## **Season's Spankings** Evangeline Anderson

Lucinda "Lucky" Starr only wants one present for Christmas-her boss. Unfortunately, the cool and collected Eric Payne refuses to act on their mutual feelings no matter how much she provokes him. Then she discovers a mysterious perfume shop and buys a concoction guaranteed to release suppressed emotions.

When she uses the essence on Eric, she finds herself spread out on his desk with her skirt up and her panties down. But now that Lucky is finally on her boss's naughty list, she wonders if she can handle this season's spankings.

## **From Reader Review Season's Spankings for online ebook**

### **Karla says**

Hot, short and loved the ending.

---

### **Lady\_lb says**

short light

---

### **Linda says**

Lucky have been lusting for her boss since he started and now she's got her chance, at the christmas party and with the help of an irresistable essence. Quick, fun read with lots of smexin.

---

### **Elena says**

Overall pretty decent for a short, erotic read ...

The sex is hot, yet somewhat awkward at times... The whole premise is unrealistic, though, reads like a porn script... (Accountant constantly making mistakes at work in order to get her boss' attention - so that he would get sooo angry at her that he would finally have sex with her?! I'm sorry - how does that work?! Wouldn't it have made more sense if she wore revealing clothes and flirted with him instead?! Why would getting him mad at you make him finally want you?! Strange...)

---

### **LIA Kh. says**

Well I disappointed, evangeline usually have a kind of writing style about erotica that I enjoy to read. But not at this one.

---

### **Danielle Thomas says**

Short read. Hot.

---

### **Elle says**

On that cover ... she's not wearing any bottoms! I'm absolutely scandalized.

Sadly, I can't give you a review because I read this ages ago and don't even remember it. But it says 3/5 so ... it must have been fine (but not good or great). Evangeline Anderson rarely disappoints, but she just as rarely wows for me either...

---

### **Ridley says**

Bad sign when a novella is a DNF. The bulk of the story was sex scene, with scant characterization. This would be great if the scenes didn't make me cringe. Something about them - the unbelievable dialog, probably - made me feel like an awkward voyeur.

---

### **Carol Storm says**

Warm and funny Christmas tale with tons of spanking!

---

### **Theresa says**

Much too short to develop characters or relationship. No condom.

---

### **Diana~ (Kiss Me Books) says**

To tell you the truth... this story was kind of unrealistic and very typical. Girl thinks this magical perfume is helping her get the guy and changing him to be this dominant-alpha male. It's sort of funny but I do have to admit the sex was pretty intense. Kinky as well but that's kind of expected.

---

### **Dina says**

Hmmm, I don't have much to say here. I didn't connect with the H/h and their kinky sex scenes did nothing to me. They were repetitive, unemotional and pornish. The premise was ludicrous, but I won't "blame" it for my low rating because I knew what I was going into when I started reading this book.

Book provided by publisher

Evangeline Anderson is at it again! I requested this novella from Ellora's Cave because Anderson is one of my favorite erotica authors. She incorporates somewhat "porn-like" material (not the actual erotic content, but little details like the names -- Lucky Starr? Mr. Payne?) that almost makes her stories parodic, as well as

hot BDSM. In the case of Season's Spankings, the BDSM is light -- just a few spanking scenes, as well as dominance and submission; very, very hot.

And the sex scenes. God, the only way I can describe them is that they're scorching! The plot isn't very realistic (back to the porn), but it still makes for a quick, indulgent read. I mean, how likely is it for your boss to have sex with you in his office? Not very, but hey, it's erotica. It happens.

There's a teeny bit of paranormalcy in this book. Lucky discovers a perfume store that carries customized products that claim to "open the door to your soul" -- another example of Anderson's comedic writing. Lucky's concoction transforms her into sexpot, the kind all the guys at the office are lusting over, and it just might be her ticket to Mr. Payne's attentions. But Mr. Payne's got other things on his minds -- things like how to find his way to Lucky's heart -- so in the end, we discover, that sometimes love (and lust) cannot be manipulated. Sometimes, love (and lust) happens on its own.
