can say "all-you-can-eat buffet!" Who knew her mild-mannered best friend was so hot in the sack? Of course, thanks to Riley's penchant for picking up strays, the newlyweds will have to sneak in some honeymoon boom-boom whenever they can. But they'll manage...

4 stars

I purchased Saturday Night Special:Wild Irish Series book 6 by Mari Carr and this review was given freely. A friends to more steamy romance. Chef Rylie and her best friend of 20 years,Police officer Aaron's story. Aaron flies emergently to Las Vegas to save Rylie from a potentially dangerous drunken encounter with a married man and ends up fulfilling his dreams with a spur of the moment wedding to Rylie unfortunately he has to convince Rylie that marriage to him is what she wants. A chaotic and at times humorous action packed novel containing cheating,a steamy romance,jealousy, multiple weddings, some spanking and bondage as well as the seemlier side of Las Vegas.

Jennifer Crutchfield says

Sweet novella book 6 in the Wild Irish series. Can be read and enjoyed as stand-alone. Each book is about a different sibling in the Collins family and their HEA. Riley the youngest girl in the family is the wild child. She is the chef at the family pub and restaurant and always in need of rescue. Aaron is her opposite, a police officer who has been her best friend and rescuer for many years. He is tasked with finding and bringing her home from Las Vegas. He takes advantage of their location and makes Riley his once and for all then the fun really begins!! Super sweet and steamy!!

Guilty Pleasures Book Reviews says

If you've read the series, then you had to guess Riley's book would be a hoot. Not only is it VERY funny, it's also full of plot with some crazy supporting characters. I kept thinking, "how does she get herself into these situations?" but then, I realized, it's Riley, she can't help herself. I DID NOT want this book to end. I was having too much fun reading it.

Katherine says

Work hard and party harder well until you end up married to your best friend your in love with and on one hell of a missing persons mission in the middle of Vegas.

I laughed and I cried the whole way through this book. It was the perfect way to celebrate the craziness that is most people's Saturday nights, wrapped up in one perfect book.

Maureen Ames says

Humorously Hot

What can I say this book was hysterical and hot!

When Aaron and Riley weren't 'under the covers ' heating up the pages, they were in the middle of the merriment of playing, "Where's Trevor?"

I loved how the story flowed together and the wild cast of characters fit perfectly in the story.

This is one of those reads were you laugh until you cry.

And....What happens in Vegas. ...Never stays in Vegas!

Karla says

5 HUGE STARS!! Fantastic, LMAO book and the epilogue was the icing on the boobs...I mean cake! Best friends to lover's book I've ever read. Riley is a cross between Stephanie Plum and Keely McKay and Aaron is her Joe Morelli/JackDonahue.

I loved Riley and her snarky, sassy, party-girl ways. Aaron is a women's dream, attentive, sexy, protective, and boy can he burn up the sheets. For years he's been there to pick Riley up when she falls, but now he reached his limit. He'll continue to catch her and clean up after her, but as her husband, and he's not taking no for an answer. Aaron tags along "As Riley served as counselor to every misfit on the island", and boy does she ever have knack for attracting them. Some interesting Vegas-style secondary characters with amusing stories of their own had me laughing from beginning to end. The dialogue was fantastic, edgy and witty, but the epilogue with the Collins clan, well that just did me in.

I more sibling, one more book...I'm reluctant to let this amazing, entertaining family go.

OMG! this book is DEFINETELY on my top 3 MOST FUNNIEST BOOKS READ THIS YEAR! hahahaha i still can't stop LAUGHING! Ppl at the office were like...."ok, what's so funny?" RILEY COLLINS! THATS WHAT'S FUNNY! Although I could absolutely assure you I would never EVER fall in love of my best MALE friend, I know this could possibly happen one day for other women. It's easy you share a life time of adventures, and trust, and happiness and at a certain point you feel connected in a way you know you can't be connected to anybody else. I just absolutely LOVED this story. I kinda wished it would've been longer, tho, i guess this is the longest of the series. I just wanted more and more and, because I do know how WILD a night in Vegas can be, i believe every single word! This is what I call a JACKPOT! Every aspect of this story is great, the romance, the friendship, the adventure, the support, the family ties....EVERYTHING! If i could give this 10 stars i would :)

Kim O says

I know I have the 7th and final book to read in the series, but I'm going to ahead and say there's no way Ms.

