# Wheelie's Challenge

*Chiah Wilder*

**Wheelie's Challenge** Chiah Wilder

**A member of the Insurgents MC, Wheelie is a chick magnate.**

Having a ripped body, mesmerizing tats, and a boyish grin, he can have any woman he wants. Except for one: Sofia. Ever since he laid eyes on her, he was taken in by her sparkling eyes, her sweet laugh, and her pretty face.

There's just one very big problem: she belongs to another Insurgent. He knows that means she's off-limits, but he can't get her out of his mind. The memory of their kiss consumes him. He now knows how soft and perfect she is.

Pursuing her will get him kicked out of the brotherhood, and the club is his life. He can't betray another brother even if he's a cruel, arrogant jerk. He has to be strong, but the more time he spends with Sofia the more tempting it is to cross the line.

**Sofia can't get the handsome biker out of her mind.** Married to Tigger, she's unhappy and tired of his cruelty and manipulation. She longs to be in the strong arms of Wheelie, but she knows what the consequences are for him if they give in to their desire.

Wheelie's fortitude is waning, and he wants nothing more than to claim Sofia and make her his even if that means going against another brother. Will he be able to turn his back on the Insurgents MC without any regrets?

Then a secret from her past comes forward and challenges their love to the max. Will Sofia and Wheelie ever get their happily ever after?

**The Insurgents MC series are standalone romance novels. HEA. No cliffhangers. 18+.**

## From Reader Review Wheelie's Challenge for online ebook

### katherine says

I just love all of the Insurgents and Wheelie was no different. He is a tough biker with a heart of gold. Meeting Sofia was tough for him because she was another brother's wife. In the MC you never went after another's woman but Sofia was different. Tigger didn't deserve her. He beat her up several times and it was time for things to stop. Wheelie and Sophia started out as friends and kept it that way for quite awhile, then things changed. Wheelie wanted more and was ready for things to move ahead with her, they needed to get her away from Tigger. He was going away and asked some of the brothers to watch over her. Things were fine, Wheelie was going to meet up with her but she didn't show. Something was wrong, he contacted a friend and found out Tigger got back early and that meant Sophia could be in trouble. Racing over there only to find out that she wasn't there but the President of the insurgents and his woman had her and a doctor was tending to her. He had done it again, beaten her up and this time very badly. Wheelie was told to stay away. Reluctantly he did until he could see her. Eventually Tigger was kicked out of the Insurgents for what he did. Bitter about things he found the one man that would help him and that was Wheelie's sister's husband. Kendra was Wheelie's sister who was killed by her husband and he would do anything to get to Wheelie before he got to him. Russ who turned out to be Sophia's brother used Sophia to bring Wheelie to town. Then he would kill him and let Sophia go to Tigger. In the end the tables were turned on them and the MC got what they came for and Wheelie saved Sophia. This was another of Chiah's great stories. Such a great couple and nice to see their happy ending.

---

### Kathy Rouchelle says

I almost didn't like this book, almost because of the situation between Tigger and Sofia and thinking that no MC would allow this behavior to happen (at least in these books). However, I pressed on because the story line was really intriguing, beginning with the story of Wheeler's sister and her abusive marriage. Now, years after the death of his sister by the hands of her husband, Wheelie's dilemma is that he has eyes for the beautiful and sweet Sofia, but she belongs to another brother of the MC. He doesn't let things get away from him and keeps his distance, but he knows how Tigger treats her and despises the brother for it. But it isn't his place to say or do anything. It's their rule that no brother can have another brother's old lady.

This story line broaches the topic of domestic abuse and focuses on not only the victims, but also on the abusers. One, a brother of the Insurgents MC, another, the murderer of Wheelie's sister, another...the father of the man who killed Wheelie's sister. It shows the vicious cycle of not only the abuser, but how the victim can also teach her daughter how to be a victim as well. Someone has to break the cycle!

