Teasing Annie Helen Hardt

Newly divorced from his greedy and deceptive first wife, Dallas McCray is convinced he wants a sweet country girl like his sister-in-law. So why is he lusting after the new veterinarian in town, striking New Jersey transplant Annie DeSimone?

Also divorced, Annie yearns to leave her difficult past behind and start a new life in beautiful Colorado. Sparks fly between her and the handsome Dallas, and happiness finally seems within reach. But attraction and emotion aren't always enough...especially when a man has vowed never to make the same mistake twice.

An Awesome Book!

I loved reading Teasing Annie(Temptation Saga Book 2), all about Annie DeSimone a thirty year old woman who is a Veterinarian and is new to town & Dallas McCray who is thirty-four a cowboy/rancher. They met at his brother Zach's house, because his wife Dusty brought the new vet home for supper. Her car had broken down and was in the shop, so Dusty drove her out to the ranch and said her husband would take her home after dinner. However after dinner he asked his brother Dallas to take her home, and they hit it off! The author wrote a story that is full of emotion that will keep you on the edge of your seat almost all the way thru, till the very end! I can't wait to read book 3!

Annie moved to a small town to start her life over after leaving an abusive relationship. She wasn't ready to be involved with anyone until she laid eyes on the handsome Dallas McCray.

She met Dusty McCray when she stopped into the vet office with her sick cat. She invited Annie to dinner with her & her husband. That's where she first seen Dallas.

Now she was smitten but would they stay together after her slip up about lying to her ex husband because the same thing happened to Dallas with his ex wife.

But when Annie is kidnapped Dallas will do anything to get her back and try to confess his love to her. Her

ex husband is recing havoc with their relationship.

But when all is said and done will Dallas & Annie be together forever or will things go toward the worst.

I must say that I have fallen in love with this series. I absolutely adore the Mcray boys and their friends. This story centers around the oldest McCray brother Dallas, who happens to divorce his money hungry wife Chelsea and winds up meeting and falling in love with the new vet in town Annie. Annie just got out of a bad marriage herself and her and Dallas hit it off immediately. But after a conversation and not being given a chance to explain Dallas walks away from Annie, it isn't until he is faced with losing Annie for good that he ad is to himself what others have been trying to tell him, that he is in love with her. The characters are just fabulous you feel like your right there with them. I am lookng forwood to reading Chad's story next.

I'm only on my second book and I love the McCray brothers. There's just something about them that i can't get enough of. This book is about Dallas who recentley divorced from his gold digging wife Chelsea. Dallas meets Annie when Dusty brings her home for dinner and my do the sparks fly. But after one weekend together and things said without having the chance to explain things get rocky. Can Dallas write the wrong and tell Annie he's in love with her before its to late? I can't wait to read Chad's story.

A continuation in the Temptation series. Personally, Annie was a little better than Dusty. Dusty was an intro into the series. Annie was good yet still left me feeling it may have been rushed. There were chapters where the storyline was captivating but too the relationship kind of happened a tad to quick. A real outlook on Annie's circumstances and wa# wondering, what was the outcome to Dallas's ex, Chelsea? I'll leave it here as always stated, I do not spoil, just go ve my personal opinion on book.

Enjoy ?

Helen Hardt has another hit in her hands!! This series is amazing. Each one of the books here is about one person (must if who we have met already) . The first I've was about Dusty and Zack McCray. Thus one is about Annie and Dallas McCray. Annie is the new to the town veterinarian. She , just like Dusty, has a HUGE secret. Dallas in the other hand has a lot of hang ups from his marriage to Chelsea. Will Annie and Dallas ever be able to forget the wrong doings done to them by the people they thought loved them?

Lauri Tribbey says

Sizzling

Anne needed a new start, so she decided a small town in Colorado was just the place to start over. She sets up her vet practice and becomes a big hit. Dallas fresh off a divorce finds himself head over heels attracted to Anne. Dallas has no clue about Anne's past other than she is divorced. When Anne's ex-husband shows up things turn bad fast. Once again Helen Hardy has delivered an exceptional story.

Wow - I thought I loved the first book in this series, but this one was even better. Annie is running from her abusive ex husband, Dallas is trying to move on from a disastrous divorce. When the two meet sparks fly and the heat jumps from the pages. But will Annie's secrets cause Dallas to walk away? Will he stand by her and fight her demons? This book had awesome characters that you could feel falling in love. The storyline was an emotional page turner. I could not put it down and I was sad to see it end. i cannot wait to read more in this series.

Helen Hardt is wrecking havoc on my sleep pattern. Her books are so very hard to put down. Dallas and Annie are amazing and you fall in love with them instantly. Annie is so very strong and has overcome a lot. I

think we all knew something was wrong with Chelsea. In the end they come together and make a stand in the name of love.

Pam Herrmann says

The second book of the Temptation series. Dusty and Zach are happily married and have a son named Sean. When their cat Nigel becomes ill, Dusty invites the new vet in town over for dinner. Sparks fly when the vet Annie meets Zach's brother Dallas. Unfortunately both of them have a lot of "ex" baggage and even though they are smitten with each other, they're both too stubborn to give it a chance. When Annie's ex is released from prison, things go from bad to worse.

Rachael says

I have been a fan of Helen's for a while now & when I saw the chance to read some of her Temptation series books I was excited. The series doesn't have to be read all together, and they can be read as standalones. She packs so much emotion and heart into her writing, I was very excited to see what she puts into Teasing Annie & Taking Catie. Although I skipped right to book #2, it wasn't an issue not reading book 1 first. Both books were quick reads for me and tugged at my heart in so many ways. The series follows the McCray brothers and we get each of their stories in each book. I selected two that seemed the most interesting to me, and loved them both! I can't wait to read the rest of this series now! I want more McCray's!

Teasing Annie

In Teasing Annie we get Dallas' story. He's the oldest brother and is nervous about any possibility of a relationship due to his history with his ex wife. He is scared to fall into another trap and loveless relationship. Then he meets the new Veterinarian in town Annie and he begins to think things might be different with her. He guards himself, but also is so drawn to her he isn't able to keep her away. Both characters are well developed and very loveable personalities. There is a little bit of angst, but nothing too over the top. Can he overcome his own doubts and just be with Annie without pushing her away?

Taking Catie

Taking Catie was a very fun read and different from Teasing Annie in many ways. In Taking Catie we meet Catie Bay. She has loved from a distance Chad McCray and when she fails at seducing him she leaves the country. She returns from Europe a few years later a traveled, worldly woman. Confident and secure in whom she is. Chad is defiantly not looking for anything serious, but when he sees her back in town, he is drawn to her and is very interested in just a roll in the hay. But when emotions get involved and things get heated, the just can't seem to stay away. Their book was very different from Annie's in their personalities. These two weren't fun loving, fall in love with them characters. Annie does have a bit of a crush on him that blinds her in his behaviors. His personality for a good chunk of the book is not the best. But once things start to get going with them after she returns from Europe, they are both much more aware of each other and I found them more likeable as time went on in this story.
