*Lucia Jordan*

**Stolen** Lucia Jordan

A powerful Contemporary Romance. Here is the first book in the ‘Stolen’ Series by Lucia Jordan, written in her signature style of high passion and emotion.

*Who knew one innocent question would unlock a world of seductive pleasure...*

Spending New Year’s Eve with her best friend Ben is nothing out of the ordinary for Robin Sawyer, he’s someone she knows inside-out. So when she asks him what his New Years’ resolution is, his response takes her completely by surprise, leaving her breathless... And a little curious.

Ben’s resolution is to experience Robin completely – to know her darkest desires by revealing his own. Feeling adventurous, Robin agrees and suddenly she’s introduced to a side of Ben she never knew existed and to sensual gratification unlike anything she’s ever experienced. But as things heat up between the two, their friendship is pushed to new limits. Can Robin hold onto her best friend, or does she want something more?

Only mature readers should download this book.

## **From Reader Review Stolen for online ebook**

### **Stacey Raymond says**

This was hardly even a book. I don't think it qualified as a short story. It was just a quick sexual experimentation with bondage. There really wasn't much to it. I wasn't impressed with the characters, the plot, the world building, or the descriptions. It might work for someone who wants quick erotica, but it wasn't that exciting. It was free, and the only plus is that it was so short. If there was much more to this book, I wouldn't have finished it...

---

### **Davidia Ann says**

#### **Good reading**

I enjoyed this story and will be looking for more . Always enjoy reading about friends to lovers. Very good reading.

---

### **Jackie Ostrander says**

#### **Good story**

Really liked this story. I found it very relatable. Looking forward to reading the rest of the series by this author

---

### **Elizabeth Bennet says**

A short fun read. I loved the idea of two long time friends experimenting where they could take their friendship. Ben and Robin are friends and business partners. They are spending New Years eve together, which is not anything new, when Robin wants to make a 5 count resolution list. Her list is normal and basic but Ben's is both shocking and flirty. He is a big time flirt and it makes me wonder why things took so long to go this far between the pair. I do have to say it is in poor taste that past multiple relationships are brought up and laughed over. Does every hunky man have to have slept with half a city to prove they are man enough to appear hot to a reader? This reader thinks not, as I do not need my H to be broke in so well to make me impressed. I found it disappointing how distant and quick Ben leaves with no feelings at all towards the step they took. Is he that insensitive and clueless? I believe that Ben is far more affected by Robin than what we have seen and hope that in the future books we get to see into Ben's head as well as Robins. I am still holding out that there is far more to what I have seen so far as I continue on with book 2 in the Stolen series as this ends with a cliffhanger. Enjoy!

## **Kadiana Grant says**

### **Very intriguing book**

It is well written, i love how the writer builds the characters. It has strong sexual content; so if you are someone who loves those kind of romance novel then I definitely recommend this book.

---

## **Alayne Nayback says**

### **Loved it**

I loved the book. It kept me interested and never got boring to me. I read it quicker than usual and recommend this to everyone

---

## **Johnett Tony says**

### **Too short**

I was expecting a much longer book. It was too short. Not very realistic. The words used were more vulgar than sensual. It didn't seem like a romance book at all. Somewhat disappointed.

---

## **Sarah Chamberlain says**

### **Too short**

I was only able to download a preview. Wish I could've read the whole book but besides that it was a good read

---

## **Jenifer David says**

### **Well written**

Great storyline, very entertaining and relatable. The characters are every day people who have similar lives to people I know.

---

## **Margi says**

### **Book review.**

Really enjoyed the first part of this book. Easy read, well worded. I can't wait to get more into the series.

---

### **Deborah says**

#### **Exploration**

This quick read is about best friends and business partners taking their friendship to the next level. Enjoy I did.

---

### **Jane says**

*Stolen* is the first episode in a series where business partners Ben and Robin explore a bondage sexual situation. It is written from Robin's female viewpoint and ends on a cliffhanger to encourage the reader to continue the rest of the story. I knew this from the description, so it was not a surprise although I would rather have a book in one piece rather than piecemeal. It loses something when cut up in bits and pieces in my opinion. The characters were well developed and easy to relate to and understand the emotions and reactions to the situation they created.

---

### **Lisa Aiello says**

A quick start to a series of what looks like 5 books - two best friends decide one New Year's Eve to make a list of 5 things they want to accomplish. Number 3 on his list is to tie her up and have sex...and they put that plan into action. But can it be as simple as that and change nothing for them? It doesn't appear so, but that's where book 1 leaves us hanging

---

### **Terri Lynn says**

Robin woke up the next morning to a note from Ben. He told her that he was taking the motorcycle out for New Year's day ride and he's see at the office on Monday.. <<<< This book contains edit and grammar mistakes. This right here is missing a word. So the sentence is not complete!

I do not recommend reading this.

The author gets you, you one click this book for free. Get a few chapters, then have to purchase the series which is \$2.99.. Which I think is a con. It is a complete rip off. This is a short erotica, and the books in this series are not free with kindle unlimited, or able to one click separately. There is no sampling the rest of the books in this series. This was a very short read, I read it in 10 minutes top. I do not purchase short reads. I do not purchase short reads with grammar and edit mistakes. As soon as I started this, one of the sentences was incomplete due to the fact it was missing a word. There is no character, angst, no character depth, no real plot. It is just hot scenes. It is not worth reading, because the author tricks the readers, and that is so unfair. And I will not support it!

This has over 132 critical reviews.

I am very angry with this author. And it is hard for me to leave a respectful review. What I really want to write I can not write it.

I will say do not one click this book, or any other books she write. She tricks the readers, by having this for free, then the other 3 parts to this has to be purchased in a box set, for \$2.99. You can not purchase or download the other parts for free. They are only available in a box set with all 4 parts to this.

This is those short kindle garbage reads I will not be tricked or con in to buying. And I hope you lose a lot of readers for treating us like that. We should be able to down load them free with kindle unlimited. I do not think amazon should allow you to post a part, then make your readers have to buy all four parts, it is very unfair! I am going to end this with saying I will not support that! I am not leaving this review to help this author. I am leaving this review to warn other readers.

If you are looking for some short kindle reads check out Stephanie Brother, Alexa Riley they write similar to this.

I can not even call this a book. It is a few pages of hot scenes with no effort. She cons her readers And I will never read something she writes.

---

### **Shaun says**

#### **An interesting beginning...**

Just as I started really getting into the "book," it was over. Other than length or ending abruptly, a good read.