These characters are very well written and quite complex. Wheelie is the handsome and sweet but bad ass biker who lost his sister years ago. Guilt for not having ended the man before he ended her life along with the hatred for that man is carried inside of him, and his vow to end that life carries itself within him as well. Sofia has had a hard beginning in life, being the daughter of an abusive father, watching him beat her mother for years until she was able to leave home with the man she thought would love and take care of her. That is until she became the very victim she watched growing up. Tigger is slime. Pure and simple slime. He beats his wife and cheats on her, throwing those women in her face. He belittles her, he makes sure she has no friends and has cut her off from all of her family and the few friends she did have. Only because of the President's rule about all old ladies attending family get together's does Tigger not mark her so that it is

visible to the club. He is being watched, but not closely enough.

This is a great story and one that will have you fearing for Sofia and cheering for her and Wheelie, hoping that finally, love will prevail and give her the life that she truly deserves. I highly recommend this book.

## **Corrie says**

I love the Insurgents MC. Remember how we all felt when SOA went away? I imagine that mourning will happen if Chiah Wilder ever ends this MC. It's family and here we are eleven books down the line and I feel even more invested in this crew.

Wheelie's Challenge is going on the list of one of my favorites of this series and that has to say something since I have loved them all.

This is one emotional storyline that truly snags your attention and doesn't let you go until the very end. Regardless of the choices made in this story, I was rooting for Sofia and Wheelie right from the start. I was so caught up in what was going on I didn't even see the twist coming. I ran through almost every emotion I can think of. Happiness, hopefulness, sadness, despair. It was all there and the emotions that are evoked while reading are why I read. For that reason alone, this book gets 5 stars from me.

The emotions weren't the only thing that kept my attention. See above. Twist. There was a lot of action and drama that also kept me intrigued. This book literally had all my must haves.

Reading time was just under 5 hours, which I read in one sitting.

This is a standalone story, as are all of the others. If you have the time go back to Hawk's Property and start from the beginning. It's the family thing and you won't be disappointed. And when you are done there and are jonesing for more or just want to prepare for Army: Night Rebels MC which is coming in August, you can start with Steel and keep going.

5 well deserved, emotional stars from me.

=====?

COMMENTS/NOTES:I've read these books out of order. I read Jerry's Passion awhile ago, but the good thing is you can read these as standalones. I loved how serious the abuse was taken by Wheelie me the club. After what happened with Kendra, the club had no tolerance for it. Wheelie was really willing to risk the club for Sophia, which doesn't happen a lot in these books-club comes before everything.

---

### **Judy says**

2.5 stars. Looking at all of the highly rated reviews shows I'm definitely in the minority on a rating. Wheelie and Sofia have been secondary characters in the previous books in this series. Sofia is the wife of a club brother who is very abusive to her. The club members know she's being abused. Sofia and Wheelie became friends when Sofia's husband was in prison and Wheelie would take her on her prison visits. Their relationship goes back six or seven years, a friend only relationship. The love/sex relationship develops in this book. Everyone sees the budding relationship. Sofia is a product of an abusive father who abused her mother. She now is the abused wife. Wheelie has carried anger for years because his sister was killed by her abusive husband.

The two major things I didn't like..

Sofia is a weak heroine. She stays and stays and stays until finally after being with Wheelie she decides to leave and get a divorce. She does other things in the book that makes me think of TSTL.

The plot reveals an unbelievable relationship between Sofia and the villain in the story.

I've read all of the books in this series. Some have been good and some average. There are a lot of 4 and 5 star reviews on this book, so don't let my opinion sway you. Available on KU.

---

### **Britt Franks Red Hatter Book Blog says**

I have been dying for this book for so long now. Wheelie and Sofia have had me on pins and needles needing to get their story hints the first hints of it previously and it was so worth the wait. This book is filled with such an emotional roller coaster that I felt like I couldn't put it down for even a second. The story was so captivating and the characters so real I felt every emotion they went through. Wheelie's Challenge is not an easy sweet and fluffy romance. It's raw and gritty but the love between Wheelie and Sofia is so utterly beautiful it sticks with you long after you've finished the book.