Carr can top this one. It was hilarious and sexy from start to finish, and the perfect book for Riley in true Las Vegas fashion. Aaron and Riley are my favorite couple in this series because they have that perfect balance for a great relationship. She finds trouble and he's always there to bail her out of it. My favorite line in the book is when Aaron says "Going to a sex store horny is dumber than going to the grocery store hungry."

Julia says

This book is the equivalent of literary cotton candy: sweet, simple, not satisfying, with a lot of holes. This was my first time reading a book by Ms. Carr, and perhaps I'm simply not her target audience (I have a penchant for books like Beautiful Disaster, Clash, the Sweet Gum Tree, etc), and I was looking forward to a book where the Hero had been pining for the Heroine for a long time, but... I simply couldn't get behind the characters here. The Hero supposedly has always loved heroine... but he contemplates a threesome with another character; at the very least, he doesn't turn it down in terms of future possibilities... I don't know. I just can't get behind this book. I wanted more complexity, more possessiveness, more character development.... just more.

Karsyn says

Good, but not as enjoyable as the last two, even if they were in my favorite place ever, Vegas. Don't like Riley all that much and for a guy who claims to want to take charge he never really was. Shame on him for not getting her more into line.

Cindy says

I think I've mentioned that I'm enjoying the hell out of the series, right? What I'm really liking about this series is that Ms Carr has really mixed up the stories and you never know what you are going to get. But when you get it, it's just the right mix for that character. So we got a crazy, screwball comedy with Riley's outing. Of course we knew that she was going to hook up with Aaron. But a quickie marriage in Vegas? Wasn't expecting that. And wasn't expecting it to be right at the beginning of the book. Mmmm, I want me some Aaron. And I wanna party with Riley. Too fun!

Kaitlin says

Loved!

This book was so sweet and funny with a good plot line, it's just what I needed. I absolutely love Riley and Aaron together and I'm so glad I picked up this book to read it

Erin says

Considering my blahness of the last book, I was pleasantly surprised with this one. I rather liked it.

There was actually a plot! There was actually more than just sex!

Yes, it was pretty much "The Hangover" Wild Irish style, but it's not the first time nor the last time that that particular plot has been used. (In fact The Hangover wasn't even that original.)

I have to admit that at the very start I was a little annoyed with the fact that Aaron was a closet Dom. (Well, only closeted when it came to Riley.)

Seriously, do ALL the books have to be about the Dom/sub lifestyle?

Even with that though, I liked it. I have liked Aaron through the entire series. Hell, I've liked him more than Riley at times!

The sex was good. Kind of surprised at how vanilla Riley actually was considering she's supposed to be the wild child. Really? Never tried anal in any capacity? That just seems out of character for her. But it was an excuse to make Aaron more Dom.

The plot was fun if not a little annoying at points.

Oh, and unless you talk with a hotel before hand, you do not just get to keep your room. Meaning when Riley realized she missed her flight, guess what, she wouldn't have had that same room unless she and Aaron made arrangements with the hotel, and I never got that vibe. Little things like that bother me.

Cindy ~ says

By far the best and funnest of the series.. This could be a stand alone book.. Riley Collins and Aaron Young have been friends since they were 3 yrs old. Aaron has always been there to get the wild child of the Collins family out of trouble.. Riley's latest stunt has her taking off to Vegas with a guy friend on the outs with his wife.. The family turns to Aaron to go retrieve her when they find out. After he finally tracks her down and see's she is drunk and finally admits something he's been waiting to hear for a long time he takes her to a chapel and marries her.. Now when she wakes up in Aaron's arms she doesn't remember anything from the night before. And then the comedy commences.. We have the pissed off baseball bat swinging wife of the guy Riley went to Vegas with and who they promise to find even though they know he took off with a hooker the night before. And in looking for the husband they come across a down-on-her-luck hooker, and a Wayne Newton lookalike taxi driver who's in love with the hooker that ran off with the estranged husband they are looking for..

Jen says

I loved this book!!! This instalment was about Riley Collins (the sister of The Collins clan) and Aaron who is a cop who has known and followed Riley since they were kids! The thing is, Riley is wild and she is constantly getting herself into trouble! Aaron is on the straight and narrow side of life and is always there to

bail her out or be her conscience for her! In this story Riley ends up in Vegas, and Aaron is not far behind! The shenanigans these two get into are hilarious!!! There was never a dull moment! From "Bubbles " the prostitute, to a drunk Wayne Newton look alike there is excitement at each corner!

As far as the romance goes, there is that too! Also some very hot sex... A book well worth the read! It has endeared me to this series even more! I'm slowly coming to the end of this Irish family series but I sure have enjoyed getting to know the Collins clan!