Neither Wheelie or Sofia have the easiest of pasts. Both living through heartbreaking trauma in different ways. They also have monumental obstacles standing between them. It was truly an uphill battle for these two to get the happiness they both deserved but the magnetic pull between them with some of the deepest love I've ever read powered through every twist, turn, and obstacle that stood in their way.

### **Spunky N Sassy says**

Spunky N Sassy Rating: 5.0

~~~~~Julie's ????? Review~~~~~

This book broke my heart. Sofia and Wheelie belong together but she belongs to Tigger. She is tired of being

beaten and abused only to have Tigger be nice when they do MC functions. Wheelie know he has to get her to safety but it's against club rules. When certain issues are brought to light, the entire club gets behind Sofia and vows to keep her safe. Throw in her brother and things go crazy. Excellent read with phenomenal writing.

---

### **Nerdy Dirty & Flirty says**

Cheating but not cheating...

I know, I know. How is that possible? Cheating is cheating, right? Well, not in Sofia and Wheelie's case. I took some convincing though, because this is a solid, hard limit for me. Somehow, the author took me past the word and invited me to feel what the characters were going through. Not justification, but instead, an honest look at how situations are not always black and white...

***"All she knew was that he had brought excitement back into her life. And like an addict, she craved her next fix."***

Why was Sofia caught in the situation she was in? Why did she stay? Questions at the top of my list and the answers were as messy and grey as the circumstances themselves. What was super clear was the physical attraction that existed between them. It started off innocently enough but time didn't diminish what they both denied. It wasn't just lust, it was everything....

Sofia was strong despite her inability to make that final move. She had to be to survive as long as she had. Breaking free of her current situation was going to need a huge leap of faith in herself, and Wheelie and over time, she found it. Wheelie was torn. He wanted to be up front about everything but respected Sofia's feelings and his own precarious position in the Club. They were on the same page until a blind-side moment that shook it all up. I didn't see that coming but it served to blow it all up in spectacular fashion.

I've only read a few stories in this series but I'm looking forward to catching up!

---

### **Brandie Rogers says**

**Loved Wheelies story!**

I loved Wheelies story! Expect the unexpected when you start to read this book! It's very different from the others in the series and that made it a great read!! Can't wait for the others in this series!

---

### **Renee Entress says**

4 star

I was pulled right into this story. The story has laughs, pain, and heartbreak.

If you have not read the below I would recommend reading those books(s) first

Hawk's Property (Insurgents MC, #1)

Jax's Dilemma (Insurgents MC, #2)

Chas's Fervor (Insurgents MC, #3)

Axe's Fall (Insurgents MC #4)

Banger's Ride (Insurgents MC #5)

Jerry's Passion: Insurgents MC 6 (Insurgents MC #6)

Throttle's Seduction (Insurgents MC #7)

Rock's Redemption (Insurgents MC #8)

An Insurgent's Wedding - Box Set (Insurgents MC, #1 & 9)

Outlaw Xmas (Insurgents MC #10)

This is Wheelie's story. Wheelie could have any woman he wants except for the one he wishes he could claim as his own. She was already claimed by another MC brother. She's off limits. Having or doing anything with her could get him kicked out of the MC. Can he chance it? He would abide by that rule if he knew she was happy but he can see she is not. Sofia is married to Trigger and she has been unhappy for a long time. Trigger is cruel and always finds a way to manipulate her. She wants Wheelie but knows she can't have him. One kiss just might change everything. But will Wheelie lose his MC brothers in order to have Sofia? Or will he lose not only his MC but also his woman?

I was able to connect with the characters and the story was a great read.

I recommend this book.

## **Jeni Clancy says**

5 ?????????? This Is The Book Chiah Wilder Fans Have Been Waiting For And It Was Worth Every Moment!

Fans of Chiah Wilder and the Insurgents MC Series have been waiting for this book...for Wheelie & Sophia's love story to FINALLY be told! For Wheelie to not be able to stand back and say "NO MORE" to Tigger beating his Wife/Old Lady Sophia who Wheelie has been in love with for years, but could do nothing about since she belonged to a Brothers.

One of the things that I love best about Chiah Wilder is she isn't afraid to tackle the hard subjects. In PACO she deals with the ever growing problem of Human Trafficking and now in Wheelie's Challenge she holds NOTHING back while dealing with Domestic Abuse.

Wheelie and Sophia have been fighting their attraction to each other for what seems like forever and we have been along for the ride watching and waiting until Wheelie couldn't fight it anymore. But Sophia also has to have the courage to leave her husband who has done everything in his power to isolate her from everyone in her life.

Wheelie may have to choose between the woman he loves and Brothers who have been there for him for his entire adult life. Sophia doesn't want to be the one responsible for him to lose that part of himself because she knows it's his other half. And Wheelie's past isn't the best either so when that comes back to effect them now...you have to start to wonder how many things can go against you before you finally say maybe this

wasn't meant to be? Does love really conquer all, especially with a abusive and controlling husband who isn't willing to let go?

---

### **Teresa Lara says**

Loved the Insurgents ?My fave series.Love Sofia and Wheelies amazing forbidden love story.Heartwrenching amazing emitional.So looking forward to the next book.

---

### **Ana Rita says**

If there is one genre that I love to read is MC. I've had my fare share of them but I always want more and more. I can't help it. Just can't.

I've read a few books from this author, not as many as I wished, but time has been nonexistent. So much to do, to read and not that much time.

Chiah Wilder knows what she's doing. Her books are raw, wild, brutal and amazing. Each book keeps getting better by the chapter...

Wheelie's Challenge is her latest release and it's the 11th book from the Insurgents MC series.

But I need to tell you something. Despite all books are standalones you should read all books in order. You'll see why.

This book explores the lifes of Sofia and Wheelie.

These two had been in love with each other for so long but they couldn't be together. Sofia is married to one of the Insurgents, despite being abused she can't get away.

And Wheelie being one if the brothers couldn't betray them but sometimes life has other ideas.

Oh sweet mother of God... What a book... What a story. I've been wanting to read this for so long that once I started to read it I simply couldn't put it down and I would dare someone to interrupt me...

The plot is superb, very well written, super engaging and intense. Each chapter made me even more in love with this series.

It was a rollercoaster of emotions and feelings that made my heart ache or burst with joy.

Be aware that this book is not for the weak. This story is super strong with strong emotions and struggles.

The obstacles these two overcome are tremendously overwhelming. Get ready for it...

This book presented us with love, loyalty comaderie, friendship as well as abuse, violence, crime and betrayal.

Get ready for some hot stuff... Just saying...

Oh Chiah... This book is amazing and what I was dreaming it would be. I'm so overwhelmed with everything that I can't find the proper words. Can't wait for more.

I voluntarily reviewed an Advance Reader Copy of this book.

---

### **Badh says**

So, Chiah Wilder has written an interesting MC book. Generally, brothers in an MC don't do anything that could betray their brothers. However, Wheelie and Sophia have a magnetic attraction to each other, even if she is his brother Tigger's ol' lady. Sophia can't stand Tigger anymore and she can't stand him hurting her anymore. Wheelie is kind and loving to her, and her day is made whenever she sees him or talks to him.

This book looks at love, loyalty, revenge, and betrayal. It was really interesting to see how those things worked in an MC setting. I mean, these guys don't follow any rules but their own, but one of the biggest rules is that you always have the brother's back and you don't betray him. The fact that there were so many different types and levels of betrayal make the story better.

Overall, I liked the book, although I did dislike some of the choices that Sophia and Wheelie made.

---

### **Fran Zoch, LSoR says**

Wheelie and Sofia want to be together but she is already with another brother so she is off limits, when it becomes clear she wants out because of the abuse , Wheelie makes sure she knows she has him, but both of their pasts are coming back to haunt them and I know cheating is cheating but nothing happened until they both knew she was done with her marriage.

This story pulls at your heart strings and makes you want to kill some people.

---
